### Medford Woman Home From Tour

Mrs. Neil Davidson has returned to her home in Medford after spending the past two months traveling in Europe. She visited in the larger cities of eight countries, and spent a few days attending the Brussels fair.

Mrs. Davidson expressed some disappointment over the United States' exhibit at the fair, but said that it was incomplete at the time she attended. She said visitors were showing great interest in the Russian building and exhibit.

The returned traveler said her group found citizens of France unsmiling and depressed because of that nation's political turmoil, and that tourists in turn failed to enjoy themselves. However, she said the people of Switzerland, Holland and Italy were friendly and cheerful and that the Italians, particularly, appeared to welcome the tourists and enjoy their presence.

One of Mrs. Davidson's most interesting experiences occurred at the Petersberg hotel in Konigswinter, Germany. The visit of her group coincided with that of German Chancellor Adenauer and his guest, the president of Turkey. A formal party was given at the hotel for the president and his entourage, and the American travelers found themselves among the guests.

Mrs. Davidson also particularly enjoyed being in Holland when the tulips were in bloom, and reported that the music she heard in hotels, cafes and concert halls was especially beautiful.

**Degree of Honor To Hold Session**  
Degree of Honor will meet Monday, June 9, at 8 p.m. at Redmen hall. Hostesses for the event will be Mrs. Morris Johnsonburg.

## American Pianist Wins Moscow Competition

Cliburn Awarded First Prize in Soviet Event

MOSCOW, Apr. 13—Van Cliburn, a twenty-three-year-old Texan, won first prize in the International Tchaikovsky competition.

Van Cliburn's triumph is particularly gratifying to the House of Steinway, because the victory was won by a Steinway artist playing a Steinway piano. We are justly proud to have had a part in this musical achievement. This distinguished instrument, the choice of all nine finalists in the Moscow competition, was thus described by Mr. Cliburn four years ago:

The Steinway with its beauty and power is the perfect medium for expressing the two integral forces of the performer's art—drama and projection.
