Classroom Shortage Expected To Continue Despite Action

By LOUIS CASSELS
United Press International

Washington — (UPI — The school year was just beginning last fall when Russia's Sputnik I set off a national clamor about the weakness of American education.

President Eisenhower declared in a nationwide broadcast that strengthening the schools was "the most critical problem" confronting America. Senate Democratic Leader Lyndon B. Johnson gave first priority to education aid in listing emergency steps the country should take to meet the Soviet challenge.

Louis Cassels

Similar speeches were made by thousands of others, from cabinet officers to PTA presidents. The whole country seemed to agree that something urgently needed to be done about the schools.

This week the school year is ending in most U. S. communities. What has actually been done to strengthen the schools?

There has been some action at the state and local levels, according to Dr. Edgar A. Fuller, executive secretary of the Council of Chief State School Officers.

"Several state legislatures have voted increased funds for schools," said Fuller. "A survey we are just completing also shows that more than three-fourths of the states have taken definite steps to strengthen public school curriculums, particularly in the fields of science and mathematics."

On the federal level, there has been a great deal of talk but so far, no action.

A House education subcommittee approved a $1,500,000,000 program of federal aid for classroom construction. But the bill ran into a stone wall in the full committee, and congressional leaders say its chances of passage at this session are just about zero.

A $1,000,000,000 science-aid bill, endorsed by the administration, has a somewhat better chance of getting through Congress before adjournment. But it's no cinch.

The House Education Committee is scheduled to act on the science-aid bill this week. The Senate Labor Committee also may take it up soon. There seems to be no likelihood of floor action before July, if then.

Even if Congress enacts this legislation, it will do nothing to relieve the overcrowding of classrooms and the shortage of teachers which many educators regard as the worst deficiencies of U. S. schools.

"Despite the best efforts of levels," said Dr. Lyman V. Ginger, president of the National Education Association (NEA), "We have made only small inroads on our critical classroom shortage."

About 70,500 classrooms are scheduled for construction this year. But Ginger said enrollment increases will gobble up most of them and by the time the schools open again in September, there will still be a shortage of 132,800 classrooms.

A new nationwide survey by the Research Division of the National Education Association shows that colleges are graduating 116,000 trained teachers this month. But school districts estimated their need for new teachers next fall at 220,000.

Since only about three-fourths of the new graduates will actually take teaching jobs, the outlook is for a net shortage of about 135,000 qualified teachers in September. That means schools will have to hire many "sub-standard" teachers with temporary licenses.

LEGAL NOTICES

NOTICE OF PUBLIC HEARING

Notice is hereby given that at 7:30 o'clock P.M. on the 30th day of June, 1958 there shall be a public hearing by and before the City Council in the Council Chambers of the City Hall of Medford, Oregon, on the question of withdrawing from the Medford Rural Fire Protection District, a municipal corporation, of Jackson County, Oregon, all those certain portions thereof recently annexed to, and situated within, the City of Medford, Oregon, more particularly described as follows, to-wit:

Beginning at a point on the north line of the tract described on Page 363 of Volume 355 of the Deed Records of Jackson County, Oregon, at its intersection with the present boundary of the City of Medford, Oregon, 66 feet east of the east bank of Bear Creek, in Section 19, T 37 S, R 1 W W M; thence easterly along the said north line to the easterly right of way line of Biddle Road; thence N 0° 30' East at a distance of 939 feet, more or less, to a point 200 feet south of the center line of McAndrews Road; thence easterly parallel to the center line of McAndrews Road to a point 300 feet west of the center line of the old Crater Lake Highway; thence south along the present city boundary to the center line of the old Crater Lake Highway at a distance of 150 feet north of the north line of Gregory Avenue, now known as Stevens street; thence southerly along the center line of Crater Lake Avenue to its intersection with the easterly projection of the north line of Sunrise Home Park Addition; thence westerly along said north line to the westerly line of the property described on Page 451 of Volume 243 of the Deed Records of Jackson County, Oregon; thence N 0° 4' 30" West 568.66 feet, more or less, to the northwest corner of the property described on Page 451 of said Volume 243 of said deed records; thence S 89° 56' 40" East 933.20 feet along the north line of D. L. C. No. 42 to the northeast corner of the property described on Page 2 of Volume 178 of Jackson County Deed Records; thence S 0° 3' 20" East 505.91 feet along the easterly line of said property; thence S 89° 52' 40" West 296.53 feet along the southerly line of said property to the easterly line of Biddle Road; thence along said easterly right of way line of Biddle Road on an arc of a 2,894.79 foot radius curve to the right 5.48 feet (the long chord of which bears S 7° 44' 35" West 5.47 feet); thence continuing along the easterly right of way line of Biddle Road S 7° 41' 20" East 56.31 feet to the intersection of the present corporate limits of the city with the east line of Biddle Road; thence westerly along said corporate limits to the present corner of the city limits which is 66 feet easterly of the east bank of Bear Creek; thence northerly parallel with, and 66 feet east of, the east bank of Bear Creek to the point of beginning.

Also,

Beginning at the present city limits at the intersection of the south line of the first extension of the South Sea Addition to the City of Medford, Jackson County, Oregon, with the easterly line of Pacific Highway; thence southeasterly along the easterly line of Pacific Highway to a point that is N 63° 36' East 60 feet from the intersection of the south line of Boyd Street and the west line of Pacific Highway; thence N 63° 36' East 208.71 feet; then S 26° 30' East 208.71 feet; thence S 63° 30' West 194.71 feet to the easterly line of Pacific Highway; thence continuing southeasterly along the east line of Pacific Highway to its intersection with the northerly right of way line of the relocated county road, being an extension of Stewart Avenue; said point being at right angles to, and 37 feet distant from, highway center line station 534 + 65.70, said point being north 29.81 feet and west 667.77 feet from the northeast corner of D. L. C. No. 45 in T 37 S, R 1 W. W. M.; thence along the present city limits line, said line also being the northerly right of way line of the relocated county road, N 89° 59' East 349.36 feet; thence along the arc of a 500.87-foot radius curve to the left 788.0 feet (the long chord of which curve bears N 44° 54' 45" East 709.91 feet); thence N 0° 10' West along the D. L. C. Line 303.76 feet; thence west 274 feet; thence north 173.58 feet to the south line of Barnett Road; thence east on said south line of Barnett Road a distance of 964 feet; thence south 456.2 feet; thence east 165.0 feet; thence S 61° 4' East 260 feet; thence N 89° 15' East 287 feet; thence north 130 feet; thence N 89° 15' East 373.8 feet; thence N 1° 45' West 190 feet; thence N 68° 15' West 110 feet; thence N 15° 45' West 100 feet; thence N 10° East 63 feet; thence N 53° 47' West 91.4 feet to the south line of Barnett Road; thence N 89° 58' East 201.3 feet to the center line of Bear Creek; thence along the present city boundary, being the center line of Bear Creek, approximately as follows: N 13° 53' West 10 feet; N 23° 20' West 600 feet; N 37° 22' West 700 feet; N 13° 10' West 568 feet; N 50° 56' West 263 feet; S 57° 3' West 470 feet; N 79° 54' West 700 feet; thence N 41° 26' West 750 feet, more or less, to the south line of the corporate limits of the City of Medford; thence S 72° 52' West along said south corporate limits line to the point of beginning.

Also,

Beginning at a concrete monument with lead tablet set six inches below the surface of the ground at the point of intersection of the west line of Columbus Avenue with the north line of Douglas Addition to the City of Medford, said point of beginning being north 840.81 feet, and west 668.34 feet from the northwest corner of Donation Land Claim No. 84, Township 37 South, Range 2 West, Willamette Meridian, Jackson County, Oregon, thence North 89° 56' West along the north line of Douglas Addition 247.46 feet to the northwest corner thereof, thence South 20.00 feet, thence N 89° 56' West 165.12 feet, thence N 0° 04' East 242.00 feet, thence S 89° 56' East 412.72 feet, thence S 0° 07' 34" East 322.00 feet, thence N 89° 56' West 1.25 feet to the point of beginning.

and on the question of withdrawing from the Central Point Rural Fire Protection District and the Elk City Water District, municipal corporation of Jackson County, Oregon, all those certain portions thereof recently annexed to, and situated within, the City of Medford, Oregon, more particularly described as follows, to-wit:

Beginning at a point on the exisiting city boundary line, said boundary line also being the south line of Section 11, Township 37 South, Range 2 West of the Willamette Meridian, in Jackson County, Oregon; thence west along the south line of said Section 11 a distance of 1,310 feet; thence north 445.02 feet to the south line of Ellen Avenue; thence east along the south line of said Ellen Avenue a distance of 1,310 feet; thence south 445.02 feet to the point of beginning, containing 13.38 acres.

Russian Diplomat Prepares To Leave

Washington—(UPI)—A Russian diplomat Monday prepar to leave the United States after being accused of trying to buy "classified" military publications from a young American free lance writer.

The American, Charles Beaumet, Arlington, Va., planned to take his wife and two children away for a couple of days to find "peace of mind."

The Justice Department said it was making no charges against Beaumet, who cooperated in an FBI investigation of the matter.

The U.S. government Saturday ordered Nicolai I. Kurochkin, third secretary of the secretary of the Soviet Embassy, expelled on grounds he tried unsccessfully to get Beaumet to provide him with classified Army training manuals.

Russian Ambassador Mikhail Menshikov said Sunday Kurochkin had denied the charges and "I have no reason not to believe him."

Rainy Weather Like June, 1947

Current rainy weather is comparable to that of the first 10 days in June of 1947.

Medford station of U.S. weather bureau listed a total of 1.78 inches of precipitation for the first eight days of June this year. Rain fell on every day but June 4 and just a trace was recorded on June 5.

Precipitation for June 1 through 10 in 1947 was 1.58.

There have been a number of wet Junes since records have been kept by the weather bureau here. Wettest was in 1931 when 3.49 inches fell. Of that amount 3.01 was recorded between June 8 and June 15 and 16 tabulation was 2.13.

Rainfall in the first nine days of 1943 was 1.23. In 1948 from June 3 through 20 a total of 2.90 inches fell and precipitation June 3 through 15 was 1.25.

Hopkins, Safley Named to Honorary

Curtis Hopkins and Wayne Safley, representatives of the Aetna Life Insurance company, Medford, will attend the 30th annual meeting of the national honorary organization of the company's leading producers in Santa Barbara, Calif., June 15-19. The two were named to the honorary group, the Aetna Life Corps of Regionnaires, in recognition of "outstanding achievements in the life insurance field during the past year," according to the company home office.

Hopkins has won membership in the group eight times. This is the first time for Safley.

LEGAL NOTICES

CALL FOR BIDS

Sealed bids will be received by the Board of Directors of School District No. 549C, 500 Monroe Street, Medford, Oregon up to 5:00 P.M., June 16 for grading and rocking three sections of street as described below. Plans and specifications may be had at the School District Office.

A separate bid will be submitted for each of the three sections.

A combined bid may be submitted for Sections I and II (Corona and Johnson Streets), providing separate bids on the two sections accompany it. Bidders bond or certified check in amount of 10% of the bid or combined bids must accompany the bid.

The Board reserves the right to reject any or all bids or to waive any informalities.

LOCATION OF STREET SECTIONS

SECTION I (Corona) a section of street connecting Grand Avenue on the south and Morrow Road on the North. The over all width of the street is 60 feet. The east and West right of way lines are marked by wire fence.

The overall length of this section of street is approximately 995 feet plus some extension work at the Morrow Road intersection, as indicated by the Engineer's plat and profile plan accompanying this Call for Bids.

SECTION II (Johnson Street) A short street on the north side of the Wilson School site, designated as Johnson Street on the Engineer's drawing. Over all width is 60 feet and length approximately 594 feet.

SECTION III (Velia Street) A short street, indicated on the Engineer's plat as Velia Street, connecting the West end of Johnson Street with Morrow Road. Overall width is 60 feet and length approximately 350 feet.

Rebecca Jensen, Clerk
School District No. 549C
June 2, 1958

Employment Up On West Coast

San Francisco—(UPI)—Employment in the three West Coast states was up 19,500 between March and April, less than half the normal total, according to a report by the Department of Labor.

April employment in the three states was 2.4 per cent or 230,000 less than April, 1957, the department said.

In California, April employment rose 4,600; it was up 8,300 in Oregon and 6,600 in Washington. The department said that in normal years, employment rises more than 40,000 in April.

A smaller weekly paycheck as well as a decline in the average hours worked, were also reported in three states. The government figures however, showed that with a weekly income of $90.35 a week in California, $90.94 in Washington, and $90.24 in Oregon, West Coast workers were better off than the national average of $80.81.

Stevenson Urges Prompt Economic Aid for France

East Lansing, Mich. —(UPI)—Adlai Stevenson, pleading for trust among nations in a nuclear world, has urged that the United States grant immediate economic aid to France.

Stevenson told 2,349 graduates and 20,000 guests at Michigan State University's commencement exercises Sunday that "France can founder on the economic rocks in the next six months."

He said the United States can help prevent that with economic aid and also by helping France "work out a sensible economic improvement system for North Africa."

The suggestion was only one of a number of proposals the two-time Democratic presidential candidate made for combatting international mistrust, "the root of evil in the world today."

"Nobody trusts anybody. This is the heart of the trouble," he added.

Stevenson, wearing an Oxford University academic gown of an off-shade of red, urged creation of a Marshall Plan-type organization to map a rebuilding program for the economy of the free nations.

He said the nation "cannot permit the present policy of drift and confusion to persist indefinitely."

Portugal Elects Tomas as President

Lisbon—(UPI)—Rear Adm. Americo Tomas, candidate of Premier Antonio Salazar's ruling National Union party, was elected to a seven year term as president Sunday in the hardest fought political campaign in 30 years.

Returns today from 142 of the 303 voting areas in Portugal gave Tomas 207,830 votes—81 per cent of those cast—over Independent Humberto Delgado who ran on an anti-Salazar ticket in protest against the 30-year-old Salazar regime.

The election campaign was marked by several bloody clashes between Delgado supporters and police and resulted in serious injuries on both sides.

Tomas succeeds President Gen. Craveiro Lopes.

Portland — (UPI) — Judith Ann Stoner, 17, Portland, has been awarded a $1000 national scholarship from the National Amvet Service Foundation.

PANAMA TRAFFIC CURBED

Panama City — (UPI) — Traffic through the Panama Canal was reduced Monday because the concrete floor of the Pedro Miguel locks cracked and buckled. Officials said about 4,000 square feet of the floor in the east lock had cracked and would have to be replaced. Repair operations were started immediately and are expected to last three weeks. Traffic in the canal will be reduced until Wednesday when the west lock will be equipped to handle two-way traffic.

Washington — (UPI) —Administrator William A. Pearl of the Bonneville Power administration has asked Senate Appropriations Committee approval of a $9,170,000 budget request to operate during fiscal 1959.

Nuclear Research Group Organized

Portland —(UPI)— Formation of the Rocky Mountain-Pacific Nuclear Research Group to undertake development of gas-cooled nuclear power reactors and study the possibility of conversion of heat into electricity was announced Monday by Portland General Electric and Pacific Power and Light and six other investor-owned western electric utilities.

The research will be conducted in association with the atomic division of General Dynamics Corporation during a two-year program which will require an estimated $500,000 to finance.
