

Actress' Marital Status Mystery

St. Augustine, Fla. —(UPI)—The glamorous high-fashion model sister of actress Suzy Parker failed to shed any light on the mysterious marital status of her sister.

Dorian Leigh, who arrived here Tuesday, brushed off reporters' queries about Suzy, who is still hospitalized with broken arms received in an automobile-train collision that killed their father. She will be buried today.

The beautiful 25-year-old auburn-haired actress was still not able to explain why she had told police after the accident that she was Mrs. P. de La Salle. She has long been linked romantically with Count Pierre de La Salle, a French writer, who lives in the same New York apartment building as does the actress.

De La Salle, 28, in turn denied they were married. On her arrival in New York from Paris en route here, Mrs. Leigh told reporters Tuesday she had "no idea if their marriage was formalized." She was quoted as saying that Suzy and De La Salle have been living together four or five years.

About 18 per cent of Arizona is privately owned and 14 per cent is controlled by the state. The federal government owns 41 per cent with about 26 per cent in Indian reservations.

Cows bothered by flies will produce 3.5 pounds less milk in one day than those protected, according to Purdue university studies.

Japanese Actress To Wed TV Director

Hollywood — (UPI) — Miyoshi Umeki, petite Japanese actress who won an academy award as best supporting actress for her performance in "Sayonara," plans to marry NBC-TV director Winfield Ope.

Ope, 34-year-old associate director of the Tennessee Ernie Ford show, announced Tuesday that he and the 26-year-old actress were engaged and planned to be married in August.

The couple met two years ago when she arrived from Japan and appeared as a guest singer on the Ford show. She now is appearing in a Philadelphia night club.

Grange Notes

Central Point Grange
Grange was opened by the master, Otto Niedermeyer, again in his station after being away on a trip to Washington, D.C., and other points.

The lecturer, Mrs. Gaston Flouz, introduced Mrs. Frank Perl of Medford, who entertained the members with stories and slides of their trip in California which included the Rose Bowl Parade. Of special interest to the children were the pictures of the trained whales and other animals.

The assistants escorted the State Grange Steward Roscoe Roberts to the master's station. Agriculture Chairman Arnold Bohner reported that farmers had hardly finished fretting over the dry weather until they found themselves much too wet, resulting in much spoiled hay with a probability of a low price and hay to be given away while good hay might be at a premium price.

The master reported seeing much left over hay in stacks as he passed through Idaho. Delmar Smith asks members to be planning for agriculture material for the booth at the State Fair sponsored by the Jackson County Pomona Grange.

The display table included pictures of some of the grandmothers' grand children and Mrs. Marshall Weidman mentioning her pictures related an unusual coincidence for this graduation season with her daughter graduating from Southern Oregon college and her grandson from Crater High and a granddaughter from Central Point Junior High and all in one family.

Eagle Point Grange was represented by Mrs. Lottie Cincaid, and Sams Valley by Mrs. Fred Cyphers.

The chaplain welcomed back Fred Kuest, who recently recovered from an illness, and advised that Mrs. Willie McLean and Mrs. Roscoe Roberts were ill and requested they be remembered by friends.

The executive committee was instructed to select a delegate to the State Grange session to fill the vacancy left by the resignation of Mr. and Mrs. Win Arnold.

Bobbie Kuest was selected as the new janitor. The serving committee was Mr. and Mrs. Cecil Keenan and Mr. and Mrs. Walter Mang.

Japan has moved more than 19 feet to the south in the last 50 years.

BIGOTRY EMBLEM—A charred cross on the front lawn of their home in San Francisco brings only a look of disgust to the faces of Asst. Dist. Atty. Cecil Poole and his wife, Charlotte. Their six-year-old daughter discovered the cross on her way to school in the morning.

Quotes From the News

By UNITED PRESS INTERNATIONAL

Frankfurt, Germany—Mrs. Alta Kemper, wife of Maj. George E. Kemper, one of the nine American airmen being held prisoner by German Reds because their helicopter inadvertently strayed into the Communist zone of East Germany last Saturday:

"I don't usually worry, but it was foggy and misty when my husband took off, and I had a strange feeling that something was going to happen."

London—British Defense Minister Duncan Sandys, defining the purpose of a "world security authority" which Britain has suggested should be set up under the United Nations: "Its functions would be to supervise the process of disarmament, to prevent any rearming thereafter and to deal with any acts of aggression by the disarmed countries."

New York—James A. Farley, explaining why he doesn't think that the fact he is 70 years old is any hindrance to his becoming a United States senator:

"Churchill rendered great service to his country and to the world after he was 70. Now France is turning to General De Gaulle. Look at Harry S. Truman—he's 74 and vigorous. I'm not comparing myself to these men. I just want to point out that age is no barrier if a man is in good health, as I am."

CIGAR—Twenty-nine-month old Raymond Judd Jr., of Louisville, Ky., has been smoking cigars and cigarettes for more than a year. His mother says the healthy lad likes an occasional cigar and smokes two cigarettes a day. "We never forbid him, he's very neat and always puts his ashes in an ash tray," Mrs. Judd says.

OVATION—Dr. Richard J. Murphy receives the hearty plaudits of his wife and five daughters after receiving his M. D. degree from New York University. Murphy will intern at Bellevue Hospital in New York.

TWA Airliner Forced To Land

Las Vegas, Nev. —(UPI)—A TWA constellation airliner carrying 64 passengers, including California Attorney General Edmund G. Brown, and a crew of four made an emergency landing here after one of its engines failed.

The plane was en route to Los Angeles from Chicago when the engine developed trouble and the pilot, Capt. Douglas Ahifflett, asked permission to land at McCarran Field.

Brown and the remainder of the passengers were cheerful as they deplaned at 4:30 a.m. (p.s.t.) and prepared themselves for a brief wait while the airline dispatched another craft from Los Angeles International Airport to pick them up.

A TWA spokesman said the landing was a routine precautionary measure.

Brown last week won the Democratic nomination for governor and had been conferring with party leaders in Washington.

Subway Cars Still Smell Like Subway

New York —(UPI)—An experiment designed to make New York subway cars smell like apple orchards has left them smelling very much like subway cars, the city Transit Authority disclosed Tuesday.

In an effort to rid the city's rapid transit system of its distinctive "subway smell," the authority last week installed in three cars discs exuding the fragrance of apple blossoms.

The test, a Transit Authority spokesman conceded, had not been satisfactory "from the standpoint of giving a sweeter odor in the cars."

Transit Authority Chairman Charles Patterson said the tests would be continued with the apple blossom scent and other fragrances, which he did not identify.

PRIME MINISTER—In 90-degree temperature at Greencastle, Ind., British Prime Minister Harold Macmillan receives an honorary Doctor of Laws degree from DePauw University. Macmillan's speech to the graduating class was nationally televised.

Copper Purchase Program Planned

Washington —(UPI)—Secretary of Interior Fred A. Seaton said Tuesday the government will support a one-year program to purchase up to 150,000 tons of domestically produced copper.

He said the copper would be purchased at a market price not to exceed 27 1/2 cents a pound.

Seaton said members of Congress and representatives of the copper industry had assured him that a one-year purchase program would effectively stabilize the domestic copper industry.

These assurances, Seaton said, "were significant factors in the decision to support it." Seaton said the decision was announced "following a thorough review of the administration's proposed minerals stabilization plan."

Seaton said the review followed consultations with department officials, ranking members of the Senate and House Interior committees, industry representatives, other

Adlai's Ex-Wife Sells Furnishings

Chicago —(UPI)—Adlai E. Stevenson Jr. bought some kitchenware for \$7 Tuesday at an auction of furnishings in a lavish cultural haven created by his mother, Mrs. Ellen Borden Stevenson, on the Near North Side.

Mrs. Stevenson, divorced wife of the two-time Democratic presidential candidate, popped into the "1020 Art Center" on Lake Shore Drive and left hurriedly, saying she couldn't "bear to watch."

For three years, Mrs. Stevenson had maintained the art center in her old family mansion. But the island of culture didn't pay for itself and she was forced to close down and offer the furnishings for auction.

Mrs. Stevenson, an amateur poetess in her own right, was also fearful that business considerations would force her and her sister to sell the old homestead. Many of Chicago's most gracious mansions have been torn down to make way for modernistic apartment buildings and it was reported in business circles that real estate operators had their eyes on the Borden mansion as the next in line.

Coleman's Widow Granted Payments

Santa Barbara, Calif. —(UPI)—The widow of the late film star, Ronald Colman, has been granted \$3,000 monthly support payments from his estate, valued "in excess of \$1 million."

Superior Judge Ernest D. Wagner Tuesday approved Mrs. Colman's petition for a temporary grant from Colman's estate.

Colman, whose film career spanned three decades, died of a virus lung infection May 19 at St. Francis hospital. He was 67.

are you waiting for what I was?

Let me tell you what I saved when I drove a new Plymouth... then bought one!

Like a lot of people, I was putting off buying a new car... even though we sure needed one. Then I found out what my Plymouth dealer was offering in the way of low prices and really big trades.

Mister, when I saw what I saved I knew there was no use putting off any longer! Got more for my old car than I believed possible. (Plymouth dealers need used cars and can sell all they get!) Got a terrifically low price on the new Plymouth

... and choice of models besides... hardtops, sedans, convertibles, wagons.

And I saved a cool \$140 on the ride alone! Plymouth's top-luxury ride, Torsion-Aire Ride, is standard at no extra cost, while you have to pay up to \$140 for the top ride of competing "low-price 3" cars.

What's more, I got the car that proved it can save me gasoline, by winning the 1958 Mobilgas Economy Run. A car with Silver Dart Styling that is so far ahead right now it will still be worth more when I trade. With the kind of easy handling that makes every minute of driving a downright thrill! The staming to stand up without nagging adjustments and big repairs... a car as much better built as it is better looking!

Any wonder I quit waiting? Take my tip... get your Plymouth bargain right now.

Today's best buy... tomorrow's best trade... **Plymouth**

16 sun-kissed vegetables and grains in Hollywood* Special Formula Bread

Best for Youngsters and Grown-ups, Too!

ONLY 46 CALORIES in an 18 gram slice

More Than 37% EXTRA Protein!

Natural vitamins, protein and minerals from nature's best sources make Hollywood the most nourishing and delicious bread you ever ate. Calorie-counting adults can watch their nutrition while they watch their weight by including Hollywood Bread in every meal.

No growing youngster should be without the vital food values that Hollywood Bread can give them every day.

Natural Nutrition from vegetables and grains helps Hollywood satisfy the hidden hungers that makes you overeat!
