

**SHOW OPENING**—J. Duckett, 32 Washington street, is one of the Roxy Ann Gem and Mineral club members sponsoring a show this week end at McLoughlin Junior High school gymnasium. The show will be open tonight from 7 until 10 o'clock; between 9:30 p.m. and 10 p.m. Saturday, and from 12 noon until 5 p.m. Sunday. Mr. Duckett holds a polished agate-filled nodule, popularly known as a "thunder egg" that are found in the Madras and Bend area of central Oregon. It is expected that a number of these will be on display at the show. Individuals and clubs in California, Oregon and Washington have entered displays in the show.

## Quotes From the News

### By BETTE BRASS INTERNATIONAL

Washington—Sen. William F. Knowland (R-Calif.) after being asked whether he thinks Sherman Adams should resign as assistant to the President:

"I think this is something which the President and Governor Adams should carefully weigh as to whether Adams has so hurt his usefulness that it might be harmful to the broad policies which the President must carry out in the remaining two years of his administration."

Washington — President Eisenhower, addressing 200 young delegates to the 28th National 4-H conference:

"I see no greater problems ahead but greater opportunities than any generation has ever known. I envy you your youth. I'd like to get it all over again with you."

Nicosia, Cyprus—Sir Hugh Foot, governor of Cyprus, appealing to both Greek and Turkish Cypriots to accept British Prime Minister Harold Macmillan's plan for the island's future:

"I myself believe this policy of partnership is just and right policy. Indeed I believe it is the only policy which can prevent dreadful catastrophes and bring comfort to all Cypriots."

## JACKSONVILLE PTA Holds Meeting

By BETTE MOSKING

Jacksonville — The executive committee of the Jacksonville Parent-Teacher association recently discussed plans for the coming year. Members agreed that the meetings were to be kept informal as in the past with more emphasis on developing closer relationships between school officials, teachers and parents.

The group also said it was short women for committee workers and anyone interested may volunteer.

The newly elected officers installed at the PTA meeting in May are Mrs. Woodrow Davis, president; Mrs. Donald Sanford, secretary; Miss Margie Anderson, vice president; Mrs. Rosemary Logan, treasurer.

Recent guests at the home of Mr. and Mrs. Woodrow Davis were Mrs. Lorene Fredricks and daughter, Kathy, of Oakland, Calif. Also visiting the Woodrow Davis home recently were Mrs. Davis' brother-in-law and sister, Mr. and Mrs. Lee Bower, of Santa Rosa, Calif. The Bowers are making plans to move to Williams, Ore.

Recent guests at the home of Mr. and Mrs. Mack Griffin were Mrs. Griffin's brother-in-law and sister, Mr. and Mrs. Alvis Lee Daniels, of San Lorenzo, Calif. After going to Weiser, Ida., to visit relatives, the Daniels returned here to pick up the Griffins' daughter, Laura, to take her home with them for a month's visit.

Former residents here for a visit are Mr. and Mrs. M. D. Schmidt of Snider, Okla. They are accompanied by an aunt, Mrs. Elizabeth Smith, of Socorro, N.M. They are guests of Mrs. Schmidt's mother, Mrs. A. H. Reed, and other relatives here. Mrs. Schmidt is a former Jacksonville librarian.

Mr. and Mrs. H. A. Bernston are on a trip through Idaho and Utah visiting friends and relatives. They are accompanied by their granddaughter, Karen Patterson.

Mr. and Mrs. Lynn Bernston and family have sold their home here and have moved to southern California.

Visiting at the home of Mr. and Mrs. W. E. Long recently were Mrs. Long's son-in-law and daughter, Mr. and Mrs. Thomas Castro, and daughter, Terri, of Sacramento. Miss Karen Frohs,

Mrs. Long's daughter, accompanied them to Sacramento for a few weeks' visit.

Summer vacation visitors at the H. K. Hanna home recently were Mr. and Mrs. Clement Dang and children, Herbert and Leona, of San Francisco.

Mr. and Mrs. Lee Maaroni spent a recent week end at the home of Mr. and Mrs. Fred Edens. The Maaronis plan to return here from Brookings to live.

Miss Melba Graham celebrated her birthday June 10 with a skating party in Ashland. Guests were eight seventh grade classmates. Upon returning home, refreshments were served by Mrs. Pete Zimmerman at her home on Vashti way.

Mr. and Mrs. Lee Harter and children, Nancy and David, have returned from a 10-day trip to San Francisco and Los Angeles where they visited Harter's relatives. Sight-seeing included a trip to Disneyland and Knott's Berry farm.

Frank Carter, police chief, has reminded residents they should not burn trash without a burning permit, which he will issue after inspecting incinerators.

Burning also should be done between 8 a.m. and noon. The city ordinance will be enforced, he said.

Robert A. Clarke, son of Mrs. Neva Clarke, is home on a two-week leave from the Navy after graduating from mechanics and parts school at Ft. Huenehue, Calif. Upon returning to his base, he will be stationed in British West Indies.

Mrs. Pearl Whitney reported the fact that in the Jacksonville High school graduating class this year she had three nephews, John Winningham, Philip Winningham and Keith Gwin, and one grandson, Clinton Whitney. Another grandson, Mike Russell, graduated from Medford High school this year.

Mrs. Stella Winningham of Applegate is the grandmother of three of the boys, John Winningham, Philip Winningham and Keith Gwin. The two Winningham boys are not brothers.

A Father's Day dinner was held at the home of Mr. and Mrs. Loyd Whitney with 18 family members present. The afternoon was spent swimming and fishing on the Applegate.

## Bids Called on Four Paving Projects by Medford Council

Bids will be opened at 11 a.m. June 27 on four paving projects approved by the Medford city council last night following public hearings.

Paving is planned on Eastwood dr. from Main st. to Keene Way dr., Kennet from Court st. to Riverside ave., Beatty st. from Kennet to McAndrews rd., and Siskiyou blvd. from the east line of Verde Hills Unit No. 3 to a projection of White Oak dr. extended.

Opposition to the Kennet and Beatty sts. paving was voiced by Mr. and Mrs. A. E. Gebhard, 1519 Riverside ave., who own property abutting both streets. They previously had withdrawn their names from the Kennet st. paving petition. Their objection to paving at this time centered on financial reasons.

**In Favor of Project**  
City Manager Robert Duff pointed out that after Mr. and Mrs. Gebhard withdrew their names from the petition, another property owner signed. Signatures on the petition after the withdrawal and addition of one left 56.69 per cent of the assessable frontage in favor of the project.

The paving on Siskiyou blvd. is in the area of the new Hoover Elementary school, and an extra width section in front of the school will be financed by the school district.

The council called a public hearing July 3 on a request for a change of zone from class IB, single and two family, to class II, multiple family, for property on East Ninth st. between Portland ave. and Cottage st. The change has been recommended by the planning commission.

**Accept Easement**  
An ordinance was adopted accepting an easement for a water line for the Siskiyou Memorial Park association. The association desires to relocate a water line from Bear creek to the cemetery properties, and abandon the old easement.

A public hearing on annexation of the Ellendale subdivision north of Medford was called for July 17. A hearing on the proposal was held at the 1st council meeting, but it was ascertained that a faulty description was used in outlining the boundaries, making it necessary to renew the procedure for annexation.

The council extended for a two-year period a franchise to Southern Pacific Railroad company to operate spur tracks on Evergreen st. and 10th, 11th and 12th sts.

**Bid Rejected**  
A bid submitted by W. H. Conrad Construction company, Medford, for installation of a sanitary sewer on Siskiyou blvd. between Modoc ave. and White Oak ave. extended was rejected by the council. Conrad bid \$7,938.75, which was 33.9 per cent more than the engineer's estimate of \$5,926.

A request from Pinnacle Packing company, Medford, for an extension of a permit to use 12th st. was granted. The company last year constructed overhead pipes across 12th st. to connect its two plants. The extension was granted for a five-year period, during which time the city will have to give six months' cancellation notice in the event the structure is deemed objectionable or for other legitimate reasons.

Cal-Ore Machinery Company, Inc., was awarded a contract to furnish a portable air compressor for the city. The company bid \$3,473, and is \$168 more than the low bidder, George M. Philpott, Portland. Duff recommended the Medford firm's bid be accepted since the company is distributor for the equipment in this area and has an adequate supply of parts available locally.

**Other Bidders**  
Other bidders for the compressor were Philpott, \$3,305; Interstate Tractor and Equipment company, Medford, \$4,050; Nelson Equipment company, Portland, \$4,080, and Loggers and Contractors Machinery company, Portland, \$4,255.

Prequalification statements from F. L. Somers, Medford,

cautionary measures were discussed in detail with experts of the Oregon Game commission, Fish commission, and the Fish and Wildlife service.

**Seven PBY's**  
Seven of the spraying planes are PBY's, used for the first time over the forests of the Pacific Northwest. Each of these planes has a capacity for 1,200 gallons of spray mixture. In addition, one C-39 with the same capacity, and six Stearman planes capable of carrying 130 gallons of spray mixture each will be used.

Assisting Howard will be John M. Whiteside of the Pacific Northwest Forest and Range Experiment station, technical advisor; Joseph Gjertson, unit supervisor at John Day; and James J. Ralph, unit supervisor at Baker.

Cost distribution will be the same as established under former projects; the public land owners finance the operation on their own lands and on private lands the state and private landowners each contribute 37.5 per cent and the Federal government pays the remaining 25 per cent.

**3.4 Billion Board Feet**  
At stake in the infested area are an estimated 3.4 billion board feet of timber having a log selling value of about \$20 million and a lumber value of approximately \$242 million.

The major control area is on the Malheur, Umatilla, and Walla-Walla National Forests but some state and private lands also are affected. Cooperating with the forest service are private landowners, timber companies, the state of Oregon, the bureau of land management, and the Northwest Forest Pest Action Council.

"Strict control of the flying is being exercised to minimize the concentration of DDT on all streams and lakes," Howard emphasized. He noted that control of spraying and pre-

and Steeck Electric company, Medford, were accepted by the council and both firms were authorized to submit bids on city projects.

Transfer of a package store class A license was granted Mr. and Mrs. Clyde Vaughn, who recently purchased Kimmy's corner at 630 Crater Lake ave. from Mr. and Mrs. Jack A. Cleaves.

Applications to renew licenses to permit dances at Amos Walker's Dreamland and Arthur Murray's studio, Jackson hotel, were approved.

A proposal to close the Clark st. railroad crossing was referred to the planning commission for consideration. The city proposes to close the crossing, which has been recommended by the state public utilities commission.

The council also approved several budget transfers within city departments.

## French Assembly May Challenge De Gaulle Power

Paris—(UPI)—France's supposedly dormant National Assembly showed signs today of challenging the authority of Gen. Charles de Gaulle.

Angry and resentful deputies, irritated by the soldier-Premier's order forbidding cabinet members to appear before parliamentary committees, even talked of calling the Assembly back into special session to cross-examine De Gaulle on his government policies.

Such an extreme move, which in effect would cancel the mandate given De Gaulle to run the country without interference from Parliament, seemed highly unlikely.

Although the deputies agreed to take a six-month vacation when they voted De Gaulle extraordinary powers on June 1, a demand from one-third of the Chamber's 595 members could result in a special session being summoned.

Despite the vacation, parliamentary committees continue to meet. Last week several

key government ministers, cancelled, on De Gaulle's orders, scheduled appearances before the committees to explain new government policies.

The deputies' resentment became plain Thursday when several parties caucused in the Palais Bourbon, home of the Assembly. The Socialists

voted to protest against De Gaulle's orders to his ministers.

A colony of living earthworms that may have one of the longest family histories in all of England, has been found at St. Albans, about 20 miles from London. The colony was found while excavating a Roman occupation site.

The governor himself has traveled more than 100,000 miles by commercial airlines.

## Governor Proclaims Civil Aviation Day

Salem—(UPI)—Gov. Robert D. Holmes has proclaimed June 23 as civil aviation day in Oregon in recognition of the 20-year administration of a nation's skyways by the Civil Aeronautics Administration.

The governor himself has traveled more than 100,000 miles by commercial airlines.

# Peace Power

The strength  
to keep the peace

The knowledge  
to make it lasting

Peace costs money. Money for many different things: To help us *keep the peace*, through industrial and military strength. To help *make it lasting* for the future, through science and education. And (most important) it takes money saved by individuals. Your Savings Bonds, as a direct investment in your country, make you a partner in the job of strengthening America's Peace Power.

So buy Bonds where you bank. Buy them where you work, through Payroll Savings. But buy them now!

Help strengthen  
America's Peace Power
