

ROYAL 'CHEESECAKE'—The Royal Family of Sweden doesn't stand on ceremony much, as this picture of Princess Birgitta, 21, shows. The Princess is camping out with other girls from the Gymnastic Central Institute, where new gymnastic teachers are trained. This photo of the Princess, who is shown cutting a piece of wood to make a drawing rack, caused quite a stir in Stockholm, where ceremony or no ceremony, pictures of a Princess in a brief sun-suit are rare.

Council for Aging Elects Directors

Three new directors to the executive board of the Rogue Valley Council on Aging are John Gribble and Mrs. Verna Thatcher, both of Medford, and C. L. Williams, Ashland. Elected during the council meeting Thursday, Gribble will serve one year, Mrs. Thatcher for three years, and C. L. Williams, Ashland.

This makes the board complete except for a vice-chairman, it was reported. Other board members are Frank Glonning, chairman, and Mrs. Harry Fuller, secretary-treasurer.

First meeting of the executive board will be held Thursday, at 2 p.m., in the Red Cross building, 60 Hawthorne ave.

The council now has three types of memberships open to the public, according to by-laws adopted at a recent meeting. These are voting active members, associate members and honorary members. Dues for a voting member are one dollar for individuals and five dollars for group memberships. The latter group includes representatives of clubs and various organizations, a council spokesman explained.

Associate membership is open to any individuals or organizations which wishes to contribute financially but does not work actively as voting members. Honorary membership is granted by a majority vote of the board of directors, a spokesman said.

The general public is invited to all the meetings held on the third Thursday of each month at 3 p.m., a spokesman reported.

Talks on Housing
During Thursday's meeting, Mrs. Harlan Bosworth, Medford, housing committee chairman, spoke on the need of educating the public on what the housing committee means when it refers to "adequate housing" for older people. This committee plans to clarify and establish a criteria and standards for such housing. This housing would have to meet the practical financial and psychological needs of elderly people as exemplified in the many and varied housing projects, Mrs. Bosworth said.

The housing committee has already asked for information of a federal housing survey on needs of elderly Jackson county people. This would be similar to what the Lane county commissioners have been successful in obtaining, Mrs. Bosworth added.

The steady growth of the "50 Plus club" was reported on by Dr. Frank Roberts, chairman of the recreation committee. This group meets regularly every Friday afternoon at the Red Cross auditorium. Plans for forming craft and study groups and the need for a building for these activities was also discussed. Under this, the question of the temporary use of the city building at Jackson and Hawthorne parks again came before the council.
