Songstress Bedded With Pneumonia

Hollywood —(UPI)— Singer Roberta Linn was reported "still critical" but "slightly improved" today at Cedars of Lebanon hospital where she was hospitalized with pneumonia.

Miss Linn, 27, original "champagne girl" on the Lawrence Welk program, was placed under oxygen Wednesday when she "took a turn for the worse." Her doctor said pneumonia was complicated by an upper respiratory infection.

The songstress was hospitalized Sunday after finishing a singing engagement at Corona Del Mar, Calif. She was to have opened in Las Vegas, Nev., today.

Contract Awarded For Highway 99 Job

Salem —(UPI)—The State Highway commission today awarded a \$582,868 contract to Roy L. Houck and Sons, Salem, for 6.50 miles of grading on the Pacific highway about six miles south of Albany. There were 21 higher bids on the federal aid project.

Talmadge Warns Against Voting Alaska Statehood

Washington —(UPI)— Sen. Herman E. Talmadge (D-Ga.) charged today that giving statehood to Alaska may lend weight to Communist propaganda that the United States is an "imperialist" nation.

Talmadge, reopening southern fire against the bill, told the Senate:

"We may be about to put ourselves into the dangerous and undesired position of attempting to become, instead of the United States of America, the United States of the World."

His attack followed an appeal by Sen. John F. Kennedy (D-Mass.) for an end to the "inertia" which he said has delayed a vote on the bill.

Talmadge said those who cannot see the difficulties involved in admitting a "non-contiguous state" should "reflect upon the experience of the French in attempting to absorb the country of Algeria into metropolitan France."

If Alaska is admitted, he said, demands for statehood will then come from Guam, the Virgin Islands and trust territories. He said arguments for statehood "stem from emotion rather than logic."

Kennedy appealed for quick action on the House-passed legislation as the third day of Senate debate began.

"The moment for action has arrived," he said. "The right time is now."

eral Manager George Bragg said the decision of the lumber company to shift from its own steam-diesel generated power

to PP&L service will make it possible to extend service to both towns. The utility company said

the Bradwood line would about two months to complete. cost about \$160,000 and take

Murder Charged Against Rancher

Canyon City, Ore. —(UPI)— The Grant county grand jury returned a first degree murder charge Wednesday against Robert Sproul, Mt. Vernon rancher, for the fatal shooting of his brother-in-law, Harlin H. Williams, last Saturday.

The jury questioned six witnesses and met for 80 minutes before returning the true bill.

Sproul was arraigned before Circuit Judge Edward Howell. He was granted until July 7 to enter a plea.

The shooting occurred after Sproul and his brother-in-law had argued over a right of way near their ranches.
