

De Gaulle Calls Cabinet Members

Paris—(UPI)—Gen. Charles de Gaulle called his cabinet into session today for a basic review of French policy in light of the Soviet threat to torpedo the East-West atomic talks in Geneva.

De Gaulle also was expected to meet separately during the day with foreign minister Maurice Couve de Murville. Only Wednesday Couve de Murville said France has "no reason" to renounce manufacture of nuclear bombs until an international control agreement is reached.

Despite recent rumors of de Gaulle projects for a "new look" in Soviet-France relations, Couve de Murville also left no doubt of France's position in the cold war.

Only a few hours before the surprise Moscow announcement, that could wreck the Geneva atomic talks scheduled for July 1, the foreign minister told a Paris press lunch that "France belongs to the Western world."

Lincoln County 4-H Members Visit Here

Friday and Saturday 14 members of the Lincoln county junior 4-H leaders association will visit in southern Oregon.

While here the group will attend the Talent 4-H pre-fair to be held in the Talent city hall Saturday, June 28, starting at 9:30 a.m.

Included in the pre-fair will be exhibiting and judging by the club members in livestock and exhibiting in home economics.

Accompanying the Lincoln county group will be Scott Clevenger, 4-H club county agent. Following their tour here, they will return by way of Crater Lake National park.

Western Oregon Showers Expected

Portland—(UPI)—The weather bureau said today that the return of clearing conditions over western Oregon probably won't last long.

A low pressure trough was reported developing aloft off the coast and was expected to produce showery weather starting Friday, forecasters said.

A morning overcast today was expected to break up before noon with temperatures in the 80s this afternoon. Mostly fair skies were forecast through Friday for eastern Oregon.

DESCRIBES DEATH SCENE—Cheryl Crane, daughter of Stephen Crane and actress Lana Turner, is shown at deposition hearing in Los Angeles, where she was asked details of the stabbing of Johnny Stompanato in April. Cheryl broke into tears upon describing the death scene but quickly regained her composure. The action is in connection with a \$750,000 suit brought by Stompanato family.

ADIOS—The Navy's Polaris missile is shown taking off in a test flight at Cape Canaveral, Fla. The solid fuel left the pad and disappeared in about 12 seconds, leaving behind a twisting con trail.

House Labor Subcommittee Resigns in Huff

Washington—(UPI)—A House Labor Subcommittee which has been studying Senate-passed union welfare fund legislation, resigned today, charging it had been falsely accused of stalling.

The five members quit en masse at a stormy session of the full Labor Committee. They protested that a letter Tuesday from eight committee members had "impugned" their motives.

The letter, signed by four Republicans and four Democrats, asked Committee Chairman Graham A. Barden (D-N.C.) to speed action on the bill by the full committee. They insisted further hearings were not necessary. But they denied they were attacking the subcommittee's motives.

Motion Approved
The row wound up with the full committee urging the subcommittee to reconsider its walk-out. A reconsideration motion, offered by Barden, was approved by a voice vote, with no objections.

Subcommittee Chairman Ludwig Teller (D-N.Y.) told newsmen he was "inclined not to reconsider" but would discuss the matter with his angry colleagues.

Teller charged during the meeting that the letter "creates the fraudulent implication" that the subcommittee wanted to delay the legislation.

He called it an "outrageous, unjustified and ungentlemanly attack" that was "politically inspired."

Nixon Undecided On Adams Effect

Boston—(UPI)—Vice President Richard M. Nixon said today it was too early to tell whether the Adams-Goldfine case would affect the congressional elections this fall or the 1960 presidential election.

Nixon talked with newsmen at Logan Airport where his plane refueled on a flight from Washington to Portland, Maine. He was to address the Republican state convention there.

"I have found from past experience that you can never predict in June what the issues will be in November," Nixon said.

Three Youths Taken Into Custody Here

Three Medford juveniles have been apprehended in connection with breaking into a Medford drive-in Wednesday afternoon and taking three candy bars and some french fries.

The youths, two boys 10 and 11 years old, and an 11-year-old girl, were taken into custody by city police after Roy Phillip Carier, 725 Walker ave., Medford, reported the Valley Drive-in had been entered.

One window was broken to gain entry to the building, police said. The youths admitted breaking the same window last week, but reported that they did not enter the building that time. The case has been referred to the juvenile authorities.

Ex-Marine Leader Raps Organization

Washington—(UPI)—Gen. Clifton B. Cates, former Marine Corps commandant, today told the Senate Armed Services Committee that President Eisenhower's defense reorganization program might convert the Marines into a "nonentity."

He said the President's arguments that more efficiency is needed in the armed forces through "centralized decisions" are at best "dangerous half-truths."

Grange News

Upper Applegate Grange
Any Grange having candidates for the third and fourth degrees is invited to bring them to Upper Applegate Grange on Friday, June 27, at 8 o'clock, when the Roxy Ann degree team is to officiate.

Upper Applegate Grange also will hold its June business session in conjunction with the degree work since the June 13 meeting was cancelled.

Each woman attending the meeting is asked to provide six sandwiches. Coffee will be furnished by Upper Applegate Home Economics committee.

All Grangers having old spoons are invited to bring them for exhibition on the display table, according to an announcement from HEC Chairman, Edna Sawyer.

Accidental Shot Kills Dairy Girl

Klamath Falls—(UPI)—A five-year-old girl accidentally shot and killed herself with a pistol at her home at Dairy, southeast of here, Wednesday, sheriff's officers reported.

The victim was Barbara Ann Rice, daughter of Mr. and Mrs. Donald Rice, who operate a dairy, feed and supply store.

Officers said the pistol, a family heirloom, was kept unloaded with two shells on top of the refrigerator in the home while it was being repainted inside. They said the little girl apparently reached the gun by climbing on furniture which had been moved and loaded it herself.

The mother was painting in an adjoining room when she heard the shot and discovered the girl had been shot through the chest.

Most U.S. cigarettes today contain about 2 per cent of nicotine. In 1915 the average content was 3 per cent.

Youths Killed In Auto Crash

John Day, Ore.—(UPI)—Two teen-aged youths were killed and three others injured, one critically, in a one-car accident 12 miles west of here today.

Dead in the crash were David Lyons, 14, and Terry Gentis, 15, both of Canyon City.

State police identified the injured youths as Steve Gentis, 17; Curtis Affeld, 16, of Canyon City, and Robert Frier, 16, of John Day, the driver of the car.

Steven Gentis was flown to Portland after physicians here discovered he suffered a fractured back in the crash.

Officers said the car in which the youths were riding was going too fast to negotiate a curve and crashed off the highway. The accident was about three miles west of Mt. Vernon, Ore.

One of the first to reach the accident scene was Mrs. Irwin H. Lenaburg of Bend, a prac-

Federal Inspection Fees Increased

Washington—(UPI)—The Agriculture Department today announced an increase in federal inspection and grading fees of meat, eggs, poultry, and miscellaneous other farm products to meet operating costs.

It said the increase was necessary to meet higher cost.

Grading services for meat were raised from \$5 to \$6 an hour. The rate for poultry and eggs, which also covers domestic rabbits, was raised from \$4 to \$5 an hour. Other increases affected grain products, beans, peas, seeds, hay, fresh and processed fruits, vegetables and nuts.

tical nurse who was helping return a group of Bend Junior Legion baseball players from John Day.

She said she found one of the injured boys with his head in an irrigation ditch which runs beside the highway and that she and her daughter, Delores, kept his head out of the water until an ambulance arrived.
