

Strong Winds Postpone Diamond Cup Hydro Race

UNITED PRESS INTERNATIONAL
Coeur d'Alene, Ida.—(UPI)—Strong 20-25 mph winds Saturday postponed the start of the first annual Diamond Cup Hydroplane races here and choppy waters prevented any activities on the water.

The Limiteds had been scheduled to race Saturday afternoon, and several of the 12 big Unlimiteds were forced to delay their qualifying runs and trials until today.

Officials said weather reports point to "fairly" favorable weather Saturday and winds were expected to be down to about 7 mph by noon.

The new schedule called for the Limiteds to run at 6 a.m. today, followed by qualifying runs test trails for the Unlimiteds from 9 a.m. to 11:30 a.m.

The Unlimited hydro races were to begin at 12:30 p.m. before an expected crowd of 150,000.

The best hydroplanes in the country are among the Unlimiteds officially entered, with most of them from the West.

Plans Outlined for Lions 4th of July Track Meet At SOC Oval in Ashland

Ashland — Ashland Lions club has announced the plans and program for the Open Track meet it will conduct as part of the Independence day observance in the Lithia City.

The meet is slated for 5 p.m. on Friday, July 4 at the Southern Oregon college oval.

Motorcycle Racer Dies

West Los Angeles.—(UPI)—Veteran motorcycle racer Jimmy Phillips, 32, died Saturday at Sawtelle Veterans hospital from injuries received in a race at Gardena (Calif.) stadium. He had won four national championships.

Phillips, of Temple City, Calif., suffered multiple skull fractures Friday night when he crashed trying to avoid another cyclist in trouble in the 1000 cc. main event. The accident occurred on the first lap. The motor of the cycle was torn from Phillips' head.

Phillips, who leaves a widow and two children, had been racing for 12 years.

OBITUARIES ARRIVE
Henry On-Thames, Eng.—(UPI)—Top rowing crews and athletes from all parts of the world began arriving Saturday to challenge the home talent in the famed Henley Royal Regatta, which opens its three-day meet July 2. The strongest overseas challenge is being made by the United States and the Soviet Union.

And with a lack of standout crews and oarsmen from Britain, universities, colleges and public schools, most of the top open events on the 30-event card are expected to be won by the visitors.

ROTARY BENEFIT SUIT SALE!

As a community service, the Medford Rotary Club asks you to help in this year's Rotary Used Suit Sale to be held early September.

Any Medford Cleaning Establishment will be happy to pick up or accept any men's suits, top coats, overcoats, slacks and sport coats which are still good but possibly too small or not being worn by a member of your family.

This clothing will be cleaned (no cost to you) to be put up for sale to those who wish to purchase a good article of clothing at a reasonable price. Call your favorite Medford Cleaners or SP 4-2233 and kindly give your name, address and name of article you wish to donate.

The money from this sale will be used by the Rotary club to sponsor a student in the Medford High School and the other expenses of the American Field Service.

Medford Mail Tribune

Favorites include Thriftway and Thriftway Too, both of Seattle; Miss Bardahl of Seattle, winner of the Apple Cup at Lake Chelan last month, and former Apple Cup champion Maverick of Phoenix. Miss U.S. 1 from Detroit is the only eastern entry.

Rounding out the field was the host city's Miss Round Table, actually the Question Mark of Seattle renamed for this race; Adols of Pasco, Wash.; Miss Spokane, a boat owned by Spokane residents; Miss Burien of Seattle; Coral Reef of Tacoma; Pay 'N Save of Seattle, and Miss Seattle of Seattle.

Despite the favorites, the Diamond Cup is a wide-open race, with the boat in the best mechanical condition likely to come out on top. Rules are that an engine used in a boat's first heat must be used throughout the race. This means a boat which wins a preliminary heat by a lopsided margin may not even be around in the finals.

Pilots of the Unlimiteds which have been out on Lake Coeur d'Alene quickly agree that the three-mile course is ideal for the big boats. Bill Stead, pilot of Maverick, says it's one of the two fastest in the country. Maverick hit speeds of 113 miles an hour during tests this week.

Duane Hagadone, vice commodore of the sponsoring Coeur d'Alene Unlimited Hydroplane association, says about \$40,000 was spent preparing for the city's hydroplane racing debut as well as untold man-hours of work.

"But," he says, "it will be worth it if the Diamond Cup becomes one of the 'big' hydro races of the season."

MEETING IN LOS ANGELES, Roy Harris, heavyweight contender, and father, Henry (left), of Cut and Shoot, Tex., discuss proposed bout with Champion Floyd Patterson with Al Weill, co-promoter. (UPI Telephoto)

18 Auto Racers Drive In 500 Mile Monza Race

Monza, Italy.—(UPI)—Eighteen automobile racing drivers from five countries, including 10 from the United States, will clash Sunday in the Monza 500-mile race. The race will start at 3 a.m., PDT.

Luigi Musso of Italy posted the best qualifying time during Saturday's final trials. He did three laps in his 2,962-CC

Konsek Hits Golf Finals Of NCAA

Williamstown, Mass.—(UPI)—Big Ten king Johnny Konsek and Phil Rodgers, laid apparent to the National Collegiate Golf crown, fired their way into the 1958 NCAA finals Saturday.

The 18-year-old Konsek, a Purdue pre-med student from Cheektowago, N.Y., destroyed a possible all-Houston final when he eliminated Bob Pratt, 4 and 2, in a 36-hole match.

Rodgers, the 20-year-old Houston pacer seeking the crown won by teammate Rex Baxter in 1957, blasted out Art Hall of Oklahoma State, 8 and 6.

Today's final was also scheduled for 36 holes.

Whether an injury to Busso's right fist would delay the return bout was uncertain. New Yorker Johnny said today, "I hurt the first two knuckles of my right hand in the fourth round and if the pain doesn't go away by tonight, I'll have X-rays taken."

Managing director Harry Markson of the International Boxing club said, "The fight was so good and so close, we'd like a rematch in late August."

Tenth-ranked Busso's apparent superiority in the seventh, eighth, ninth and 10th rounds caused Referee Barney Felix and Judge Bill Recht to favor him with the same rounds vote: 5-4-1. But Judge Artie Schwartz had sixth-rated Ortiz ahead, 6-4.

There were no knockdowns but Carlos was staggered by a left-right to the chin in the eighth.

Busy Week Ahead For Gov. Holmes

Salem.—(UPI)—Work before fireworks is ahead for Gov. Robert D. Holmes this week—with over 20 office engagements including 10 conferences with state government officials serving as a warm-up for the Fourth of July week end.

Three business days are on the calendar before the Governor can declare his independence of routine duties and swing into the holiday festivities as grand marshal of the Albany Timber Carnival on Thursday.

On the 4th he'll participate in dedication ceremonies for the Warrenton mooring basin near his home town of Gearhart.

Coroners' Autopsy Report Says Jockey Had Liquor

Inglewood, Calif.—(UPI)—A coroner's autopsy report on the death of jockey Jack Westrope was greeted with surprise and disbelief Saturday on the part of Hollywood officials.

The autopsy report, released Friday eight days after Westrope was fatally injured in a fall, said his bloodstained showed an alcoholic content of .12, or .03 less than the figure police use to establish legal intoxication.

Dr. Theodore H. Haller, track physician who treated Westrope after the accident, said "for him to have consumed enough alcohol prior to his arrival at the track at noon in order that a 50 per cent diffusion of his blood 10 hours later would show .12, it would have been necessary for him to have been completely intoxicated at noon."

He pointed out emergency treatment had included giving Westrope six quarts of blood in an attempt to save his life.

Several persons, including presiding steward Wendell P. Cassidy and Bert Thompson,

CENTRAL POINT STUDS GO TO GRANTS PASS

DISTRICT STANDINGS (As of Friday)

Team	W.	L.	Pct.
Grants Pass	3	0	1.000
Klamath Falls	3	1	.750
Central Point	2	2	.500
Medford	1	3	.250
Lakeview	0	3	.000

Central Point — Central Point Cheney Studs American Legion junior baseballers have a jaunt to Grants Pass this afternoon for Southern district contention with the GP Mock Ford team.

The Studs seek to keep themselves in the chase by fortifying their second place position. Grants Pass is intent on keeping its unbeaten status in the circuit. A Central Point victory would boost the Studs to within a half-game of the current loop pacing Mock squad.

Today's action is rated a toss-up. CP has a non-district verdict on the books against Grants Pass but the margin was a skimpy 1 to 0. Tightness of that conflict was further demonstrated by the fact that each team managed only two hits.

Dick Hayes, pitcher for Grants Pass in the previous outing, is almost certain to go to the mound today. The Stud's choice lies among Bill Anhorn, the CP twirler in the earlier mix, Pete Stemple and Alan McKinnis.

Game time today is 1:30 p.m. The clubs will meet at Cheney field at the south edge of Medford on Tuesday in another district game.

Tavern Worker Waits Extradition
Portland.—(UPI)—Tavern worker, Billy Cook, 42, of Portland, was arrested Thursday and is awaiting extradition proceedings to move him to San Diego to face a federal charge of armed robbery of a post office.

Cook was taken before U. S. Commissioner Claire Munderdorff who set bail at \$25,000.

Writer Somerset Maugham became a member of the Royal College of Surgeons in 1898.

Bob Veith of Oakland, Calif., posted the best qualifying time among the United States entries, 172.891 mph. Eddie Sachs of Allentown, Pa., was next at 171.021 mph.

Jimmy Bryan of Phoenix, Ariz., winner of the recent Indianapolis 500-mile race, qualified at 170.508 mph.

Other Americans who qualified Saturday: Don Freeland, Indianapolis, Ind., 170.611 mph; Jimmy Thompson, Boyertown, Ohio, 167.202 mph; Roger Ward, Los Angeles, 166.615 mph; Troy Ruttman, Los Angeles, 166.518 mph; Ray Crawford, Pasadena, Calif., 163.457 mph; and Jimmy Reece, Indianapolis, 163.176 mph.

The entries have to do 500 miles in three 166.379-mile heats. The final standings will be based upon the best aggregate times for the three heats.

PIE PENNIES
Churubusco, Ind.—(UPI)—Mrs. Pat Crooks, wife of a cafe owner, dropped a penny in a gallon jar last year every time she baked a pie for local church and civic groups. This year she dumped 7,400 pennies into the lap of a merchant friend to pay for a type-writer—on April Fool's Day.

DOUBLE OPERATION
Milwaukee.—(UPI)—When Karl Getlein, 4, went into the operating room for some minor surgery, he was clutching his pet stuffed dog which was losing part of its stuffing. The doctor operated on Karl, then pushed the stuffing back into the dog, sewed up the rip and put tape over the stitches.
