

# McDougal's Single Gives American League 4-3 All-Star Victory

## Blow Climaxes Stengel Rally; Bob Friend Loses

Baltimore—(UPI)—Gil McDougal, one of Casey Stengel's boys, singled home the winning run as a pinch hitter today to give the American League a 4-3 victory over the National League in the silver anniversary All-Star Game.

**MAY CATCHES FIRE**—Spontaneous combustion ignited a stack of hay next to a barn on the E. J. Diehl place at 1727 Thomas rd., Medford, yesterday afternoon. Two neighbors examine the damage as firemen spread forkfuls of the remaining hay and soak it with water. A ton of hay was reported lost, firemen said. Another hay fire occurred the same time next to the Kenneth Clearley barn at 2713 Biddle rd. The hay was removed, firemen said, but did not have information as to the damage. Both fires were caused by spontaneous combustion, firemen reported.

McDougal's blow came in the sixth inning, climaxed a come from behind rally for the American League, and it made Bob Friend of the Pirates the losing pitcher.

Early Wynn, who faced only three batters, was the winner because he was the pitcher of record when one of Stengel's own players came through for him before a crowd of 46,829 which delighted in booing the American League manager.

**Stengel Jeered**  
The crowd jeered loudly when Stengel sent up his catcher, Yogi Berra, to pinch hit for Gus Triandos, the Baltimore hero and the starting American League catcher, in that fateful sixth.

The National League thanks to the hitting of Willie Mays and Stan Musial, parlayed with the wildness of American League starter Bob Turley, got off to a two-run lead in the first inning.

From that time on, it was an uphill battle for Stengel, but he finally pulled it out. The victory made the All-Star series 15-10 in favor of the American League.

**Play by play:**  
National first: Mays singled; Skinner flied out. Musial singled; Aaron flied out. Mays scoring. Banks was hit by a pitch. Tommaso walked. Musial scored on a wild pitch. Mazaroski lined out. Two runs, two hits, no errors, two left.

**National second:** Crandall flied out. Blasingame batted for Spahn and stole second. Skinner singled, scoring Mays. Narleski flied out. Turley flied out. American League: Mays popped out. One run, one hit, one error, one left.

**National third:** Jensen and Cerv flied out. Skowron batted for Spahn and stole second. Skinner flied out. American League: Mays popped out. One run, one hit, one error, one left.

**National fourth:** Crandall flied out. Blasingame, batting for Spahn, flied out. Mays flied out. No runs, no hits, no errors, none left.

## Area Orchards Get Pear Decline Study

An orchard study is being made today for the pear decline problem, according to C. B. Cordy, county horticulture agent.

Cordy, members of the Southern Oregon Branch Experiment station, Prof. F. C. Reimer, Medford, and former head of the local experiment station, and agricultural scientists, are touring local orchards. Also on the tour are Dr. L. P. Batcher, Wenatchee, U.S. Department of Agriculture, Prof. Henry Hartman and Dr. S. B. Apple, of Oregon State college, and local pear growers.

Professor Reimer recently went to Wenatchee to confer with Dr. Batcher on the pear decline problem in that area. The professor has specialized in a study of pears.

**Number of Leads**  
Cordy said those working with the pear decline problem have a number of leads, but the cause is yet to be determined. When the cause is learned a solution to the problem may be worked out, he explained.

Cordy said pear decline is indicated by "trees which are going back." Trees suffering decline may grow normally one year but have thin foliage the next year, with leaves showing poor color and a resulting light crop of pears.

The agriculture department has been working on this decline problem for almost a year. The project includes specialists on soils, horticulture and plant pathology, Cordy said.

**Central Point Boy Arrested by Police**  
Central Point — The burglary of Dr. E. M. Hanawalt's office in Central Point and other larceny cases in recent months were cleared up with the apprehension and signed statement of a 14-year-old Central Point youth yesterday, Central Point police said.

The youth was identified by papers found in the veterinarian's office following the burglary June 29, police said. He has been released to the custody of his parents and is to appear in Jackson county juvenile court, they reported.

## Goldfine Excused From Testifying Until Wednesday

Washington—(UPI)—House influence investigators excused Bernard Goldfine, millionaire friend of Sherman Adams, from testifying today after his lawyers pleaded and he was suffering "physical and mental exhaustion."

At the same time they warned Goldfine's attorney that the one-day delay in his testimony was not to be used by the Boston textile tycoon for "propagandizing the American people" through press conferences and broadcasts.

Roger Robb and two other Goldfine lawyers appeared at the brief hearing, leaving Goldfine behind at his hotel. State of Exhaustion

Robb said that the fuss over the microphone found next to Goldfine's hotel headquarters and the alleged burglary of his secretary's room "left Mr. Goldfine in a state of physical and mental exhaustion."

He said he had "every expectation" Goldfine could show up Wednesday but would not promise "categorically."

Subcommittee Chairman Oren Harris (D-Ark.) granted the request after delivering a stern lecture to Robb on what he pictured as publicity excesses and a lack of cooperation on the part of his client.

**Central Point Boy Arrested by Police**  
Central Point — The burglary of Dr. E. M. Hanawalt's office in Central Point and other larceny cases in recent months were cleared up with the apprehension and signed statement of a 14-year-old Central Point youth yesterday, Central Point police said.

The youth was identified by papers found in the veterinarian's office following the burglary June 29, police said. He has been released to the custody of his parents and is to appear in Jackson county juvenile court, they reported.

## U. S. Plane Said Fired On by Russ

Washington—(UPI)—The Air Force disclosed today that the U. S. plane which accidentally crossed the Soviet frontier last month was fired on and set afire by Russian fighters.

Five of the nine-man crew were forced to parachute from the flaming craft, the Air Force said.

The incident occurred June 27. The Air Force said two Russian fighter planes attacked the U. S. aircraft, an unarmed transport. The nine crewmen were released Monday after 10 days of detention in Soviet Armenia.

**Continued to Fire**  
The Air Force statement said one of the Russian pilots continued to fire on the crippled plane after the aircraft was in flames.

The Air Force said the two Soviet MIG fighters intercepted the C118 transport plane at an altitude of about 1,500 feet and fired on the plane at two different intervals.

"Five crew members were forced to parachute to safety," the statement continued. "The remaining four attempted to make an emergency landing at a crude strip 75 miles east-southeast of Lake Sevan."

**Another Pass**  
"With five parachutes in the air and the aircraft in flames, the MIGs made another firing pass on the crippled plane while it was on its final approach for a forced landing."

The burning plane exploded on the ground, but the crew members who remained aboard were able to reach safety.

The statement said Airman 2C Peter N. Sabo, one of the five who bailed out, suffered second degree burns. It added that "all members of the crew are suffering from extreme fatigue and exhaustion."

A news conference scheduled at Wiesbaden, Germany, with the released airmen has been postponed "on the advice of the medical authorities," the Air Force said.

## State Heads To Discuss Economic Differences

Ottawa, Ont. — (UPI) — President Eisenhower came here today for a three-day visit and round of fence-mending talks with Prime Minister John Diefenbaker.

The President's plane, Columbine III, touched down at nearby Uplands Airport at 6:55 a.m. (p.s.t.). Governor-general Vincent Massey, Diefenbaker and other government and military officials greeted the President.

**Eisenhower Accompanied**  
Eisenhower was accompanied by his wife and Secretary of State and Mrs. John Foster Dulles.

A large crowd of spectators waving flags of both countries stood underneath overcast skies to greet the visiting President.

**Elaborate Preparations**  
Eisenhower, making his first visit to Canada since 1953 inspected the guard of honor after the band had played the American national anthem.

The two heads of state were to open their talks today against a background of the most elaborate documentary preparations ever made in this capital for a visiting head of state.

The visit was being made for discussion primarily of economic differences with Canada that have developed in the past year or so. However, Dulles said world problems as they affect the two countries jointly also would be brought up.

**Economic Differences**  
The main economic differences include U.S. disposal of surplus wheat overseas for foreign currencies, pressures within the United States to increase tariffs on lead and zinc and restrict their imports, and joint water resources in the northwest United States and southwest Canada.

Others were restrictions on U.S. imports of Canadian oil, failure of U.S. companies to use Canadian dollars extensively in management of their subsidiaries in Canada, and Canada's so-called "unfavorable balance of trade" with this country of about \$1 billion a year.

Eisenhower doesn't have specific ideas for any of these problems. But he hopes better relations between the two countries will result from the talks anyway.

## Khrushchev in Berlin Supports Soldier Barter

East Berlin Said Winning Respect

Berlin—(UPI)—Soviet Premier Nikita Khrushchev arrived here today and promptly added his moral support to East Germany's attempt to barter nine American soldiers' freedom for diplomatic recognition by the United States.

He told a vast crowd before the railroad station in the Soviet zone of East Berlin that the East German Communist state was winning international respect and "world recognition."

**Support for Stand**  
Khrushchev did not refer directly to the nine Americans who have been prisoners since their helicopter strayed across the East German border last month. But his statement on "international respect" was taken as support for the Communist stand that the East German regime must be treated by the U.S. as a diplomatic equal.

The crowd in front of the station was less than enthusiastic despite the efforts of East German Communist leaders to give Khrushchev a thunderous reception.

**No Repetition**  
The East German Communist leaders themselves, the most loyal Stalinists in the satellite states were happy to welcome the man whose swing away from liberal ideas was underlined by the execution of Hungarian leader Imre Nagy.

They made certain there would be no repetition of the embarrassingly cool reception given Khrushchev on his last visit here 11 months ago by closing all but essential factories and marching the workers to the railroad station.

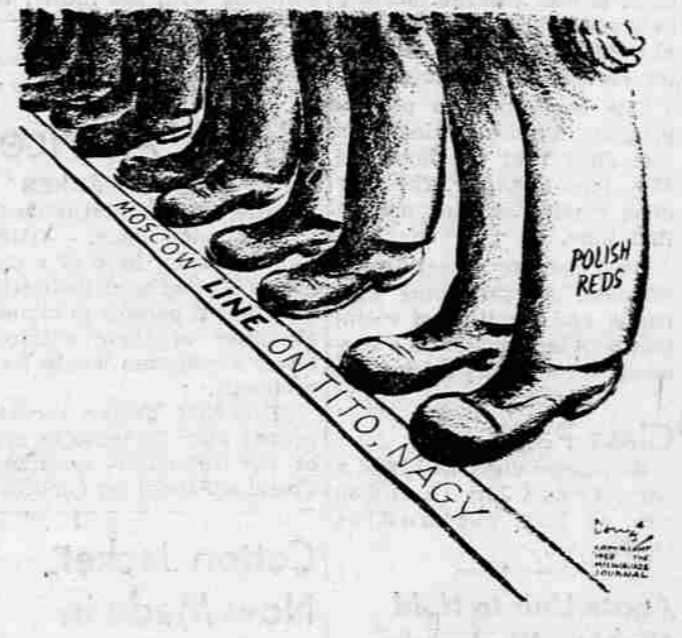

Party and government workers also were mobilized for the "spontaneous" welcome for the Soviet visitors who include Presidium member Otto Kuusinen and Ambassador Mikhail Pervukhin, chief Soviet economic planner and a former Presidium member.

**Dedication Set for Maple Park Area**  
The Maple park rest area at the corner of Highway 99, south, and Stewart ave. will be dedicated at noon Friday, Aug. 1, Bill Singler, president of the Medford Kiwanis club announced today.

The Kiwanis club, with assistance from the city and county, developed the park. Work started about a year ago, and included installation of rest rooms, picnic tables, and shelters for electric grills, which are expected to be installed next week.

Much of the labor for the rest rooms was donated, and Kiwanis club members did much of the work on the new lawn and installing a fence around the park. Singler said several travelers use the park.

Expected to attend the formal dedication ceremonies Aug. 1 are Medford Mayor John Snider and County Judge Rodney Keating.

## Lebanon Rebels Hit Department Store

Beirut, Lebanon — (UPI) — Lebanese rebels exploded a dynamite and incendiary bomb at the doorstep of a large department store today. Scores of shoppers in and around the busy building were hit.

Police reported at least two persons were killed and 50 to 60 injured. The death toll was expected to rise.

A second blast, half an hour later, wrecked a flower shop 50 yards away. In Serious Condition

Twenty of the injured were in serious condition in City Hospital. Six were not expected to live and eight more were in "grave" condition.

The U. S. Embassy said it had no immediate reports of any Americans among the casualties.

United Press International photographer Ronald Ockendine said the blast hurled masonry and broken glass into the store and street, cutting down shoppers, sales girls and passersby.

It was the biggest bombing incident in the nine-week-old Lebanese crisis. The bomb exploded just as the first wave of shoppers poured into the store. Many of them were hurt in the fire that quickly enveloped the building.

## Local Man Receives 3-Year Sentence

Ronald Eugene Johnson, 25, of 454 Fairmont ave., Medford, pleaded guilty before Circuit Judge Edward C. Kelly yesterday afternoon to charges of burglary not in a dwelling.

He was sentenced to three years in the Oregon State penitentiary.

The appearance of Max Marvin Mayo, 31, of Central Point, who also is charged with burglary not in a dwelling, was postponed until a later date.

Both men were charged with breaking into a tavern at Shady Cove by forcing a window June 19.

The statement said Airman 2C Peter N. Sabo, one of the five who bailed out, suffered second degree burns. It added that "all members of the crew are suffering from extreme fatigue and exhaustion."

A news conference scheduled at Wiesbaden, Germany, with the released airmen has been postponed "on the advice of the medical authorities," the Air Force said.

The burning plane exploded on the ground, but the crew members who remained aboard were able to reach safety.

## Traffic Light to Be Discontinued

The traffic light at the intersection of East Main st. and Lindley ave. will be turned off at 9 a.m. tomorrow, according to City Manager Robert A. Duff.

Stop signs will be installed by then for Lindley ave. traffic approaching East Main st. and for approaching traffic on Ashland ave. Duff added.

The light is being discontinued on a "trial basis," Duff said, and would be reactivated this fall when school starts.

He explained that it was operated primarily for speed control on East Main st., and that speeding had been "materially reduced" since its inauguration on a 24-hour basis.

If speed increases, he said, the light will be reactivated sooner.

## Physical, Mental Exhaustion Blamed

Washington—(UPI)—House influence investigators excused Bernard Goldfine, millionaire friend of Sherman Adams, from testifying today after his lawyers pleaded and he was suffering "physical and mental exhaustion."

At the same time they warned Goldfine's attorney that the one-day delay in his testimony was not to be used by the Boston textile tycoon for "propagandizing the American people" through press conferences and broadcasts.

Roger Robb and two other Goldfine lawyers appeared at the brief hearing, leaving Goldfine behind at his hotel. State of Exhaustion

Robb said that the fuss over the microphone found next to Goldfine's hotel headquarters and the alleged burglary of his secretary's room "left Mr. Goldfine in a state of physical and mental exhaustion."

He said he had "every expectation" Goldfine could show up Wednesday but would not promise "categorically."

Subcommittee Chairman Oren Harris (D-Ark.) granted the request after delivering a stern lecture to Robb on what he pictured as publicity excesses and a lack of cooperation on the part of his client.

"I can see that unless there is a change of attitude there is going to be a clash," Harris said. "The committee will be prepared to meet it."

Harris said, however, the subcommittee wanted to be completely fair and that under the circumstances he saw no other course but to grant the 24-hour delay as requested.

The House Subcommittee on Legislative Oversight then adjourned until Wednesday morning.

## Five Forced To Parachute From Flaming Craft

Washington—(UPI)—The Air Force disclosed today that the U. S. plane which accidentally crossed the Soviet frontier last month was fired on and set afire by Russian fighters.

Five of the nine-man crew were forced to parachute from the flaming craft, the Air Force said.

The incident occurred June 27. The Air Force said two Russian fighter planes attacked the U. S. aircraft, an unarmed transport. The nine crewmen were released Monday after 10 days of detention in Soviet Armenia.

**Continued to Fire**  
The Air Force statement said one of the Russian pilots continued to fire on the crippled plane after the aircraft was in flames.

The Air Force said the two Soviet MIG fighters intercepted the C118 transport plane at an altitude of about 1,500 feet and fired on the plane at two different intervals.

"Five crew members were forced to parachute to safety," the statement continued. "The remaining four attempted to make an emergency landing at a crude strip 75 miles east-southeast of Lake Sevan."

**Another Pass**  
"With five parachutes in the air and the aircraft in flames, the MIGs made another firing pass on the crippled plane while it was on its final approach for a forced landing."

The burning plane exploded on the ground, but the crew members who remained aboard were able to reach safety.

The statement said Airman 2C Peter N. Sabo, one of the five who bailed out, suffered second degree burns. It added that "all members of the crew are suffering from extreme fatigue and exhaustion."

## Lebanon Rebels Hit Department Store

Beirut, Lebanon — (UPI) — Lebanese rebels exploded a dynamite and incendiary bomb at the doorstep of a large department store today. Scores of shoppers in and around the busy building were hit.

Police reported at least two persons were killed and 50 to 60 injured. The death toll was expected to rise.

A second blast, half an hour later, wrecked a flower shop 50 yards away. In Serious Condition

Twenty of the injured were in serious condition in City Hospital. Six were not expected to live and eight more were in "grave" condition.

The U. S. Embassy said it had no immediate reports of any Americans among the casualties.

United Press International photographer Ronald Ockendine said the blast hurled masonry and broken glass into the store and street, cutting down shoppers, sales girls and passersby.

It was the biggest bombing incident in the nine-week-old Lebanese crisis. The bomb exploded just as the first wave of shoppers poured into the store. Many of them were hurt in the fire that quickly enveloped the building.

A police officer said the bomb was left inside the front door in a dummy package. The blast tore out the ground floor plate glass windows, shattered others for a block around and shook houses a mile away. Fragments of flying glass were hurled through the streets.

Jagged chunks of glass from soft drink bottles on a truck parked in front of the store also whistled through the street like shrapnel and the driver of the truck was killed.

## Hearing on County Budget Tomorrow

A public hearing will be held at 8 p.m. tomorrow in the county courthouse auditorium on the proposed county budget for the coming fiscal year.

The budget for fiscal year 1958-59 totals \$3,435,887.09, which is \$323,191.37 larger than the budget for the present fiscal year of \$3,112,695.72.

No county property tax will be levied during the next fiscal year. As a result, the county will operate without a tax base during the year.

## Science Museum Has Totem Pole Returned

Portland—(UPI)—The Oregon Museum of Science and Industry had its totem pole back today.

The brightly colored pole, weighing several hundred pounds, was found by police leaning against a building on upper Southwest Broadway dr. It had been reported stolen late last week.

Portland—(UPI)—Renewal of annual agreements with Washington, Oregon and Idaho to provide agricultural extension and home demonstration assistance on Indian reservations has been announced by the local office of the Bureau of Indian Affairs.

## June Unemployment Reaches 17-Year High Due To Students, Graduates

Washington—(UPI)—Unemployment in June shot up to 5,437,000, a 17-year record high, the government reported today.

It said most of this rise was due to the nearly two million students and new graduates who entered the labor market last month.

**Normal Increase**  
The Commerce and Labor Departments said the number of jobless rose by 533,000 from the May figure of 4,904,000. This was about the normal increase for this month in the postwar period.

But the total unemployment figure reached the highest point since the government counted 5,620,000 out of work in August, 1941. It was the highest figure ever for any June since 1941 when the total was 6,190,000 jobless.

The number of job-holders climbed by 920,000 to 64,981,000 from May. Most of the new jobs opened up on farms.

## Water Use in City Below Average

Medford residents in June used only 54 per cent as much water as they did last year, according to the city water department.

The June, 1958, figure was given as 233,740,000 gallons, compared to 430,645,000 gallons for June 1957. It also was considerably less than the amount used in May, this year, which was 322,118,000 gallons.

Robert L. Lee, city water superintendent, said it would still take two more days of hot, dry weather before water use reaches its normal summer level.

He added that while last year the city began use of the Willow creek storage reservoir July 11, it would begin "a week or two later" this year.

Water from the Willow creek storage reservoir does not actually enter the city's system, Lee explained. He said it was "traded" to the irrigation districts for part of their share of spring water from the Big Butte creek system.

## Court Plans Another Meeting in Ashland

The county court and members of the Ashland city park commission plan another meeting in the near future on possible development of a recreation area at the Emigrant reservoir near Ashland, County Commissioner Chester Wendt said today.

The meeting will be called when the county court receives a sample contract from the Portland office of the national park service. This would show what administrators of possible recreation sites in the Talent project will be required to do and terms of a future contract, Wendt explained.

The county court met in Ashland yesterday with the park commission to discuss more thoroughly the possibility that the city of Ashland take over administration of recreation site at Emigrant lake.

But apparently the rebels wanted some "high level negotiator" to talk with them before the Marines and sailors won their freedom.

But apparently the rebels wanted some "high level negotiator" to talk with them before the Marines and sailors won their freedom.

## Rebel Demands Snag Releases

Havana—(UPI)—New Cuban rebel demands apparently snagged the release of 30 American servicemen today but the Castro forces indicated they would free the last four kidnaped civilians before nightfall.

There was no indication whether the rebel demands included some assurances against renewed Cuban government warfare in mountainous Oriente Province or some sort of U.S. "recognition" of the Fidel Castro movement.

But apparently the rebels wanted some "high level negotiator" to talk with them before the Marines and sailors won their freedom.
