RESTING on movie set at Longmoor, England, actress Ingrid Bergman discusses marriage to Sweden's Lars Schmidt "when legally able to."

TO STUDY GUARD CUTS

Washington —(UPI)— Maj. Gen. Maxwell E. Rich, president of the National Guard association, has summoned a meeting of state adjutant generals in Washington for July 14-15 to consider the Army plan for trimming the size of the Guard from 400,000 to 360,000 men and the paid ground reserves from 300,000 to 270,000 men.

Plagued Day And Night with Bladder Discomfort?

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1 — They have a soothing effect on bladder irritations. 2 — A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3 — A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. New, large, economy size saves money. Get Doan's Pills today!

Powder Puff Winner Named

Charleston, S. C.—(UPI)—Mrs. Frances Bera of Long Beach, Calif., was announced the winner today of the 12th annual Powder Puff Derby air race from San Diego to Charleston, S.C.

It was the fourth victory in eight tries for Mrs. Bera, a veteran woman flight instructor. She flew a Beechcraft Bonanza A35 with an average speed of 162 miles an hour on the 2,177-mile trip.

The race officially ended at noon Tuesday.

Second place went to Mrs. Pauline Gasson, Corpus Christi, Tex., who flew a Cessna 175 with an average speed of 149 miles an hour.

Mrs. Bera is the first four-time winner in the 12-year history of the event. She won the derby in 1953, 1955 and 1956 and was co-pilot of the winning plane in 1951.

Mrs. Bera's victory entitles her to $800 first prize money, another rotating trophy and a portable oxygen unit.

In third place was Gertrude Howard, College Station, Tex.

Fourth place went to Doris Eacret of Elko, Nev.

Fifth place, last of the money winners, was Mrs. Nancy Byrd Walton, St. Ives, Sydney, Australia, one of three foreign pilots in the race.

Cancellation of Dulles' Visit To Brazil Denied

Rio De Janeiro, Brazil—(UPI) — Reports that Secretary of State John Foster Dulles was advised to call off his scheduled visit here because of possible anti-American demonstrations were denied Tuesday by U.S. Embassy sources.

The sources also said there was no truth to rumors that FBI agents came here to sound out prevailing Brazilian sentiment on Dulles' visit scheduled to begin Aug. 5.

Five-Year-Old Girl Found in Woods

Malone, N. Y. — (UPI) — Five-year-old Brenda Jean Doud, missing in the Adirondack woods since Sunday, was found late Tuesday only a half-mile from where she disappeared.

She was reported in fair condition at a hospital here suffering from exposure and insect bites.

State troopers said she was found sitting under a tree a short distance from a hunting camp in the thick woods.

Teen-Agers Seek Cannery Work

Salem — (UPI) — Some 2,800 Oregon teen-agers are seeking vacation work in canneries, the State Bureau of Labor reported today.

Labor Commissioner Norman O. Nilsen said this number was about 633 above the figure for the same period last year.

Nilsen said the teen jobseekers hold special certificates permitting them to take cannery work immediately upon call and to transfer from one cannery to another. The cards certify that the holder is at least 16 years of age, the minimum for cannery work.

Buffalo Grazing In North Michigan

Traverse City, Mich.—(UPI) —Buffalo are grazing on the hills of northern Michigan for the first time in almost 150 years.

The three bisons at the Gerald Oleson farm have been put in with Oleson's herd of cattle. Oleson said he bought the animals for a breeding experiment.

"If the experiment is unsatisfactory, I'll give them to the first worthy organization that can make use of them," he said.

Connecticut was the first state to enact legislation on automobiles in 1901.

HOLDING HUGE REPLICA of Alaska's forty-ninth star, Governor William F. Quinn (right) extends islands' "good wishes" to Governor Mike Stepovich at San Francisco's airport. Governor Quinn and Hawaiian delegation are en route to Washington, D. C., to win statehood for Hawaii.

Holmes Schedules Church Address

Salem — (UPI) — Gov. Robert D. Holmes' activities for the rest of this week include a welcoming address to the North American Christian convention in Portland today, crowning the queen of the Independence harvest festival Friday and being grand marshal of the Cottage Grove rodeo parade on Saturday.

The governor will address Christian church representatives from all over the continent tonight at 7:30 in Portland Civic Auditorium.

The Independence affair, sponsored by the Junior Chamber of Commerce is scheduled for 6:30 p.m. Friday.

Both the governor and Mrs. Holmes are scheduled to participate in the Cottage Grove event, sponsored by the Cottage Grove Riding club.

On Saturday, the governor will turn to politics, joining Young Democrats at a picnic here.

Killer of Child Adjudged Insane

Riverside, Calif. — (UPI) — Mrs. Felicitas Nicholson, 32, former German war bride sentenced to death for the slaying of her 5-year-old daughter, has been adjudged insane and committed to Patton State Mental Hospital.

The decision to commit Mrs. Nicholson, former wife of ex-Air Force Sgt. Raymond Nicholson, Stillwater, Okla., came Tuesday during a second sanity hearing to determine whether she was sane when her little daughter was killed in July, 1957.

Superior Judge John G. Gabbert ordered her confinement after Dr. Otto Gericke, superintendent at Patton, and Dr. Zuelika Yarrell, a colleague, examined Mrs. Nicholson and pronounced her "insane."

"She is no longer capable of cooperating with her counsel," the doctors told the court and recommended she be confined to a mental hospital.

Thus, Mrs. Nicholson was saved from the death penalty imposed on her for beating her daughter, Heidi, to death but she still must live under the sentence.

"Should the defendant be found to have regained her sanity in the future, she will be subject to the death penalty imposed by her first trial," Judge Gabbert ruled.

Rilea 'Shocked' By Cut in Guard

Salem — (UPI) —Oregon Adjutant General Thomas E. Rilea said today a new Army plan for reduction of the National Guard was "a diabolical scheme to emasculate the National Guard.

News that the 41st division of Oregon and Washington was to have only three battle groups instead of the standard five came as a "shock" the general said.

Maj. Gen. Rilea said he should know soon exactly what troop allotment Oregon's Guard will be allowed.

"Until then I cannot comment much on the effect of the Army's plan. But I can assure you that no units in Oregon will be completely eliminated and that no community will see its armory abandoned" Rilea said.

He added, however, that some units might have to be joined.

CONTROL RULES BLAMED

Washington —(UPI)— The Air Force has blamed inadequate air traffic control rules for the collision of a military jet plane and a Capital Airlines Viscount near Brunswick, Md., on May 20 in which 12 persons were killed. The report to the Civil Aeronautics board, which is investigating the accident, criticized flight rules which permitted the jet to operate on the "see and be seen" visual flight principle in the same space used by the Viscount.

America Ambassador in Russia Well Qualified for Assignment

Editor's note: The following article, prepared by United Press International, describes Llewelyn E. Thompson Jr., who is United States ambassador to Russia. It tells of Thompson's background and his ability to negotiate with the Russians on a summit conference, which is his current task in the Soviet Union.

By United Press International

Llewelyn E. Thompson Jr., the poker-faced American ambassador to the Soviet Union, was described recently by one of his western colleagues in Moscow as "that fine figure of a diplomat."

But that's far from the complete picture.

Handsome, dapper and meticulously correct in deportment, Thompson — a career diplomat — does give the superficial appearance of the stereotyped fashionplate ambassador.

But this appearance does not deceive his Russian hosts or other diplomatic envoys, who know Thompson as a shrewd, well-briefed and skillful negotiator with one of the toughest minds in the business.

He is equally adept at handling touchy allies or sly adversaries.

The Colorado-born diplomat, 54 years old in August, is direct and succinct in address. He shuns rhetoric, avoids the customary diplomatic circumlocutions and hammers home his points like a trial lawyer.

Methodical Worker

Thompson is fond of saying that "information is the mother of intuition" but does not rely on any sixth sense alone when he approaches the conference table with his head crammed full of hard facts and briefcase bulging with all pertinent documents.

He works methodically, showing up at his office at 9 a.m. and putting in an intensive workday. He places full confidence in his staff, listens patiently to all advice and then makes his own decisions. He lacks the scholarly gifts of his two immediate predecessors, Charles E. Bohlen and George Kennan, but makes up for this by native common sense, industriousness and experience. He is well suited to conducting the long and often exasperating talks which are his lot in his present post.

Thompson, born in Las Animas, Colo., Aug. 24, 1904, was graduated from the University of Colorado in 1928 and entered the Foreign Service the next year. His first assignment was in Ceylon, followed in 1933 by a post in the U.S. Consulate in Geneva which at that time was the seat of the League of Nations.

Went to Moscow in 1940

In 1940, Thompson was transferred to a minor post in the Moscow embassy. Four years there gave him a working knowledge of Russian but he is not a fluent linguist. When the diplomatic corps fled Moscow for the Volga in October, 1941, as the Germans menaced the capital, he remained behind and risked possible capture to look after American interests.

After his first Moscow service, Thompson was assigned to London, Washington and Rome.

A big break for him came in 1952 when President Truman appointed him high commissioner in occupied Austria, a post in which he was to achieve two outstanding successes which marked him for higher things.

He and a British diplomat skillfully persuaded the Italians and Yugoslavs to accept a partition of the city and port of Trieste and thus settled that thorny post-war issue.

Austrian Treaty

He then was assigned to work with the British and French to negotiate with the Russians an independence treaty for Austria — a labor which culminated in unusual success.

Thompson moved from Vienna to Moscow in mid-1957, succeeding Charles E. Bohlen. Within a short time, in December, 1957, the Russians began to urge a summit conference and ever since Thompson has been engaged in negotiations on this subject.

Thompson is regarded as particularly well-qualified for the tedious and cautious job of trying to work out such arrangements with the Russians. He is a good reporter and tenacious negotiator.

Thompson married Mrs. Jane Monroe Goelet in 1948. They have two daughters, Jenny and Sherry. Mrs. Thompson has another daughter, Fernanda, by a previous marriage.

Interest in Fizz Cited by Educator

Loma Linda, Calif.—(UPI) —Fizz in their gin interests Americans more than the fizzles in their rockets, and that's one of the reasons the U.S. is lagging in the space race, a Washington, D.C., educator said today.

Dr. Winton H. Beaven, dean of the School of Graduate Studies at Potomac University, told the ninth annual Institute of Scientific Studies for the Prevention of Alcoholism that Americans spend more on liquor than basic research.

"Americans are spending 10 times more on liquor each year than is being spent on basic research, upon which our survival as a nation, we are told, depends in this age of rockets and sputniks," Beaven said. "This may account for our lag in the space race with the Russians."

ROCKET FIRING BANNED

Birmingham, Ala. — (UPI) Home-made rockets were placed in the same class as fireworks here Tuesday and forbidden for general use. The city commission adopted a resolution making it unlawful to launch rockets except under the supervision of the fire marshal.

Judge Holman Not To Seek Court Job

Oregon City — (UPI) — Circuit Judge Ralph Holman said today he had decided not to seek election to the State Supreme Court in November.

Judge Holman had considered seeking the vacancy created by the resignation of Justice James Brand. Kenneth J. O'Connell of Eugene was appointed to the position. "The appointment generally has been well-received and I see no reason to disturb it," Judge Holman said.

Lester Humphreys, Portland, has announced he will be a candidate for the position.
