

NEW KING OF THE RACKETS—Vito Genovese shown in New York after his arrest by federal agents in the government's "major crack-down" on the narcotics trade.

Correct Garb Said Powerful Incentive

Chicago —(UPI)—Correct garb for teenagers has been termed a powerful incentive for them to keep out of trouble.

A spokesman for the American Institute of Men's and Boy's wear, sponsors of a "dress right" program in the country's high schools, said that results of the program also show that more attention to dress stimulates self-respect and increased seriousness toward school work.

The spokesman said that about one-third of 3,100 high schools invited to participate in the program have done so and that most of the others planned to enter it in the fall.

Educators have found that when the students themselves take the initiative in formulating and enforcing codes of proper dress, such programs are usually successful," he said. "However, when the student body feels that the codes are forced on them by school officials or parent groups, they resist."

Tree Farming Meets Timber Need

Chicago —(UPI)—A forestry expert says the nation's timber need at the turn of the 21st century can be met by a tree farming program sponsored by the timber industry.

James C. McClellan, chief forester for the American Forest Products Industries, said the program—already helping many small landowners to farm trees—has removed long-time fears that the country would run out of wood one day.

"Now we are growing timber faster than it is being removed from the forest — by harvest, fire, disease and insects," McClellan said. "This steadily expanding program gives us reasonable assurance that we can meet all future needs for wood."

Havana University To Fire Professors

Havana —(UPI)—The government said today it plans to dismiss more than 300 professors and hundreds of other employees at the University of Havana which has been closed for 22 months because of the rebel campaign against President Fulgencio Batista.

The Council of Ministers approved a draft law submitted by the Education Ministry halting salaries of faculty members and employees "not rendering services" at any state-supported university whose activities are paralyzed. The law must be ratified by Congress and signed by Batista before becoming effective.

Physician Dies as Auto Rams Train

Michigan City, Ind.—(UPI)—A Michigan City physician was killed Wednesday when his car hit a New York Central passenger train.

Killed was Dr. Robert J. Ballard, a 1942 graduate of Indiana University. He was dead on arrival at Saint Anthony's hospital.

LEAVES FORMOSA POST

Taipei, Formosa—(UPI)—Maj. Gen. Frank S. Owen, outgoing deputy commander of the U.S. Taiwan (Formosa) command, leaves for the United States for reassignment. He spent two years here as a leading military adviser to the Nationalist Chinese government.

PENNEY'S
