

Graham Visions Doom of World

Los Angeles—(UPI)—Evangelist Billy Graham believes the doom of the world will come in the Middle East where life first began at the junction of the Tigris and Euphrates rivers.

The handsome minister, whose oratory has swayed millions in rallies around the world, turned to the Bible Wednesday in discussing the shape of events in the strife-torn Middle East.

"We're seeing a shuffling on the stage for the last great drama of history," Graham said. "All we can do is sit back and pray."

The Bible teaches us that history began in the Middle East—in Iraq at the junction of the Tigris and Euphrates rivers—and the Bible teaches us that history will end in the Middle East; that the last great war will be there and that Israel will be in its center.

The minister will hold a rally at East Los Angeles Junior College Friday night. His topic: "The End of the World."

Strike Halts More Construction

Portland—(UPI)—More construction work was halted in Oregon today as a result of a strike by two unions against Associated General Contractors.

The AGC asked its Portland Building Chapter to halt work on jobs employing members of the striking Operating Engineers and Teamsters unions on the basis that "a strike against one is a strike against all."

The additional shutdown affects several projects in Portland and the SAGE Air Force facility at Camp Adair. Earlier some \$25 million worth of heavy construction work had been halted in Oregon.

The strike spread into Oregon from southwest Washington a week ago today. Teamsters joined the walkout Monday. Both unions have been unable to agree on new contract terms with AGC.

A federal mediator met Wednesday with the Teamsters and the AGC. No report of progress was made.

Cuba Rebels Free Four Servicemen

Guantanamo Bay, Cuba—(UPI)—The Cuban rebels freed four more kidnaped U. S. servicemen Wednesday night. One said the remaining 18 hostages would be released in similar small groups, usually four at a time.

The four returned Wednesday included one Marine and three sailors. Two Marines and five sailors were in the first group to be freed Tuesday. They were among 29 U. S. servicemen kidnaped by the rebels June 28.

Brought out of the hills to this U. S. Naval base by helicopter in the second day of the operation were Marine Pfc. Hal C. Wolfall, of Marysville, Ind.; Seaman Lawrence E. Jamison, of Bradford, Pa.; Yeoman (Seaman) Michael P. McArdle, of New York City; and Seaman Angelo Mpazos, of Bronx, N. Y.

Jamison quoted the rebels as saying they would release only four men daily.

All four appeared in good health. They said they were "treated fine" during their 18 days in rebel captivity.

Miss Universe Beauty Test Opens

Long Beach, Calif.—(UPI)—The 1958 Miss Universe beauty pageant opens today with the arrival of a plane-load of lovelies dedicated to the proposition that while beauty may be only skin deep—'s pretty important.

For the next 10 days, the city will host some of the world's most beautiful women from five nations, 45 states and the District of Columbia.

After fashion shows, modeling for photographers, parades, posing for pictures, and the judging, well-covered by photos, Miss Universe will be chosen to reign as the world's "most beautiful woman."

TEACHERS PLAY HOOKEY
Tokyo—(UPI)—Tokyo's board of education today punished 30,339 teachers who played hookey for a day nearly three months ago to protest an efficiency rating system. Most of the teachers—30,057—received only letters of admonition for staying away from their classes, but 76 drew six-month suspensions, 41 had their salaries cut and 165 were officially reprimanded.
