

Grange News

Bellevue Grange
At the July 15 meeting of the Bellevue Grange, George Nichols reported on the success of the Siskiyou 4-H picnic held July 10 and encouraged everyone to watch the parade for other 4-H affairs in Jackson county, and attend if possible.
In addition, Nichols reviewed the 4-H summer camp activities at Lake of the Woods and expressed the future desire of the leaders to acquire the old Salvation Army Camp on the north shore of the lake, in conjunction with Klamath and Coquille counties, providing 4-H summer camps at always inexpensive and well supervised by leaders and counselors.
Master Frank Malin was happy to report that the first

summer square dance on July 12 was well attended and enjoyed by all, and announced that the second dance was held last night directed by Floyd Workman and Buzz Dibble.
Final plans also were made for the annual Grange picnic to be held July 29, 1 p.m. in the upper Lithia park picnic area. All members, their families and friends are invited to attend. Coffee, punch and ice cream will be furnished.

The public is invited to attend the 8 p.m. program at the Grange hall, Aug. 5, when Mr. Hubble from the County Agents office will speak on "Weed Control". Members are asked to bring weeds to be identified. The regular semi-monthly Grange meeting will follow this program.

Entertainment for the evening, directed by Mrs. Lloyd Headley consisted of an amusing skit in which Mrs. Henry Lindsay, Mrs. Lum Lancaster, Mrs. Bud Zimmerlee and Frank Malin played roles, and a reading by Mrs. Frank Malin. Highlight of the evening was the original pantomime style dance by Miss Joy Hinkson and Miss Diana George called "Strolling Down Broadway."

At the close of the program refreshments were served by Mr. and Mrs. Carl A. Henry, Mr. and Mrs. Cecil Gilbert, Mr. and Mrs. Herman Helm and Mr. and Mrs. George E. Felger.
May F. Malin, Reporter

The begonia owes its name to a French amateur botanist, Michel Begon, an administrator in the West Indies at the time of Louis XIV. The plant reached England in 1777; its culture in Belgium began in the middle of the 19th century.

IN BEIRUT—U. S. Marines ride armored troop carriers past docks in Beirut, Lebanon. Rebel machine-gunners appeared to have fired on a U. S. Marine plane, but rebel chief Saeb Salem told newsmen that the gunners were actually aiming at Government House.

Dangers Seen in Two Proposals

Salem — (UPI) — Abolition of the Board of Control and stripping of the Secretary of State of key responsibilities were seen as dangers in a proposal before the Legislative Interim Committee on Government Reorganization here Friday by Warne Nunn, Assistant Secretary of State.

Nunn said he would have future comment concerning attempts to take accounting duties from the Secretary of State.
Under consideration were proposals to take responsibilities for buildings and grounds away from the Secretary of State and give them to the Department of Finance and Administration.

Some 100 employees would be involved in the switch.
Proposed bills also discussed would take the building authority from the Board of Control and from some other boards and commissions and vest it in the Finance Department.

"By over-centralization the Director of Finance takes over not only Board of Control and Board of Higher Education decisions but also many of the planning functions of heads of institutions," Nunn said.

Logging Restrictions

Olympia — (UPI) — Restrictions on logging, land-clearing and other operations which may cause a forest fire to start, have been discontinued in Clallam, Jefferson and Grays Harbor counties.

All such operations were to be shut down effective midnight Saturday in Mason and Kitsap counties, according to the Department of Natural Resources.

Nunn told the committee he thought the Finance Department was seeking power that the people had vested in the Board of Control for the past 45 years.

Express Highway Crash Kills Two Near Bridal Veil

Portland — (UPI) — Two persons were killed and four persons injured, one critically, in a three car collision on the Express Highway about a half mile east of Bridal Veil Falls early Saturday.

Dead on arrival at Providence hospital in Portland were Robert Edward Sinclair, 51, Portland, and his wife, Bernice Finley Sinclair, 46. Arvid S. Howell, Spokane, driver of another car, was listed in "critical" condition. Passengers of the third car Elizabeth Jean Glaubitz and her 6-year-old daughter were reported in good condition at the hospital. Driver of their car, Donald Eugene Glaubitz, of Portland, was uninjured.

A Sinclair son, David Fisher Sinclair, 13, suffered a left knee injury in the crash but was reported not seriously hurt.

Police said the Sinclair car crossed into the path of the oncoming traffic in an attempt to avoid a head-on collision and was struck semi-head-on by the approaching car, which was turned cross-ways on the highway and was struck by a third car.

County police said the accident was under investigation.
Most weed-killers work best when the weeds are small and growing actively.

SECOND TIME IS FATAL

Lake City, Tenn. — (UPI) — A coal miner who had just returned to work after being injured in a slate fall accident was killed Friday in a similar mishap. Edmond Bunch, 23, was fatally injured at a Du-bonia mine 26 miles west of here.

Texas oil drilling in 1957 totaled an estimated 90 million feet of hole.

PARENTS, PLEASE NOTE
Rutland, Vt. — (UPI) — Mrs. Blance Granger was awarded \$1,000 by a county court jury for injuries suffered when she fell while leaving a baby-sitting job. The jury ruled her employer was negligent in failing to keep a passageway well-lighted, and in good repair.

OUT OF PLACE
Charleston, W. Va. — (UPI) — When Gov. Cecil H. Underwood appointed state historian Kyle McCormick to the Governor's Traffic Safety Advisory Committee, McCormick wasn't sure he belonged in such company. "I never owned or drove an automobile in my life," he said.
