

### Timber Appraisal Method Improved

Salem—(UPI)—The State Tax Commission's timber appraisal methods have been much improved because of additional manpower made possible by the statewide reappraisal program, Wallace Eubanks, the commission's timber appraisal supervisor, testified Friday at a continuing fact-finding hearing on timber taxation.

Eubanks said that when he joined the commission staff as an appraiser in 1946 there was only one other forester employed. Now there are 18 graduate foresters in the timber section in addition to other technicians.

Even this staff is not sufficient to gather all the information needed for complete evaluations, Eubanks said, since the reappraisal program thus far involves 14 of the state's timber-bearing counties.

Eubanks said his department needs more co-operation from the timber industry in the gathering of data necessary for more accurate valuations.

He said lack of co-operation is probably due to fear that information would lead to higher valuations as well as giving information to competitors.

### Wreckage of Light Plane is Found

Seattle — (UPI)—Wreckage of a light plane, believed to be one which has been missing for four years, has been found five miles north of the Snoqualmie Pass summit, William Gebinini, state aeronautics commissioner, said on Saturday.

Gebinini said he and a representative of the Civil Aeronautics administration and two timber cruisers, who found the downed aircraft, will fly into the area by helicopter this afternoon to investigate.

The chairman of the Aeronautics commission said the plane may be the one reported overdue on a flight from Yakima to Vancouver, B.C. April 12, 1954, with Mr. and Mrs. E. B. Cole of Ontario, Canada, aboard.

### Chinese Red Protest Action in Mid-East

Tokyo — (UPI)—Millions of Communist Chinese and North Koreans are staging round-the-clock mass demonstrations and parades in major cities to protest U. S. and British Mideast troop landings, Communists news outlets reported Saturday.

Radio Peiping said that by noon yesterday more than a million Chinese had marched through Peiping streets "under a sea of colored flags and placards."

The New China News Agency reported hundreds of thousands flocked to protest rallies in Shanghai, Tientsin, Canton, Chengtu, Changchun, Chengchow, Changsha, Tsinan, and other big cities.

In the Red Chinese capital, waves of demonstrators marched 20 and 30 abreast in an all-night protest Friday night past the British legation, the news agency said in a broadcast monitored here.

### Hungarian Pickets Tear Red Flag Down

New York — (UPI)—Angry anti-Communist Hungarian pickets massed outside the Russian government's Park Avenue mansion Saturday and dramatically tore a Soviet flag to shreds.

While the 40 pickets ripped up the Hammer and Sickle flag and stomped on it in a gutter, 225 policemen stood by to prevent possible violence.

### Protest Filed Against Attack on Embassy

Moscow — (UPI)—U. S. Ambassador Llewellyn E. Thompson has protested formally against the mob attack Friday on the American Embassy.

He demanded compensation for damage to the embassy building and asked the Foreign Ministry to take urgent measures to prevent any future demonstrations.

The New York State Department of Mental Hygiene operates 18 schools of nursing. The three-year course is tuition-free.
