

Try and Stop Me

By BENNETT CERF

HENRY YOUNGMAN knows a woman who finally has hit upon a sure-fire method of getting her good-for-nothing husband out of bed and off to what he laughingly refers to as work every morning. "All I do," explained the woman, "is throw the cat on his bed." "How does that get him up?" asked Youngman. "It's a cinch," chuckled the lady. "He sleeps with the dog."

Thomas Stevens, former secretary to President Eisenhower, once was instructed to invite presidential assistant Sherman Adams to a fundraising dinner, and according to reporter Tom Henry, was judicious enough (probably wished for time) to address Mr. Adams as "Dear Sher." Adams replied in kind: "Dear To: I am sorry. I shall be in Minnetonka. Lov, Sher."

Speaking of interesting experiments, Doodles Weaver, racing enthusiast, recently crossed a rooster with a Racing Form, and came out with a chicken that lays odds.

President's Victory On Reciprocal Trade Bill May Increase

Washington—(UPI)—President Eisenhower's trade bill victory is expected to become even greater in final congressional action, it was indicated today. House and Senate conferees were to meet soon to compromise the two versions of the reciprocal trade bill. The Senate Tuesday night handed the President a major victory by approving the program after beating attempts to restrict his power to cut tariffs on foreign imports.

Mrs. Patty Davis, Air Crash Victim, Returns To Home

Fresno, Calif.—(UPI)—Mrs. Patty Davis, 35, and her husband came home Tuesday night to an enthusiastic welcome from some 200 friends at the airport here. Her happy smile belied grim memories of an Oregon plane crash three months ago. She spent three freezing days in the open with injuries that caused loss of her left foot and part of her right foot.

"It feels wonderful to be back," she said. Home by Plane She left a John Day, Ore., hospital at noon Tuesday for Fresno with her husband, bandleader Bruce Davis, in a twin-engined Cessna similar to the one in which they crashed.

With them were their son, Scott, 10, and Dr. Gerold Van Der Vlught, co-director of the John Day hospital. Dr. Martha Van Der Vlught, who remained in John Day, said her husband went with the Davises to assist in the fitting of the artificial limb in California. "She was in real, real good condition when she left," according to "Dr. Martha," the other co-director.

Crashed April 2 The Davises' own Cessna crashed near Dayville, west of here April 21 in rugged eastern Oregon rimrock country while en route from Fresno to Spokane, Wash. About 30 John Day residents, including city officials, were at the airport to see Mrs. Davis off.

Engineers, AGC Continue Meetings

Portland—(UPI)—The striking Operating Engineers union and the Associated General Contractors met with a federal mediator here again Tuesday but no report on progress of the negotiations was made public and another meeting was scheduled for today. The sessions lasted until 6 p.m. Tuesday.

The strike-lockout is tying up some \$400 million worth of construction jobs in Oregon and Southwest Washington. Twenty-thousand workers are affected.

SAVED FROM WELL

Richmond, Va.—(UPI)—Herbert Sigmund, 12, did some fast thinking Tuesday when his younger sister, Barbara Ann, fell into a 33-foot well. He called for his mother, lowered the well bucket and while his mother held the rope—ran a half-mile for help. The girl was pulled out safely.

Compromise Hoped

The administration hopes for a compromise four-year extension of the President's tariff-cutting powers. The administration had asked five years and the House went along.

The Senate slashed the extension to three years, but smacked down moves by the protectionist bloc to clamp sharp curbs on the President's power to overrule the Tariff Commission in granting tariff relief to domestic industry. The final Senate vote was 72 to 16 for passage.

Eisenhower let it be known he would be satisfied with a four-year extension.

The conference committee also will have to agree on a ceiling for tariff cuts. The Senate approved a limit of 15 per cent with a maximum of 5 per cent each year. The House bill would permit a reduction of 25 per cent during the life of the bill with no more than a 10 per cent cut in any one year.

House conferees were reported ready to hold out for a better bill than the Senate version. They planned to concentrate their main effort on eliminating the Senate restriction which would prevent the President's added tariff-cutting authority from being carried over from year to year.

This carry-over ability was considered essential by the administration so the U.S. can be in a favorable bargaining position when trade talks with European common market countries begin three years hence.

City Problems To Be Aired at Parley

Berkeley—(UPI)—A two-day conference on metropolitan problems will begin here Thursday bringing together 250 West Coast city, county, and state government officials.

The purpose of the meeting is to discuss "the problem of organizing for services and functions in western cities and their suburbs," according to an announcement by the University of California, which is sponsoring the conference in conjunction with a number of other agencies. Topics under study will include city financing, transportation, water supplies and recreation.

Architecture Dean Selected for UO

Eugene—(UPI)—Walter L. Gordon, Portland architect, Tuesday was named as the new dean of Architecture and Allied Arts at the University of Oregon by Dr. O. Meredith Wilson, president of the school. The appointment was confirmed by the State Board of Higher Education meeting in Portland.

Gordon succeeds Sidney W. Little who resigned last spring. Little subsequently resigned from the university staff to take a post at the University of Arizona as dean of that school.

WATCHING OUT—Brig. Gen. Abdel Kerim Kassem, new premier of the revolutionary Iraq government, carries a submachine gun as he walks to his office in Baghdad. Cairo Radio reports that the United Arab Republic has signed a mutual defense pact with the new regime in Iraq.

Two Policemen Arrest Own Sons For Burglaries

Atlanta, Ga.—(UPI)—The two officers did not try to hide their tears when they returned to headquarters. Each had just picked up his own son on suspicion of burglary.

Members of the burglary detail, investigating a Monday night break-in and theft at a school construction project, Tuesday found a stolen electric saw in the possession of a 17-year-old boy who implicated two companions. Further investigation revealed that two of the three boys involved were sons of policemen.

Fathers Investigate Detective Supt. Glyn Cowan, notified of the fact, turned the investigation over to the fathers, Detective R. E. Little and Patrolman J. D. Corley.

The mother of one boy fainted when her husband arrived to place him under arrest. Both officers sobbed as they filled out arrest blanks. "I don't know what went wrong," said one. "They must have just acted on the spur of the moment."

All three boys are 17 and members of the junior class at the same high school. Their families said each attended church and Sunday school and

Astorian Named To State Board

Salem—(UPI)—Gov. Robert D. Holmes Tuesday appointed Dr. Jon V. Straumfjord, Astoria, to the State Board of Medical Examiners.

Dr. Straumfjord will fill the vacancy on the board created by the death of Dr. Wilmot C. Foster.

The new appointee, recommended to the governor by the Oregon State Medical Society, has engaged in private practice in Astoria since 1934. His two sons, Jon V. and A. Allen also are doctors.

Dr. Straumfjord graduated from the University of Oregon medical school in 1929 and was on its staff from 1929 to 1934.

had never been in trouble before.

Scholarship Seen 'Ruined' The officers' sons are R. E. Little III and James D. Corley. The other youth, Melvin Clay, was a member of last year's state championship high school basketball team and has been active in student groups.

Young Clay said he had hoped for a college basketball scholarship, "but I guess this will about ruin that." All were free under bond today.

Powell Tax Evasion Charges Will Stand

New York—(UPI)—A federal judge refused Tuesday to dismiss an indictment charging Rep. Adam Clayton Powell (D-N.Y.) with income tax evasion.

Judge William B. Herlands said the indictment had been returned in accordance with law and of the grand jury process.

Do you know what Frankenstein said to his teenage son, "Frankie" (he always calls him Frankie)? No you can't go to The Craterian to see "THE FLY"! It's too scary even for you—it might scare the bolt out of your head!

In the Day's News

By FRANK JENKINS

The big news as this is written—No bombs have been dropped yet.

Don't pay too much attention to scattering rifle fire. There are many rifles in the Middle East—and a lot of nervous trigger fingers.

IN the U. N. the expected happens.

Russia vetoes the United States resolution to send an international police force into Lebanon under the United Nations flag. If that had been done, U. S. troops would have been withdrawn.

That happened in what is known as the Security Council. The United States moved immediately to call the U.N. General Assembly into session to consider the plan to send an international police force to handle the situation. The General Assembly is a

step above the Security Council. It COULD override the Russian veto.

A word of advice: Don't expect too much in the way of constructive and decisive action from United Nations.

It's a rather weak reed to lean on—unfortunately.

I SUPPOSE you've noted the anti-American "demonstration" in Moscow.

An "angry" mob of Russians gathers in front of the American embassy and screams "GET OUT OF LEBANON" and throws stones and ink bottles. Russian troops are called and quiet the mob of some 20,000 persons after all the windows in the first three stories of our embassy building were smashed.

Don't pay too much attention to that as a sign of American unpopularity. It's a part of the communist war of nerves. It wasn't spontaneous. It was PUMPED UP for a purpose. The communist authorities passed the word to their stooges to go and do it, so they went and did it.

Dedicated communists are disciplined and obedient. Therein lies a lot of communist Russia's power to do mischief in the world.

WHAT is it all about? It's a tangled mess.

But here are the fundamentals: CONGRESSIONAL reaction to the President's reply to Soviet Premier Nikita S. Khrushchev was generally favorable.

Knowland, a member of the Senate Foreign Relations committee, said he thought the proposal contained necessary safeguards "to preserve the peace, so nations wouldn't live in fear of external aggression or external subversion."

Knowland said Tuesday he thought the U.S. could deal a "fatal blow" to the independence of Lebanon by withdrawing troops unless armed U.N. forces replaced them.

Democrats to give immediate support to the President's proposal were Sens. Mike Mansfield (Mont.), Mike Monroney (Okla.), Warren Magnuson (Wash.) and J. William Fulbright (Ark.).

Knowland Lauds Ike's Proposal

Washington—(UPI)—Senate Republican leader William F. Knowland (Calif.) Tuesday night praised President Eisenhower's proposal for a top-level United Nations meeting on the Mideast crisis as "strong and forthright."

Congressional reaction to the President's reply to Soviet Premier Nikita S. Khrushchev was generally favorable.

Knowland, a member of the Senate Foreign Relations committee, said he thought the proposal contained necessary safeguards "to preserve the peace, so nations wouldn't live in fear of external aggression or external subversion."

Knowland said Tuesday he thought the U.S. could deal a "fatal blow" to the independence of Lebanon by withdrawing troops unless armed U.N. forces replaced them.

Democrats to give immediate support to the President's proposal were Sens. Mike Mansfield (Mont.), Mike Monroney (Okla.), Warren Magnuson (Wash.) and J. William Fulbright (Ark.).

Trombonist Gains; To Quit Hospital

San Francisco—(UPI)—Dixie-land trombonist Edward (Kid) Ory, 71, was expected to leave St. Luke's hospital today, where he has been recuperating from an operation.

Ory has been seriously ill as a result of excessive bleeding following the prostate operation. However, doctors succeeded in stopping the bleeding a few days ago and Ory has been up and around since then.

He received 38 pints of blood in transfusions.

Brazil-United States Institute Ransacked

Portaleza, Brazil—(UPI)—Officials of the Brazil-United States Institute today began clearing away the debris left when unidentified vandals forced their way in and ransacked the premises.

The vandals broke in Tuesday, smashing furniture and windows and tarring walls of the cultural organization with slogans demanding the U.S. force get out of Lebanon.

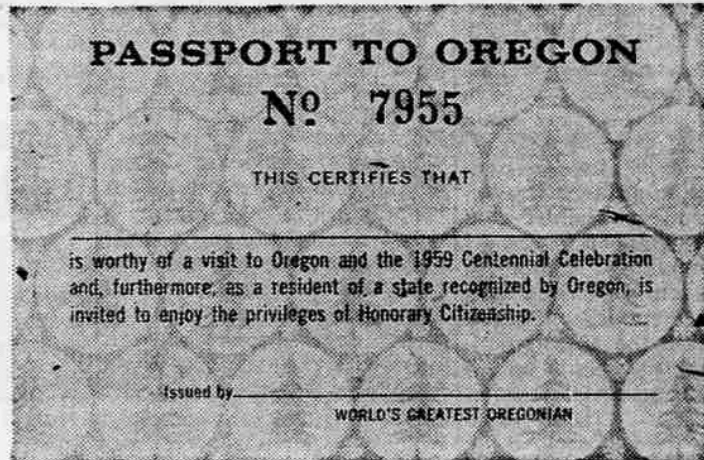

ALBERT STILL MISSING

Waco, Tex.—(UPI)—No one is swimming in the Bosque river these days. Despite an intensive two-day search of the river by parties in boats, on foot, on horseback and in helicopters, Albert the alligator, who escaped from Central Texas Zoo at Waco Sunday, was still at large today.

HOW TO PROVE YOU ARE ABSOLUTELY THE World's Greatest Oregonian

Help Citizens of the Other 47 States Across the Fir Curtain Into Oregon!

What has happened up till now: Thanks to your help the Keep The World Green project was a huge success; the World has never looked so good. Over 63,000 Oregon Firs were sent to people in every one of the 48 other states—and to 80 foreign countries by history's first Fir-lift. So now the tree shipping season is over until next Fall (trees have seasons just like strawberries or apples). You'll be able to send trees again in November; we'll let you know. Meanwhile, we can all take a breather, can't we? No, we can't. Time, tide and the Centennial wait for no man. It's not enough to send out trees, we've got to bring in people.

Out there, on the other side of the Fir Curtain, are 168,000,000 Non-Oregonians. The majority of those deserving unfortunates have never been to our state. A lot of them would visit Oregon and our glorious 1959 Centennial if they could.

What is stopping them? Well, this may seem hard to believe, but a lot of people out there don't know enough about Oregon—or the Centennial—to have ever thought much about coming here. And maybe nobody ever asked them. Have you?

One thing is for sure: if you don't invite them somebody else will. They'll end up visiting California, Texas, or some other dreadful place instead of our breath-taking, Cascade-studded, ocean-fronted Oregon. What are we waiting for? Let's send them:

Oregon Passports! Mail Oregon Passports to your relatives, deserving friends, and business acquaintances across the Fir Curtain. Or if you're going on a vacation or business trip, pass them along in person. These documents will prove beyond all doubt that the bearers are Honorary Oregonians and will moreover invite them to attend the Centennial Celebration.

Important: Every Passport to Oregon must be signed by the World's Greatest Oregonian—you. (Yes, you are and we're going to send you a card to prove it).

How to get Oregon Passports and prove you're the World's Greatest Oregonian:

Fill in the coupon below and mail it to us right away. We'll dispatch the documents: a pair of Oregon Passports (if you need more for some special mass rescue job let us know) and a card proving you are The World's Greatest Oregonian.

Oregon Passport Headquarters—Dept. K Blitz-Weinhard Brewing Company, P.O. Box 4286, Portland 8, Oregon. Dear Blitz: You can count on me to urge a couple of worthy Non-Oregonians to come to the 1959 Centennial. Rush me a pair of Passports which I will issue promptly. Glad you agree I am the World's Greatest Oregonian. Please send along my card to prove it. Name _____ Address _____ City _____ Zone _____ OREGON
