

ROGUE RIVER Woman Back From Trip

By MRS. MYRTLE WHIPPLE
Rogue River—Mrs. George Summers has returned to her home here after spending several weeks in Idaho. She was accompanied by her daughter, who will spend the summer with her.

The Rogue River Hobby Club met Tuesday at the county home of Mrs. Harold Dunham on Savage creek.

Only seven members were able to attend and one guest, Mrs. Stanley Moore, was present. The hostess served lunch at 1 p.m. and gifts were exchanged.

The afternoon was spent visiting. The next meeting will be at the home of Mrs. Sophia Bunch at Cave Junction.

Mr. and Mrs. Francis (Slim) Hawkins have as their house guest Miss Vicky Kinsley of Portland. Vicky is a niece of Mr. Hawkins.

Mr. and Mrs. George D. Dolly of Port Orchard, Wash., visited Mrs. Ambre Blayden last week.

The Rev. and Mrs. Barnett have as a visitor at their home in Grand Pass their grandson from Santa Rosa, Calif. The young man's father is pastor of the First Presbyterian church in Santa Rosa.

Mrs. Ralph Bosse is in California visiting her mother, Mrs. F. Roach.

Funeral services for Mrs. Anna Lake were held at the residence at 10:30 a.m. last Saturday in the Woodville cemetery. Mrs. Lake was 87 years old and had made her home in Rogue River for many years.

She is survived by her husband, Frank Lake.

Mr. and Mrs. James Whipple had as their guests for a birthday dinner Sunday, Mr. and Mrs. John Breeding. It was Mr. Breeding's 81st birthday.

Mr. Breeding was born near Rogue River and has made it his home most of his life.

Mrs. Doris Allison and son and daughter of Norfolk, Calif., spent the week end with Mrs. Allison's mother, Mrs. Ambre Blayden, and Uncle Tom Wilson. Visitors Sunday at the Wilson home were

Estimates of Tax Should Be Correct

Lenders and builders in the GI home loan program should make sure that reasonably accurate tax estimates are given to veteran-buyers and reported to the Veterans administration, S. T. Brannock, officer in charge of the Medford Veterans administration office, said today.

In some areas, Brannock explained, real estate taxes and special assessments have been erroneously estimated when negotiating with veteran-buyers, and when submitting loan applications to VA.

By this practice, Brannock said, the veteran is faced with meeting a substantially higher monthly payment shortly after closing the loan than he originally was informed he would have to pay.

In some cases, the increased payment is so much higher that, if it were known prior to approving the loan, he said VA would have rejected the application because of the veteran's insubstantial income.

The loan also may be placed in jeopardy due to the borrower's inability to meet the increased payment, Brannock added.

Even though exact amounts of real estate taxes and assessments may not be available, accurate estimates may be obtained by checking with local taxing authorities or by comparing nearby properties, he said.

Portland Gets Award For Safety Check

Portland—UP—Portland is one of five major cities in the nation to be selected to receive a state award for conducting an outstanding vehicle safety check program, it was learned here Friday.

Ralph Kadderly Jr., chairman of the city's safety-check campaigns for the past two years, received notification from the headquarters of the Inter-Industrial Highway Safety Committee in Washington, D.C., one of the sponsors of the national drive.

More than 2,000 communities conducted campaigns throughout May, Kadderly reported.

Other major cities to be granted like awards are Seattle, Indianapolis, San Francisco and St. Louis.

Ira's population has grown by 1,721,924—a about 33 1-3 per cent—in 10 years.

Business Activity Low Point Now Past, Analyst Believes

The low point in business activity was reached in April, Edmund W. Tabell, nationally prominent market analyst and director of the Institutional Research for Watson and company, said in a public address Friday afternoon in Medford.

Business will slowly recover through the summer, Tabell said, and build up in the fall so that it will be level and steady near the end of the year. He added that business would not reach the highs of 1957.

Tabell spoke of 1957 as one of the years between two business booms, the first ending in 1956 and the second starting in 1961. He said the reasons behind the first boom, which started in 1948, were shortages due to the war, capital expansion which finally reached its peak, and population growth.

He commented that population growth is not favorable for business expansion at the present. But, he said, it would be one of the main reasons for the next boom. By 1961 the babies born during World

War II will be needing more homes, more major appliances, more equipment for starting housekeeping.

On Plateau
Meanwhile, Tabell said, business will remain on a high broad plateau. Stock market averages will not go up very much, he added, nor will they go down very far. He believes the Dow Jones stock average's high would be 510. The speaker added that the middle east outbreak was probably responsible for a 20 point rise.

Stock investors should look to "off-beat" situations for major profits, Tabell explained.

Tulelake Spray Plane Pilot Unhurt in Crash

Klamath Falls—UP—Jack Mulkey, head of the Mulkey Spray Service, escaped uninjured when his spray plane crashed near Tulelake, Calif., about 8:35 a.m. Friday.

Tulelake Chief of Police Jerry Ternus said the plane was demolished. Mulkey was spraying potato fields at the Otto Haynes ranch.

adding that he felt that the investor must look for types of companies and types of situations that will do better than average during this two or three year period.

Spending habits of the public have changed since the war, he said. Immediately after the war there was a need for many items by the public. That situation has changed, and the consumer can now make a choice in his purchases. He can either buy more major items or raise his standard of living. This new trend makes consumer soft goods and services more in demand.

Stock market average averages over the years vary little, the speaker said, while individual stocks change a great deal during the same period.

The speaker concluded by challenging his audience to forget about the market and look at individual stocks and see what they are doing to do.

Approximately 60 persons attended the talk and hour's discussion period in the Pioneer room at the Jackson hotel.

80 Korean Tots Arrive in Portland

Portland—(UP)—The latest orphan airlift from Korea, 80 tots, in the Harry Holt adoptive program arrived in Portland International Airport Friday evening in a chartered Korean National Airlines plane from Seoul.

U. S. Immigration officials said one child had the measles and seven others were not released to their new foster parents pending tuberculosis checks at hospitals.

About 150 persons, including new foster parents, were on hand to greet the plane. Holt and his daughter, Mollie, accompanied the orphans on the flight. The Creswell, Ore., farmer has placed hundreds of orphans of mixed Korean-American parentage in homes in the United States.

Stepovich To Run For Senator From Alaska

Juneau, Alaska—UP—Gov. Mike Stepovich announced Friday he would submit his resignation as territorial chief executive to President Eisenhower and run for the U. S. Senate from Alaska on the Republican ticket.

The rings around the planet, highly reflective solid Saturn are composed of tiny, "moons" or "moonlets."
