

Wreckage, Oil Blocks Columbia River Expressway

Portland—(UPI)—The Columbia river express highway was blocked for more than an hour Monday night as the result of a smash-up involving three trucks and a car.

The driver of one of the trucks, Charles E. White, 38, of Walla Walla, Wash., was injured. He was reported in "fair" condition today in Providence Hospital. Three other drivers involved were uninjured.

White's tractor-trailer overturned, spilling oil over the highway.

Multnomah County sheriff's deputies held up traffic on the highway for more than an hour while a fire truck hosed the oil from the pavement and a state highway sanding truck sanded the roadway.

Others Involved

Other drivers involved were William A. Milburn, 30, of Sunnyside, Wash., driver of a tractor-trailer loaded with roofing materials; Junior Jerome Linder, 31, of Grandview, Wash., driver of a tractor-trailer loaded with steel; and Anthony J. Fitzgerald, 45, of The Dalles, driver of the car.

Investigating officers reported that Linder and Milburn were parked on the highway shoulder, straightening a shifted load when White apparently struck the other two trucks, then overturned on the highway.

Fitzgerald following White, said his car struck a set of dual wheels that were sheared off White's truck as it overturned.

Manila-Seattle Air Hop Delayed

Manila—(UPI)—American flier Marion (Pat) Boling postponed today his scheduled nonstop flight from Manila to Seattle because of typhoon Doris.

Boling had planned to take off at dawn Wednesday. Instead, he may take off at 5 a.m. Thursday. The Philippines Weather Bureau advised Boling typhoon Doris was moving northeastward along his proposed route.

Meanwhile, weather and aviation stations in Taipei, Okinawa, Tokyo, and Seattle, as well as the U.S. Coast Guard, have been alerted to keep in touch with Boling during his 6,682 mile flight.

Boling held two test flights today in preparation for his big hop. If he succeeds, he will break the record for a nonstop flight in a small plane set by Bill Odom in 1949. Odom's record was 5,273 miles.

Boling said he talked with his wife, Joyce, by telephone. The family home is in Palo Alto, Calif. She said she will make a solo flight to Boise, Idaho, to meet him there after he lands at Seattle.

Mother Kills Son To Prevent Marriage

Nuernberg, Germany—(UPI)—Police here have arrested a 60-year-old widow on charges of murdering her son to keep him from marrying and leaving her alone.

Josefine Fischold was tracked down in nearby Fuerth less than 24 hours after her 28-year-old son Rudi was found with his throat cut in what apparently was meant to have been a murder and suicide.

A letter written by Frau Fischold, found beside her son's body, said: "I am passing from this life and taking Rudi with me. Please bury us in the same grave. We want to be together."

Rudi was to have been married today, and police say that his mother—whose husband died last winter—was afraid of being left alone.

Fog, Accident Disrupt Airplanes

New York—(UPI)—Heavy fog and a runway accident combined Monday night to disrupt operations at both New York airports.

LaGuardia Airport was shut down, forcing the cancellation of 50 flights and the diversion of 20 incoming planes. Departures were resumed shortly after midnight, however.

At Idlewild Airport, 50 incoming flights had to be diverted after a Northeast Airlines DC6B blew its four main landing gear tires while setting down on the only runway equipped for instrument landings. No one was hurt, but the plane, inbound from Miami, blocked the runway for two hours.
