Labor Proposal Dropped at Portland

Portland —UPI—The Portland city council Wednesday voted to drop a Multnomah County Central Labor council proposal for a study leading to a ballot measure on a strong mayor form of government.

Mayor Terry D. Schruink dissented from the vote and urged the council to study any proposals made to it.

The council acted after Commissioner William A. Bowes and labor council delegate Jim O'Brien debated the merits of the labor council proposal.

O'Brien, a member of the Masters, Mates, and Pilots unions, said the closeness of the May primary election on the issue of the city manager form of government indicated a public dissatisfaction with the present form.
