Non-Union Workers Unload Cargo Ship

Portland —(UPI)— Non-union workers Friday continued to unload aluminum for the Harvey Aluminum company plant at The Dalles despite efforts of the Longshoremen's union to halt the work.

Harvey company technicians have been handling the cargo inside a fenced enclosure.

The union Thursday obtained a temporary injunction from Judge James R. Bain restraining the firm from using non-union men.

However, a union attorney said the Multnomah county sheriff's office "slipped up" when the order was served on two Portland attorneys instead of the Harvey officials.

The union charges that the use of non-union men violates the terms of a collective bargaining contract that stipulates that the union hiring hall will be used exclusively for hiring personnel to unload ships.

The complaint asked for a temporary injunction pending trial of the suit and a permanent injunction to be ordered later.

Money Saved on Railroad To Be Used

Portland —(UPI)—Portland's city council finance commissioner Ormond R. Bean said Thursday that $4,161 — the amount saved in the original construction of the Portland zoo railroad by donations of labor and materials — will be used on the railroad after all.

The council decided to use the money to pay for grading and slashing work on the extension of the Zooliner tracks to Washington Park.

Bean said work on the new trackage and right-of-way will get underway immediately.

Young Mother Charged With Manslaughter

Montesano, Wash. — (UPI) — Mrs. Darlene Palmer, 21, who buried her daughter beneath the family back porch last week, was charged in Grays Harbor County Superior Court Friday with manslaughter and "concealment of a dead body."

Mrs. Palmer buried the baby July 30 and then invented a kidnaping story to account for the child's disappearance, according to authorities.

Head Injuries

Prosecutor James Solan said the death of the six-month-old girl, Joyce, was caused when the mother "threw her on an old davenport in such a violent manner that the child sustained head injuries from which she died the same date, July 30."

Solan made the charge after conferring with Dr. Kenneth Bartlo, Olympia pathologist who performed the autopsy.

Mrs. Palmer, who was being held in jail here on an open charge, has held to her lates story that the child died accidentally. County Sheriff Richard Simmons said she would be questioned further concerning the results of the autopsy report.

Story Proves False

The woman, also mother of an 18-month-old girl, told the FBI and Simmons earlier that an unknown assailant had knocked her out when she was in the back yard of her home near Porter. She said the baby was gone when she regained consciousness.

The mother stuck to this story until last Sunday when the baby was found buried in a blanket under the back porch, ending a four-day search.

California Man Sentenced in Court

Ray Amiotte, of California, was sentenced to three years in the state penitentiary by Circuit Court Judge Edward C. Kelly on charges of attempting to obtain narcotics by forging a prescription.

Also appearing before Judge Kelly, Herbert Joe Taylor, 52, of Medford, charged with assault with a dangerous weapon, waived right to a grand jury hearing. He was arraigned on the district attorney's information. He did not enter a plea. Medford Attorney Frank Van Dyke was appointed to act as his council.

James Darrell Wilson, 17, of California, also waived right to a grand jury hearing. He was arraigned on the district attorney's information charging grand larceny. He did not enter a plea. The court appointed Dewey Wilson as his attorney.

Harry A. Helmick, 33, of Pennsylvania, waived a grand jury hearing. He entered a plea of guilty to the district attorney's information charging him with grand larceny. The case was continued for sentencing.

Judgment Against Hospital Reversed By Supreme Court

Salem — (UPI)— The State Supreme Court Friday reversed a judgment of $12,217 against the Oregon City hospital company.

The plaintiff, Alice M. Anderson, slipped in a corridor of the hospital and was injured while visiting her husband. She contended that the hospital was negligent in maintaining a hazardous condition of extreme slickness on the floor of the corridor.

However, the Court said that waxing a floor is not negligence and evidence failed to show any lack of due care in the method of waxing.

The opinion by Justice Gordon Sloan reversed Circuit Judge P. K. Hammond.

Earl Sherwood, Jackson county, won from the Court the right to have the trial court review his claim that his constitutional rights were violated by certain alleged irregularities in connection with his waiver of indictment and arraignment and his plea of guilty.

He was sentenced to prison in 1949 for 12 years on a plea of guilty to the crime of assault with intent to rob.

The Supreme Court treated his appeal as a motion to correct the record.

The Court sustained the refusal of the Umatilla County Circuit Court to assert jurisdiction in a similar proceeding filed by Leonard E. Miller, who complained that a pre-sentence statement made by the district attorney contained false statements. But the Court found that no constitutional rights were violated in this case.

Miller was sentenced in 1953 to a 25-year term on a plea of guilty to a charge of kidnapping.

The Court upheld a judgment of $2,442 for Edwards Lumber and Manfuacturing company in a Multnomah county appeal.

Texas Man Held for Portland Knife Attacks

Portland—(UPI)—Alfred Gust of Houston, Texas, Friday waived preliminary hearing in municipal court here and was ordered held for the Multnomah county grand jury on three counts of assault with a dangerous weapon.

Gust, a 21-year-old soldier stationed at Ft. Lewis, Wash., was accused of knife attacks on three Portland women who identified him in police lineups.

Astoria Fishing Boat Aground at Newport

Newport, Ore. — (UPI)— A 45-foot Astoria fishing boat, the Florence H., went aground here at midnight Friday when the skipper mistook the south jetty of Yaquina bay channel for the north jetty and ran his vessel on the beach with three tons of tuna aboard.

The Coast Guard removed skipper Ely Jaasko and crewman William Forssi, both of Astoria, from the boat. It was hoped to remove the tuna cargo later. Coast Guardsmen said they may be able to salvage the boat.

Before dawn Saturday some 400 small boats cleared Yaquina bay for the open sea for a mass onslaught on the salmon fishery off the Oregon coast. The Coast Guard reported another 200 boats were turned back for lack of running lights.

Two Fishing Boats Collide Off Coast

Seattle —(UPI)— Two fishing boats collided off the Oregon coast early yesterday, sending one of the craft to the bottom.

The Coast Guard at Seattle reported no casualties. The second vessel involved in the collision, identified only as the "King," was proceeding toward Coos Bay, Oregon. The sunken boat was identified only as the "Soldia." The collision occurred about 90 miles off the coast.

The first cotton mill in America is believed to have been established about 1814 at Waltham, Mass.
