Man from Mars

Nat Bradford

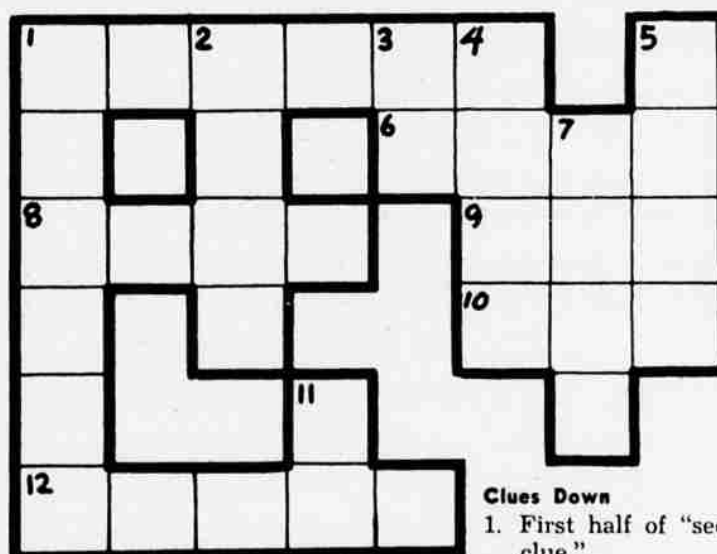

The Man from Mars carries a magic rocket-wand (a small stick) and tries to tap the earthbound players with it. As soon as the Man from Mars touches someone, that player has to chase the others, too. When this second player tags someone, he must hold him until the Man from Mars taps him with his rocket. Then that player must do the chasing. The winner is the last one tapped.

TOODLES

by Nancy Clinton

I have a cat named Toodles whose eyes are very blue; she cleans her paws off with her tongue and dusts her back too. She always purrs a thank you when I've poured in her dish; her best desert is catnip or else a little fish. I couldn't find my cat once, in her basket on the table; she wasn't on the floor or by the door near our front. She wasn't by the kitchen or near my grandma's house, or by my sister's. I looked for my cat everywhere! Then I found her up in the tree where I once lost my hat. I looked and there I found my cat with three fat little kittens.

Bunny Bathing Cap

Vonnie & Ida M. Pardue

You can make your own bathing cap—to wear in the shower or at the beach—from one of the flat plastic bags in which so many purchases come home from the store. Don't choose one which

has held fruit. They are punctured with holes. A bag about 10"x14" is a good size.

Give the cap rabbit ears by gathering up each corner of the bottom with a rubber band. The ears should be just long enough—three or four inches—to make the cap fit snugly.
