

# Moderate Trading Pushes Stocks Up

New York — Stocks rose to new highs for the year today in moderately active trading.

The rally was a continuation of the sharp advances scored on Thursday and Friday of last week. Industrial prices paced the market higher.

Rails firmed, but utilities gave ground. Individual gains in the list ran past two points in such issues as American Home Products, American Chicle, Continental Can, Eaton Manufacturing, IBM, and Freeport.

Aircraft featured on the upside. Douglas rose more than a point and Boeing, Bendix, General Dynamics, Republic Aviation and United Aircraft all added fractions.

**DOW-JONES AVERAGES**  
Dow-Jones final stock averages: 30 industrials 512.42, up 2.29; 20 railroads 193.79, up 0.16; 15 utilities 79.39, up 0.02, and 65 stocks 176.25, up 0.52.

Sales today were about 2,870,000 shares compared with 3,650,000 shares Friday.

### Lease Planned For Nosler Firm To Use Property

Ashland — A lease will be negotiated with the Nosler Partition Bullet company for use of the city warehouse, the Ashland city council decided during a recent meeting.

The proposed lease would be for five years with an option to renew for five years or to buy. Rent would be for \$250 a month with \$50 to apply to the purchase price, the council decided.

Councilman Ken Jones had previously contended that the area in which the city warehouse is located could be used better for light industry, that more revenue could be obtained from the lease and the council should see if a more suitable site could be found on which to relocate the firm.

However, like other councilmen he had agreed that the firm should be kept in Ashland.

Officials have considered building a new hospital but have been informed that no Hill-Burton funds will be available to them for three years for such construction, Herndobler explained. Federal matching funds provide about 50 per cent of construction costs and are administered through the state level.

Herndobler said he understood the present hospital lot is so small that officials are not sure if, according to the terms of the Hill-Burton act, it could be used for a new hospital. The present hospital property is decided to the city providing the land is used as a hospital, the board chairman said.

Herndobler said termination of the lease is not a criticism of Paulson since he has done "an exceptionally fine job."

### Judy Lazkina Named State's Miss Rodeo

Prineville — (UPI) — Judy Lazkina, 18-year-old redhead who was queen of this year's Pendleton Roundup, Sunday was named as "Miss Rodeo, Oregon," at the windup of the Crooked River Roundup here.

She will compete with other state winners for the "Miss Rodeo, America," title in a pageant at Las Vegas later this month.

Bill Hartman, Oakdale, Cal. was named winner of the Golden Triangle award at the Crooked River event. The award is based on point totals from the other two roundups that comprise the Golden Triangle — the Emerald Empire at Eugene and the Klamath Basin at Klamath Falls.

Bub Gatzman, also of Oakdale, was selected as the All-Around Cowboy for the three-day Prineville rodeo. The roundup here, which drew top cowboys from over the nation, was attended by about 13,000 persons.

### AT NORFOLK

Nathan C. Douthit, son of Mr. and Mrs. John W. Douthit of 3116 Sunnyvale rd., Central Point, completed three weeks of amphibious training July 30, at the Little Creek Naval amphibious base, Norfolk, Va.

He is one of more than 700 Naval Reserve Officer Training Corps college juniors who received indoctrination in the latest methods of amphibious assault during July.

### TO FINISH TRAINING

Marine Pvt. Larry Conway, son of Mr. and Mrs. Duard B. Conway of 362 N. Third, Central Point, is scheduled to finish four weeks of individual combat training Aug. 21 at the Marine Corps Base, at Camp Pendleton, Calif.

### Ashland Council Asks Termination Of Hospital Lease

Ashland — The lease for operation of the Ashland general hospital will not be renewed in September, the city council decided recently.

Superintendent Alfred Paulson has been notified that lease provisions are inadequate.

Councilmen said Paulson will be considered along with other applicants should he want to retain the hospital operation. He commended the superintendent for his past operations.

According to the lease terms, a six-months notice of intention to abandon the agreement is required by either the city or Paulson, it was explained.

Present contract calls for \$250 a month rent payable in advance. However, R. A. Herndobler, hospital board chairman, said the only thing the city is now receiving from the lease is amortization of the X-ray room recently added to the hospital. The city wants more rent to compensate for recent hospital improvements, Herndobler said.

Ashland now has three years in which to completely renovate the hospital which includes addition of a complete sprinkling system, Herndobler said. The state fire marshal has specified also additional improvements including fire doors, he said.

Officials have considered building a new hospital but have been informed that no Hill-Burton funds will be available to them for three years for such construction, Herndobler explained. Federal matching funds provide about 50 per cent of construction costs and are administered through the state level.

Herndobler said he understood the present hospital lot is so small that officials are not sure if, according to the terms of the Hill-Burton act, it could be used for a new hospital. The present hospital property is decided to the city providing the land is used as a hospital, the board chairman said.

Herndobler said termination of the lease is not a criticism of Paulson since he has done "an exceptionally fine job."

### Disease 'Outbreak' Said in One Horse

Grants Pass — An "outbreak" of equine encephalitis in the Illinois valley, reported last week, was confined to only one horse which is now responding to treatment, it was reported today by Dr. A. C. Schneider, Grants Pass veterinarian.

He told Lee Pruitt, manager of the Josephine county fair, that it should cause no concern to horse-owners planning to enter the fair. He said he has suggested inoculations of other horses simply as a precautionary measure, but he emphasized that there is no "epidemic." Isolated cases of the disease are not unusual, he said, and added that this case constitutes no general hazard.

### Voodoo Jets Make Distance Record

Bentwater AFB, England — (UPI) — Seven U.S. Air Force F101 Voodoo jet fighters landed here Sunday at end of a 5,933-mile nonstop flight from Bergstrom Air Force Base in Austin, Tex.

The 10-hour 45-minute trip set a distance record for a formation of this size.

The F101s left Bergstrom just before midnight Saturday for the flight described by Air Force officials as an "endurance test for manned aircraft."

Officials said the flight was designed to familiarize the Texas pilots with U.S. Air Force bases in Britain before the Voodoos start replacing F48s here later in the year. The planes of the 27th Tactical Fighter Wing will fly missions here before returning to Texas Aug. 15 and 16.

The pilots included Maj. Adrian Drew of Atlanta, Ga., who established a new speed record of 1,207 m.p.h. last fall. The leader of the flight was Maj. William R. Eichelberger, Marion, Miss.

Other pilots were Maj. Bryan J. Lincoln, Minneapolis; Capt. Howard B. Maree, Town Bank, N.J.; Capt. James B. Ramsey, Elizabethton, Tenn.; Capt. Carl W. McKenzie, Kansas City, Mo., and Capt. Charles Cleveland, East Orange, N.J.

## Morse Calls for Troop Withdrawal

### Des Moines, Iowa

Sen. Wayne Morse (D-Ore.) has called for the "immediate withdrawal" of American troops from Lebanon.

"We never should have gone into Lebanon," Morse told a news conference here Saturday night. "Now we should get out."

Acknowledging that the President "has the right and duty to protect American lives if they're in danger," Morse said, "American lives in the Middle East were not in jeopardy."

His comments followed a speech marking the dedication of a new building of United Auto Workers Local 450.

The Senator said America "played right into the hands of the Russians" in sending troops to Lebanon.

"Arab nationalism just happens to be a fact, and you can't stamp it out with arms, even if you keep troops in there for 50 years," Morse added.

He said the United States should realize that other peoples want to govern themselves and stop supporting "dictatorships" that govern them.

## Arson Suspected In Portland Fires

### Five separate fires in Portland

Portland — Five separate fires in Portland business plants were reported Sunday and city firemen said investigations indicated an arsonist may have been responsible for some of them.

A two-alarm fire at the Multnomah Plywood company plant on Southwest Front and Jefferson started from an overheated conveyor belt motor and spread to a big pile of sawdust, firemen said, causing an estimated \$2,500 damage. Firemen had the flames out in about 20 minutes.

There were two fires on East Burnside, one at the Plywood Sales company building and the other at the Bob White Discount House. In North Portland, blazes were reported at the Mel Goodin Tire company and the Voit Rubber company.
