7 p.m.—Young people meeting

**4-H Dog Clubbers Back From Trip**

Members of the Siskiyou 4-H Guide Dog club returned to the valley from field trials in San Rafael, Calif. last week with three first places, two seconds, and a third, according to Glenn Klein, county extension agent.

Winners were "Meg," a golden retriever puppy owned by Sharon Roderick, two first places; "Gill," a German short hair owned by Nyla Murray, a first and a second; and "Gino," a German short hair owned by Janet Issi, a second and a third. The competition included showmanship and obedience trials.

Six members of the club, the three winning owners and Lee Jackson, Bette dePlace and Kathy Grimm made the trip, accompanied by W. J. Roderick and Mrs. Ken Murray. They entered four dogs in the trials.

A number of valley businesses donated funds to finance the trip, Klein said.

**Grange News...**

**Lake Creek Grange**  
A potluck supper was held before Grange to welcome our new members Bob and Camille Gilkey. The Gilkeys have bought the home of the Loyd Georges. The Gilkeys were given all four degrees at Eagle Point Grange.

Also guests at the Grange meeting were County Deputy Roscoe Roberts and wife, and Adamson Shaw, Grange insurance agent for seven states. Pearl Bartling reported on the under water trip of the submarine Nautilus, America having a "first" in the feat.

All members signed a birthday card to be sent to Louis Taber on his 80th birthday. He is a past master of the National Grange.

Roberts assisted the officers in learning the correct procedure in the presentation of guests. Shaw talked on insurance. Faye George's birthday was honored by the birthday song, a cake and a gift. Music was enjoyed as the final event of the evening.

Next Grange meeting will be held on Sept. 12 at 8:30 p.m.

Ellyn Charley,  
Secretary

**Ex-Machinist Has 100th Birthday**  
Portland — (UPI) — A former railroad machinist John Edgerton, celebrated his 100th birthday here yesterday and gave some credit for his longevity to being "tender hearted" and keeping "out of the dirt."

The white-haired centenarian was born in Crew, Cheshire county, England, and migrated to the United States 75 years ago. He worked as a machinist for Pennsylvania Railroad before traveling to Mexico for a year for a similar job.

He worked for Pennsylvania again before coming to Oregon in 1906 to work for Southern Pacific.

Mr. Edgerton has one remaining daughter of three, two grandchildren, five great grandchildren, and five great-great grandchildren.

11 a.m.—Sunday service

The beautiful G-E COMBINATION REFRIGERATOR-FREEZER—stunning new Straight-Line Design. Everything you want in a modern refrigerator. Nothing is missing—everything is large, durable and tastefully planned.

**When you consider a refrigerator for your home--remember the wisdom of investing in lasting quality.**

A refrigerator is a major purchase—an investment that deserves careful consideration. That's why we urge you to inspect the General Electric line of refrigerators. They represent careful planning and design, minute attention to quality material and assembly. Important, too, is the choice of the dealer from whom you buy. Home Appliance Co. is proud of a fine reputation gained through many years of service for friends in Southern Oregon. At Home Appliance Co. you must be satisfied or your money back.

**General Electric quality features:**

- STRAIGHT LINE DESIGN**—Sides and Top are Flat. Air circulation is no longer required over the top, so cabinets can be installed not only at both sides but also right down to the top of the refrigerator. Depth is same as standard cabinets for a straight, flush front line, too—a "built-in" look without the cost of custom construction.
- MAGNETIC DOORS**—Helps protect children from the danger of being trapped inside. Non-mechanical... no moving parts to jam or get out of order. Powerful G-E Alnico Magnets last indefinitely. Doors close silently, securely, open gently, easily.
- MIX-OR-MATCH COLORS**—Color... Inside and Out. Choose from high styled G-E Mix-or-Match colors... Canary Yellow, Turquoise Green, Petal Pink, Woodtone Brown... or White. The interiors are refreshingly beautiful glacier blue accented with bright aluminum trim.
- NO COILS ON BACK**—Coils are at base of cabinet. New forced-air condenser system eliminates coils on back—and with them the dirt-catching inches of waste space behind old-style refrigerators. Circulating air is filtered. Filter lifts out easily for cleaning.
- FLUSH DOOR OPENING**—New Shoulder Hinges make extra door clearance at side unnecessary. Your new G-E refrigerator fits flush against any wall... no gaps and wasted space. It can even be built in!

The beauty of your new General Electric refrigerator is more than "skin deep." Parts and materials you never see are constructed to give you many, many years of fine, dependable service. General Electric... famous for dependability... has over 4,000,000 refrigerators in use 10 years or longer. Remember the wisdom of investing in lasting quality—remember G-E's reputation—then purchase with the knowledge that your new G-E is the very best.

**General Electric Refrigerators as low as \$199.95. And at Home Appliance Co. the true value of your trade-in is subtracted from the low purchase price.**

General Electric refrigerators... and all other appliances... are priced so that you are never deceived... At Home Appliance no prices are advertised "including your trade-in." You can be sure that the TRUE VALUE for your trade-in will be given to you, and it will be subtracted from the purchase price!

**EXCITING.. ENCHANTING.. OREGON SHAKESPEAREAN FESTIVAL .. ASHLAND .. TILL SEPT. 6**
