Cronin, born May 4, 1910, at Pendleton, Ore., died Tuesday at Beverly Hills Doctor's hospital of complications of a liver and kidney ailment.

Cronin had been sports editor of the Los Angeles Daily News for nearly 20 years when the paper went out of business in 1954. He took his column to the Times.

He joined the News after one year at the University of Southern California, where he had come to go to school on a track scholarship. He was a football, basketball and track athlete at Pendleton High school.

Rocket May Have Blown in Ocean

Cape Canaveral, Fla.—UPI—A rocket explosion that U.S. scientists had hoped would put an American-made satellite into orbit around the moon may have gone off under the waters of the Atlantic ocean Tuesday night.

The rocket was the final phase of the ill-fated moon rocket fired from its Cape Canaveral launching site Sunday morning.

If all had gone as planned with the moonshot package, the payload portion would have reached the moon Tuesday night between midnight and 1 a.m., e.d.t., and the braking charge, a 3,000-pound reverse thrust rocket, would have been used to slow the unit and throw it into orbit around the moon.

This retro-rocket was to have been triggered at the proper moment from Hilo, Hawaii. But the Air Force had rigged the unit to fire automatically if the signal from earth failed to reach it.

The Air Force has released no information on the fate of the two stages that plunged into the Atlantic Sunday after the first-stage Thor ballistic missile blew up at the end of 77 seconds' flight. But if the retro-rocket had not been recovered from the ocean floor, and if water or damage had not upset the automatic firing sequence, the rocket brake presumably would have exploded on schedule Tuesday night.

CAVE JUNCTION Teaching Staff Complete

By RUTH RAUSCH

Cave Junction—Vernon Larson, Illinois Valley High school principal, announced he has completed his teaching staff for the coming year.

Howard Walton, a recent graduate of Southern Oregon college, has been hired to fill the vacancy created by Don Brown. Walton is married and has two children. Originally from Santa Ana, Calif., they have been residents of Gold Hill for the past two years while he was completing his education. This will be his first teaching post.

Other newcomers to the Ivy High teaching staff and also on their first teaching jobs are:

Crystal Prine, Brigham Young university, who will teach girls' physical education and general science. She comes from Prineville, which was named for her family.

Bob Kellenback, Oregon State college, new math teacher, is married, with two children, and is a graduate from Grants Pass High school.

Walter Eichler, graduate of Oregon State college this spring, has been on the job as vo-ag teacher since the first of July. Eichler is married and has four children.

Russell Dougherty, son of Mrs. Ruth Dougherty of Caves highway, was seriously injured in an accident while employed by the Klamath Cedar company in Brookings and is now in Josephine County hospital suffering from a broken pelvis and ribs.

Russell was in a pick-up with Clyde Walker, coming down the mountain road when the truck swerved and

turned over the bank, throwing Walker clear of the wreckage and pinning Russell under the truck. He is reported to be in fair condition.

Mr. and Mrs. Al Lawson were visitors in the valley over the week end.

The Bob Bottels expect Bob's mother and brother, Mrs. Nina Bottel of Riverside, Calif., and Bill, formerly of O'Brien and now of Fresno, Calif., to arrive Monday via United Airlines, for a week's stay.

Miss Ronine Rausch, daughter of Mr. and Mrs. Bob Rausch, with her fiancé, Howard Elder Jr., came home from Redding, Calif., where she has been employed for the summer.

Elder returned to Redding Sunday evening. Ronine will be home for the two weeks before their wedding.

Women Firemen Douse Home Fires

Reminderville, Ohio—UPI—While the men are away, the women of Reminderville (pop. 201) don't keep the home fires burning. They put them out. This is one of the few towns in America which has women on its volunteer fire department. About 15 women, aged 25 to 50, were recruited to "man" the firehouse while the men of the village are away at work. The girls take regular training from Chief Willy Delgado. When the town's 20 men volunteers are on duty, the girls take over phones, sound alarms, and handle crowds at fires.

Almost 90 per cent of all forest fires are man-made.

WIDOWED HUSBAND

Policemen attempt to restrain Michael Dale from entering his home in Skokie, Ill. His wife, Erna, 42, had been shot and killed by their 13-year-old son, Bruce. The boy said it was an accident.

ENTERING HIGH SCHOOL at Charlottesville, Va., Sylvia Morton (left) and Roberta Robinson are questioned by newsmen before they and seven other Negro applicants took achievement tests to enter white high school.

Stocks Score Rise With Volume Higher

New York —UPI— Stocks scored another rise today with volume higher, especially in the low-priced shares. Gains ranged to nearly 2 points in the main list and to 5 points in the specials. Metals generally moved up with the London metal market's rise. Oils strengthened on another rise in the oil allowance in Texas.

Chemicals, drugs, sugar, shipbuilders, packing shares, steels, motors, and mercantiles stood out among the better performers.

American Telephone declared the regular quarterly dividend of \$2.25 and this disappointed many who had been looking for something better. The stock, which touched a high of 18 1/2, was declined to a small net loss.

Booths Set Up For Voter Sign-Up

Residents of Jackson county who are yet registered to vote will be able to register at two events this week.

Thursday evening, a registrar will be on duty in the lobby of the Esquire theater, before the 8 p.m. nominating convention called to name a candidate for district judge.

Those sponsoring the convention point out that anyone voting at the convention must be registered, and if not already, may become so prior to the opening of the convention.

Also, the Republican and Democratic central committees are cooperating to provide a voters registrar at the Kiwanis County fair Thursday through Sunday at the Medford armory.

The Kiwanis club has provided space in the Armory lobby, and the Democrats and Republicans will alternate days in providing the registry service.
