Russian Tourists Arrive for 14-Day Trip in Country

New York — (UPI) — Fourteen "ordinary Russian tourists" arrived today for a 14-day sightseeing trip that will take in the Empire State Building, the Washington Monument and Niagara Falls for \$1,145 apiece, tips included.

The Russians, including one woman, are billed as the first plain tourists to visit here under the Communist regime.

Official parties of scientists, athletes, diplomats, farmers and ballet dancers have come before. But these people ostensibly are just folks who lined up at an American Express office in Moscow and paid their own money to see America.

Through Customs
Like all visitors, the Russian Rubbernecks must open their suitcases for customs and present their visas and passports to immigration officers.

Then they go to the Governor Clinton hotel where they plan to rest.

Thursday they start the bus sightseeing tour that takes in Chinatown, Wall Street, Harlem, the Empire State, the United Nations, Broadway Theaters, Fifth Avenue stores

Other Cities
After that, they go to Washington, Chicago, Buffalo and Niagara Falls. American Express is furnishing an interpreter.

The trip costs \$330 for hotels, meals and tips; \$815 for plane fare roundtrip.

Two tourist parties sold by American Express are yet to follow, another by air and one on the French ocean liner, Flandre. Both are expected in September.

The only restriction American Express has heard of is that the party cannot visit the Chicago stockyards. Whether that is for security or aesthetic reasons was not made known.

Albany, Ore. — (UPI) — Fire of undetermined origin destroyed the Oregon Electric Depot here Tuesday afternoon, charred a box car and destroyed its contents of staple goods, and partially destroyed an egg depot next door.

Damage was estimated in excess of \$25,000.

Firemen and about 12 pieces of equipment had the blaze under control in slightly more than half an hour after flames whipped through the one-story wood frame building near the Willamette river.

Firemen were busy watering down dry roofs in the area and concentrated on the nearby Copeland Lumber company.

The electric depot was used for an unloading point for Southern Pacific Railroad lines in Albany.

Eugene Firm Low Bidder on Highway

Olympia, Wash. — (UPI) — S. W. Groesbeck, Eugene, Ore., submitted the apparent low bid of \$296,865 Tuesday for work on a project to four-lane Snoqualmie Pass highway around a slide area.

The contract involves grading one-third mile of roadway via an earthfill of Lake Keechelus and constructing a concrete retaining wall.

A giant slide tumbled down last Oct. 7 east of Hyak. Rather than remove the slide, highway officials decided to build a road around it.
