Chicago Jewelry Firm Robbed of Over \$150,000
Chicago—UPI—Officials of Harry Winston, Inc., internationally known jewel firm, today set the loss in a daring daylight robbery of their Loop office here at more than \$150,000.
Two gunmen, one posing as a postman, slugged, gagged and handcuffed the manager of the office Thursday, then spent half an hour looting a walk-in safe of hundreds of uncut diamonds and other gems.
The manager, Raymond N. Sunshine, 40, said the robber wearing a postman's uniform appeared at a delivery window with a package too large to fit the opening.
Sunshine opened the door to receive the package and the gunman slugged him, knocking him to the floor. A second gunman in street clothes appeared and helped bind the office manager to a chair with handcuffs and adhesive tape.
Passes Closed Door
A building maintenance man passing the closed door heard moaning and notified Sunshine's wife in a beauty parlor on the same floor.
Mrs. Sunshine rushed to the office, saw what had happened and pressed a master burglary alarm button.
The alarm cut off all power in the 40-story building, stopped the elevators and created a pedestrian traffic jam at the locked elevator doors.
Mrs. Sunshine had hoped to trap the bandits in the elevators, but an elevator starter told police he saw two men believed to be the robbers leave moments earlier.
Company executives said the famous Hope diamond and other jewels owned by the firm were not in the loot.
