Warren Urges Legal Profession To Alter System

Los Angeles - (UPI) - Chief Justice Earl Warren today called upon the legal profession to do something about the nation's legal system which has "grown up like Topsy" - without proper organization or administration. In a speech prepared for delivery at the opening of the 81st annual convention of the American Bar Association, the U.S. Supreme Court justice said that legal logjams of cases in the nation's courts are compromising peoples' rights.

Citing the traditional slowness of the judiciary to change, Warren warned it was time for lawyers and judges to do something about streamlining the system of justice from within before aroused laymen are forced to do it from without.

"I must report that interminable and unjustifiable delays in our courts are today compromising the basic legal rights of countless thousands of Americans and, imperceptibly, corroding the very foundation of constitutional government in the United States," the former California governor said.

Warren told 8,000 judges and lawyers assembled in this city's first ABA convention in 23 years that the jam of cases in both federal and state courts is mountainous.

"We believe that we have in America the greatest system of law and justice ever envisioned," he said. "But, surely that can be of but little comfort as long as you and I know that our United States district courts are saddled with a backlog of 70,000 cases, enough to keep all of the district judges busy for more than a year even if not another case is filed."

The judge said nearly 40 per cent of all civil cases in federal district courts are subject to undue delay, from one to four years between the dates of issue and trial.

Central States Get Cooling Air

By Wind Press International. Wind gusts up to 40 miles an hour thrust a wave of cool northern air deep into the central portion of the nation today, dropping temperatures an average of 10 to 20 degrees as far south as Arkansas and Oklahoma.

One of the coolest readings in the country today was a near freezing 38 degrees at Grantsburg, Wis. Temperatures in the 40s prevailed in northern Illinois and Iowa and in the 50s were reported in northwestern Arkansas.

The main rain area last night and early today ranged from the Atlantic coast states into the upper Ohio valley, parts of the Gulf states, and Tennessee.

Local heavy showers deposited 1.81 inches of water at Gordonsville, Va., and more than one inch at Scranton, Pa. About three-fourths inch fell at Memphis, Tenn., Flat Top, W. Va., and Washington, and more than one-half inch was reported at Miami, Fla., Syracuse, N.Y., and Lafayette, La.

GETS WALLET-PLUS. Atlanta - (UPI) - Policeman J. F. Howard finally has located - strictly by accident - the owner of a wallet he found on a downtown street. Howard's stopped Samuel Lewis Moss Jr. to charge him with running a stop sign last Saturday and learned Moss was the owner of the billfold.

Munich, Germany, is celebrating its 800th anniversary this summer.

Bar Association Elects President

Los Angeles - (UPI) - Attorney Ross L. Malone, 48-year-old authority on oil, gas and public utility law from Roswell, N.M., today was elected president of the American Bar Association. Malone, a practicing attorney in Roswell for a quarter of a century, succeeds Charles S. Rhyne, Washington, D.C., as head of the 80-year-old association. He will take office Friday at the close of the ABA convention.

The new ABA president was graduated from Washington and Lee university in 1932 and was admitted to the bar during the same year, joining the firm of Atwood & Malone in 1937.

Two-thirds of all the manufacturing jobs in South Carolina are in the textile industry.
