Stocks Turn Active After Small Drop

New York — (UPI)—Stocks turned a bit more active and firmer late today after a small decline on light dealings earlier in the session.

No one wanted to build high commitments in advance of the Labor Day holiday particularly in view of uncertainties in the Far East. America's Telephone rose more than a point. Lorillard and U.S. Tobacco strengthened in their section. Merck shot up nearly three points in the drugs. Curtis Publishing continued to lead the market in activity and in strength. Eastern Stainless ran up in the steels. Litton Industries and Artoon turned strong.

Woman Cited After One-Car Accident

Helen Marie Oakes, route 4, box 435, Medford, was cited for improper changing of lanes after a one-car accident yesterday across from the Tucker Sno-Cat corporation, south of Medford, state police said today.

A car driven by Fred Van Rickenbach, 23, of 790 Glenwood ave., Ashland, was northbound on the South Pacific highway and in the outside lane when a car driven by Helen Oakes changed lanes in front of Rickenbach's car. Rickenbach applied his brakes, lost control of his car, and the car went into the ditch on the east side of the highway, officers said.

Minor damage resulted to Rickenbach's car. No injuries were reported.

Nyssa Holdup Pair Arrested

Nyssa—(UPI)—Police here today held Donald Elvin Fontaine, of Santa Rosa, Calif., and John Bonomi of Hermiston, Ore., on armed robbery charges after a chase across the state boundary into Idaho.

Police Chief Lee Hansen said the two were accused of holding up Nyssa service station attendant Glenn Walker, 18, at the point of a knife and taking more than \$100. He said the robbers took the car belonging to the Walker youth's father and escaped into Idaho.
Officer Richard Pounds chased the men almost to Parma, Idaho, where they were apprehended and returned immediately to Nyssa where they were lodged in the city jail.

Holmes Asks State Tax Court Bill

Salem—(UPI)—Gov. Robert D. Holmes said today he had asked the State Tax Commission to prepare a bill for the 1959 Legislature which would provide for establishment of a state tax court.
The Governor said that the Legislative Interim Tax Committee had decided not to recommend a bill for the 1959 session, but said he understood that the committee's decision was based on lack of time for working out technical details rather than opposition to the idea.
The Governor said he favored the court as the best appeal procedure for taxpayers.

RICKOVER MEDAL OKAY

Washington—(UPI)—President Eisenhower signed a bill Thursday authorizing the Joint Congressional Atomic Energy Committee to confer a gold medal on Rear Adm. Hyman G. Rickover, "father" of the atomic submarine.

Snider Commends Eastern Oregon Wreck Kills Girl

Jordan Valley — (UPI) — A 21-year-old Canadian woman was killed and another critically injured late Thursday night when the car in which they were riding went out of control and rolled over several times on Highway 95 about four and one-half miles south of here.

Dead is Moira Eleanor White, 21, of Prince of Wales Armouries, Edmonton, Alberta, Canada, and critically injured in a Caldwell, Ida., hospital is Maxine G. Medwid, also 21, of Edmonton, Alberta.

Oregon state police officers reported that the car apparently went on to the shoulder of the road, swerved and then rolled end-over-end several times. Police said the accident occurred on a straight section of road.

Miss White was pronounced dead on arrival at a Caldwell hospital. Miss Medwid was in "very critical" condition suffering from multiple fractures of both legs and chest and head injuries, police said.

Lumber Price Hike Blamed on Weather

Portland—(UPI)—Fire weather conditions, and unstable labor conditions were listed as causes for a recent upsurge in lumber prices, according to Crow's Lumber Market News Service.
Standard and better grades of Douglas fir, white fir, and hemlock have gained a dollar or two in price, with utility and economy grades strong. Fir and hemlock dimension for water shipment has also pushed up.

A walkout of longshoremen at five British Columbia ports has halted cargo shipments here.

Roy Bashaw, Medford city attorney, was present to assist. Further consideration will be given to the proposals by members of the committee in the near future, it was decided.

Ike Signs Bill For Lower Supports

Washington — (UPI) — President Eisenhower today signed a bill providing lower price supports and greater planting freedom for farmers.
The new law, enacted by a Democratic controlled Congress, embraces much of the controversial farm policy recommendation of Secretary of Agriculture Ezra T. Benson.

It would permit lower price supports for corn next year and for cotton and rice, starting in 1961. The new minimum price floor for these three crops would be 65 per cent of parity. Supports now range from 75 to 90 per cent of parity, depending on supplies.

The legislation also stacks off scheduled sharp cutbacks in planting minimum allotments of 16 million acres for cotton and 1,600,000 for rice.

Sarasota, Fla. — (UPI)—Realtor Bill Dean today faced a charge he used a converted shrimp boat to smuggle contraband parrots into Florida from British Honduras.
