

# McMinnville Youth Champion Showman Of Sheep at Fair

Salem—(UPI)—L. Gene Bernards, a 16-year-old McMinnville Future Farmer, was named grand champion FFA sheep showman at the Oregon State Fair here Thursday.

Bernards showed a Suffolk ewe. Opening day crowds were only moderate at the fair with the weather partly cloudy.

Other first place FFA sheep showmen were Ron Haas, Oregon City; Gail Willett, Walla Walla; David Schneider, St. Paul; and Sandy Yoder, Canby.

Some 45 FFA chapters were represented at the fair with 1,650 entries—more in all classes than any previous year.

The State Racing commission which met at the fairgrounds Thursday had high praise for the "very fine improvements" which have been made in the racing plant at the fair.

The commission pointed to installation of a film patrol, expanded sanitation facilities, new horse barns, new first aid quarters, increased purses and an enlarged mutual department.

Earlier in the day, the new \$300,000 FFA and 4-H building was dedicated by Gov. Robert D. Holmes. The Governor said he was glad "this dream had come into reality through my term as governor."

Mrs. Elmer Berg, fair commission chairman, presided at the brief ceremonies.

**Doll Collection Featured**  
Hobby collections worth many thousands of dollars went on display Thursday featuring an international doll collection entered by Frank E. Spence, Seattle, which is valued at over \$4,000.

A gun collection entered by H. A. McCallum, Monroe, included a cross bow over 350 years old.

Both McCallum's and Spence's collections were prize winners along with a collection of military insignia entered by Thomas E. Bates, Portland, and earnings entered by Mrs. Bessie Porter, Seaside.

**Mobile Projection Unit Developed**  
Hollywood—(UPI)—The world's first mobile projection unit designed for presentation of the three-projection panel, was ready for operation today, according to an announcement by National Theaters.

Spokesmen said Thursday the unit, which can be used for Cinimac and Cinerama type films, soon would be available for out-door theater screens throughout the nation.

The complete projection room is assembled in a semi-trailer and consists of four projectors, three of which are inter-locked for the three panel system, as well as multi-channel sound, re-winds and film storage.

**Vets Warned of Starting College**  
Salem—Oregon's World War II veterans were cautioned today that this fall or winter may be their last chance to start a full-time college course of training under the state veterans' educational aid program, because their deadline to enter school under the program is June 30, 1959.

The warning came from Franklin G. Reynolds, educational officer for the state department of veterans' affairs, which administers the benefit. Reynolds urged veterans who plan to enter school this fall under the program to start now to establish their eligibility. He said they may apply through their county service officers, their school registrar, or by direct contact with the state veterans' department in Salem or Portland.

The June 30, 1959 deadline applies only to World War II veterans. There is no deadline for Korean veterans.

# Drivers Licenses Suspended Listed

Salem—The department of motor vehicles has released names of 470 drivers whose licenses were ordered suspended during the period beginning Aug. 18 and ending Aug. 22.

Length of suspension varies, depending on charges involved, recommendation of court, discretionary action by the department or requirements of Oregon law. The department said some of the licenses involving financial responsibility and court recommendations may have been reinstated after suspension was ordered.

The department warned drivers that the penalty for driving while suspended is a jail sentence of no less than two days and up to six months and there may be imposed a fine up to \$500. Under licensing procedures, this will also result in an additional year of suspension.

Those suspended in Jackson county were:

**Driving While Suspended**  
(Includes any conviction for violation of traffic laws, involving operation of motor vehicle, while driving privileges were under suspension)

Jennings, Delbert Ross, 31, of 246 North Front st., Medford, driving while under influence of intoxicating liquor, 1 year.

**Driving While Under Influence of Intoxicating Liquor—(Mandatory suspension)**  
Broberg, Carl Maurice, 36, of Kerby, 1 year.

Calhoun, Albert Wesley, 49, of route 1, box 38, Ashland, 90 days. Discretionary Action of Department.

Crippen, Stephen Gilbert, 49, of 802 South Central ave., Medford, driving record, 30 days.

Dawson, Robert Benjamin, 36, of 255 Mead st., Ashland, driving record, 30 days.

Erickson, Robert Russell, 22, of 606 West Fourth st., Medford, driving record, 30 days.

Fitzpatrick, Robert Morris, 24, of 2011 Table Rock rd., Medford, driving record, 30 days.

Legg, David Don, 34, of 502 South Beach st., Medford, driving record, 30 days.

Monia, David Russell, 18, of 47 Laurel st., Central Point, driving record, 30 days.

**Financial Responsibility—(Failure to show proof of financial responsibility)**  
Bentley, David Lee, 26, of route 1, box 38B, Rogue River.

Black, Roger Gary, 20, of 707 1/2 West Eleventh st., Medford.

Daniels, Leo William, 18, of Star route, box 220, Prospect.

Hepburn, Alma Louise, 21, of 544 North Main st., Ashland.

Peyton, Fredrick William, 18, of route 1, box 430AA, Medford.

Smith, Blanche, 615 West Eleventh st., Medford.

Woodward, Oleita, Star route, box 220, Prospect.

**Logging Restrictions**  
**End in Vancouver Area**  
Vancouver, Wash.—(UPI)—Hoot Owl logging restrictions were lifted at midnight Thursday night in the Vancouver and Kelso districts of the Washington State Department of Natural Resources has announced.

Also opened to regular logging was the Gifford-Pinchot national forest.

The areas had been logging from midnight to 1 p.m. only.

# Ike Signs Bill To Raise Social Security Benefits

Washington—(UPI)—President Eisenhower signed into law today a bill affecting the pocketbooks of nearly 90 million Americans. It increases social security benefits by 7 per cent and raises taxes on both workers and employers to help foot the bill.

The measure was one of 42 the President approved in a flurry of bill signing that came a few hours before he was to leave for a vacation at Newport, R.I. He vetoed two minor bills affecting individuals.

**135 Measures Remain**  
Still remaining for his action are 135 measures approved by Congress before it adjourned.

Eisenhower also signed a \$3,298,092,500 foreign aid bill that was \$652 million less than he had asked of Congress, a farm bill which was pretty much what he wanted, and a bill on employee welfare and pension funds which he said was inadequate.

Social security checks will be fatter, starting in February, for the 12 million persons now drawing benefits. For most of them, the increases will average \$4.75 a month.

Major provisions of the other bills Eisenhower approved:

**Foreign aid: Provides \$3,298,092,500 in military and economic aid to the nation's friends in the Free World during the fiscal year ending next June 30.**

**Labor: Requires that reports be filed with the secretary of labor for public inspection on the operation of welfare and pension funds operated by both employers and unions. Eisenhower said the law requires only summary reports be filed, "making it possible to conceal many abuses."**

**Farm: Provides lower price supports and greater planting freedom for farmers in line with the controversial recommendations of Secretary of Agriculture Ezra T. Benson. Project Bill Signed**

Military: Provides a \$1,353,850,000 appropriation for military construction projects, including \$252,500,000 for ballistic, defense and strategic missile installations.

Agencies: Appropriates \$6,090,156,900 to finance operations of 17 independent government agencies. The measure contains \$40 million to launch the new aid-to-science education program, \$100,000 to cover expenses of newly approved pensions for ex-presidents and \$152,810,000 for construction of 47 new federal buildings in 20 states and Hawaii.

Onions: Outlaws trading in onion futures on commodity exchanges. Sponsors of the legislation had charged that futures speculation had driven down the cash price on onions.

**Eisenhower Signs Appropriation for Missile Projects**

Washington—(UPI)—President Eisenhower today signed a \$1,353,850,000 appropriation for missile-age military construction projects.

The measure, a compromise agreed to by Congress on the final day of its 1958 session, carried almost 22 per cent less than the \$1,730,653,000 he had asked.

The bill's major items provide \$785 million for the Air Force, \$295 million for the Navy, and \$230 million for the Army. The administration's requests were for \$991,900,000, \$360,253,000, and \$340,900,000, respectively.

**\$90 Million Slashed**  
The Air Force funds included \$252,500,000 for ballistic, defensive, and strategic missiles. The House had slashed \$90 million from the Air Force missile request for facilities for the Titan 5,000-mile range rocket, on grounds that preliminary architectural work wouldn't be completed until early next year. The House-Senate conferees restored \$70 million of the cut, however.

The bill also gives Defense Secretary Neil H. McElroy authority to transfer \$50 million from other funds to the advanced research projects agency for construction.

**Academy Limited**  
The measure limits total spending at the new Air Force Academy at Colorado Springs, Colo., to \$139,797,000. It also restricts the amount that can be spent for a hospital there to \$3,600,000. The bill also provides \$20 million for construction of

**Ex-Pendleton Queen Names Cowboy Star**  
Los Angeles—(UPI)—World's champion cowboy Casey Tibbs has been named in a paternity suit filed by a former Pendleton, Ore., roundup rodeo queen.

The suit filed Thursday asked that Tibbs be adjudged the father of a daughter born to Leah J. Conner in Salem, Ore. The child, Roberta, is 3 years old.

Miss Conner's suit said that Tibbs "refused and neglected" to pay for prenatal and delivery expenses, and added that he had paid only \$820 for the child's support since her birth.

**OIL PRESIDENT DIES**  
Los Angeles—(UPI)—Daniel Steen Fletcher, 65, president of the Fletcher Oil Company, died Thursday.

**Antibiotic May Curb Human Ills**  
Glasgow, Scotland—(UPI)—A British scientist Thursday announced discovery of a new antibiotic that could open the door to direct attack on polio, influenza, infectious hepatitis and the common cold.

Dr. Alick Isaacs said the antibiotic has worked on animals at his laboratory at the National Medical Research Institute at Mill Hill, London, but has not yet been tried on humans. The big question now was whether it was toxic to human beings, he said.

# UN Decisions on Claims To Moon Urged in Talk

The Hague—(UPI)—The American president of the International Astronautical Federation expressed concern today over the possibility the Russians may try to annex all or part of the moon.

Andrew J. Haley of Washington told a space-law conference here he hopes the United States and Russia—the nations most likely to be the first to land men on the moon—will let the United Nations decide whether earth nations should be allowed to claim moon territory.

Haley said specifically he would "feel happier" if the Russians would give some assurance they have no territorial designs on the earth's first satellite.

**Regulations Urged**  
He also urged regulations requiring nations who launch "manmade moons" to install controls that would prevent their becoming a menace to life and property.

"As the satellite vehicles grow larger and larger, the metal scattered in the death plunge (when they disintegrate on reentering the atmosphere) will become more and more dangerous..." he said.

"We must therefore provide, through the means of 'radio command,' that the nation which projects a satellite will be able to guide that satellite to earth in an area free from threat to life and property, or destroy it harmlessly."

"No one seems to realize the terrible implications of placing earth-circling vehicles in orbit without first providing means to control these vehicles."

**India To Tackle Census Count in 1961**  
New Delhi, India—(UPI)—India, second only to Communist China in population, is appointing census officials for the staggering task of a census count in 1961.

The last count taken in 1951 reported 356,829,485 persons in India. Officials expect the population will be over 400,000,000 by 1961.

Louis Pasteur was an early advocate of testing new drugs on prisoners.

more Loran stations by the Coast Guard as aid to navigation, \$24,300,000 for Army Reserve construction, \$8 million for the Naval Reserves and \$9,600,000 for the Air National Guard.

# Regulus Missile Fired, Recovered

Pt. Mugu, Calif.—(UPI)—Firing and recovery of a Regulus II guided missile in a shoot over the inland portion of the Pacific Missile Range was reported Thursday by the Navy.

Spokesmen said the stubby-winged missile was launched from the Naval Air Missile Test Center here and recovered at Antelope Lake near Tonopah, Nev.

F8R Crusader jets accompanied the Regulus on its 450-mile flight, waiting to take over "emergency" control or shooting it down if necessary.

Ground stations here at Edwards Air Force Base near Lancaster, Calif., and at Tonopah kept the missile under "positive" control from takeoff to recovery.

Flight of the 1,200-mile an hour missile, designed as an inland striking force from Navy ships or submarines was "highly successful," according to spokesmen.

The launching was the second in two days. The Navy said a Regulus was fired from Edwards AFB and recovered in Nevada in another firing Wednesday.

**Peace Officers Grab Counterfeit Bills**  
Memphis, Tenn.—(UPI)—In the interest of officer education, U. S. Secret Agent John A. Kiljan passed out several dozen counterfeit \$10 bills Thursday for inspection by delegates to the Mississippi-Tennessee Peace Officers association.

The agent counted the bills after they made the rounds and found that five of the phonies, stamped "counterfeit" on both sides, were missing.

"I might remind you," he told the lawmen sternly, "that mere possession of a fake bill can get you 15 years."

The bills were still missing at last report.

# BRITAIN'S PRETTIEST Eileen Sheridan, who was left on a doorstep unwanted 22 years ago, was selected as Britain's prettiest girl Thursday when she was named Miss United Kingdom in a beauty contest.

# Atlantic Scoured For Missing Boat

New York—(UPI)—The Coast Guard said today it is directing a widespread search of the hurricane-swept Atlantic for a 47-foot pleasure boat with five men aboard, missing on a trip from Bermuda to New Jersey.

The boat, the Golden Eye, may be in the direct path of hurricane Daisy, the Coast Guard said.

The Golden Eye is owned by Lehmann Gerth Estates Inc., of West Wind, N.J. It is equipped with a two-way radio but no word has been heard from the craft, which left Bermuda last Saturday and should have arrived at Brielle, N.J., Monday.

The Coast Guard said for the past two days a total of eight Coast Guard, Navy and Air Force amphibious and land planes have searched the 640-mile route. All ships and commercial planes in the area also have been notified to be on the lookout.

Officials expressed fear that food and water for the men aboard the Golden Eye may be running out, if the craft still is afloat.

**Peace Officers Grab Counterfeit Bills**

Memphis, Tenn.—(UPI)—In the interest of officer education, U. S. Secret Agent John A. Kiljan passed out several dozen counterfeit \$10 bills Thursday for inspection by delegates to the Mississippi-Tennessee Peace Officers association.
