

Same Gun Fired Death Bullets, Report Reveals

Klamath Falls, Ore. —(UPI)—Myron Barkley, 26, a part Indian who confessed to the fatal shooting of his half brother, apparently killed a Minneapolis, Minn., woman with a stray bullet as she rode in a car through the Klamath Indian reservation Saturday.

Same Rifle
Klamath County Sheriff Murray Britton said the state crime laboratory in Portland informed him Sunday that bullets which killed Eldon Cress, the half-brother, and Mrs. Helen Frances Frederickson were fired from the same 30-30 rifle.

Barkley was charged with first degree murder in the death of Cress. No charge has been made in connection with the woman's death so far.

Mrs. Frederickson's death was not discovered until the car arrived in Bend at the home of her sister.

The sheriff said Barkley told him he wanted to "get into court, get it over with and get to the penitentiary."

Follows Argument
Barkley, of Chiloquin, said he shot Cress in the stomach about 5 a.m. Saturday after they argued. The Frederickson woman died of a bullet in the back inflicted as she slept in the back seat of a car which contained six other persons. Barkley said he had fired some stray shots out the window of the car he and Cress were riding in along Highway 97 before he shot Cress.
