Redding, Calif. — (UPI) — A majority of the lumber companies in Northern California have agreed to contract terms with their lumber and sawmill workers, a union spokesman said yesterday.

The spokesman said that the firms had agreed to contracts meeting the union's demand for a \$15 health and welfare package.

Meadow Valley Lumber Co., which employs 350 workers at three mills, is the largest company to date to reach agreement with the workers, the unionist said. Meanwhile, representatives of the union and the U. S. Plywood Co. have agreed to meet early next week in an effort to settle the dispute.

Douglas McKay Has Pneumonia, Heart Condition

Salem — (UPI) — Douglas McKay has pneumonia and some evidence of heart strain, his doctors reported yesterday.

However, the doctors said the 65-year-old former secretary of the interior had not suffered a coronary attack.

McKay was admitted to Salem General hospital a week ago complaining of chest pains.

The pains subsided and the doctors said there was "some stress or strain on the heart, which should of course be of some concern, but no evidence of a frank-out-and-out coronary."

The doctors said they did not know whether the heart strain and the pneumonia occurred at the same time.

McKay, a former governor of Oregon and now chairman of the U.S. section of the International Joint Water commission with Canada, has had a history of mildly elevated blood pressure.

His condition was reported "very good" yesterday and he will probably remain in the hospital here for another week.

\$64,000 Challenge Is Dropped

New York — (UPI) — "The \$64,000 Challenge" television quiz program, accused of a "fix" has been taken off the air.

The Rev. Charles E. Jackson of Tullahoma, Tenn., told the Nashville Tennessean last week he was supplied with an answer while a contestant on the show last Dec. 29.

The sponsor, P. Lorillard Co., in an announcement Friday, said it was revising its fall TV programming to get as varied an audience as possible. The company noted it is a co-sponsor of a similar show "The \$64,000 Question."

"Challenge" will be replaced by a special news program Sunday night on CBS. It was to have moved to NBC next week but will be dropped.

Matches in progress, an agency executive said, will be considered ties and the contestants will split the money.

Debbie Reynolds Cancels Appearance on Program

Hollywood — (UPI) — Debbie Reynolds, placed under sedation following her decision to divorce husband Eddie Fisher, cancelled out on a Hollywood Bowl appearance last night and her doctor said she would remain in bed over the entire week end.

Debbie, who insisted she was "very much in love" with the handsome singer and hoped for a reconciliation despite their marital troubles, permitted her attorney yesterday to announce divorce papers would be filed, probably next week.

Attorney Frank Belcher's statement came after Fisher told reporters their "breakup was inevitable" and that there was virtually no hope for a reconciliation.

Miss Reynolds was to have been the opening performer on the Hollywood Bowl sponsored by Radio Station KLAC. As doctors strongly advised her against participation, it was understood she cancelled reluctantly because she is the president of the Thailians, a group whose clinic for mentally disturbed children at Mount Sinai hospital receives half the proceeds from the show.

Her agent said "she's beat," but that she was not physically ill.
