# Woman Injured In Auto Crash North of City

One person was injured in a two car collision on Table Rock rd. near Wilson rd. Friday afternoon, state police reported.

Injured was Betty S. Scott, 61, of 4434 North Pacific highway, Medford, passenger in a car driven by Laurel Frank Scott, 22, also of 4434 Pacific highway, north. She received injuries to her right knee, ankle, and a cut on her face.

The car driven by Scott crashed into the rear end of another car driven by Lynn Michael Wilde, 23, of Elk Creek rd., Trail. Both cars were going south following a string of heavy traffic, officers explained, when the line of cars suddenly stopped and the rear-end collision occurred.

Betty Scott was removed from the accident by relatives, state police said. No citations were issued.

A driver escaped injury when the car he was driving Friday night flipped upside down after skidding into a ditch, state police said.

The accident occurred on Foothills rd., between Coker Butte and Delta Waters rds. Franklin Millsage 18, of route 3, Box 171 A, Medford, was going north on Foothills rd., officers said, when another car crowded him on a curve, according to the driver. The Millsage car was forced into a shallow roadside ditch, pulled up onto the bank and flipped over causing severe damage to the car.

**Denys Wortman, Cartoonist Dies** - New York (UPI) - Denys Wortman, 71, newspaper cartoonist who created "Mopey Dick and the Duke," died of a heart attack early yesterday in his home on Martha's Vineyard, Mass., his brother, Elbert Wortman, announced.

The cartoonist, whose career spanned more than 30 years, retired about two years ago.

His cartoon commentaries included "In and Out of the Red with Sam," and "Mrs. Rumpel's Boarding House." Wortman's work appeared in the New York World from 1924 to 1930 and in the New York World-Telegram, a Scripps-Howard newspaper, after that. It was distributed by United Features Syndicate.

# British Ask Tests Of Jetliner Noise

London (UPI) - British officials yesterday ordered further noise tests for America's new 707 jetliners before deciding whether they may compete here with Britain's soon-to-be-available Comet jets.

A spokesman for the Civil Aviation ministry said British experts want to know how much noise the 707 will make when it is carrying its proposed operating load of 123 1/2 tons. The jetliners tested for noise here two weeks ago carried only 95 tons.

Pan-American World Airways, the line which is preparing to use the 707 on trans-Atlantic flights, has prepared plans to fly direct from New York to Paris and Rome if its jetliners are banned from London.

These plans suffered a setback Friday, when Italy's Civil Aviation Undersecretary Giuseppe Caron said that regular 707 flights would strain safety arrangements at Rome's already overcrowded airport.

Italian officials have offered no objection to possible future use of the Rome airport by Britain's Comets. Pan-American sent its European Vice President, Andrew Jackson-Kelly, to Rome to investigate the Italian ban.

The Comet also has been cleared for service in and out of London. British airlines have ordered 19 of the British-made jets, but they will not be ready for service until late November.

**Portland Swindlers Posed as Policemen** - Portland (UPI) - A bold swindle in which an elderly Portland man was bilked out of \$2500 was revealed Friday by police who said one man was under arrest in the case and three other suspects were being sought.

Part of the swindle was carried out at police headquarters.

Herbert S. Coffin, 75, of Portland, the victim, said he paid the money to three men posing as police authorities at the main precinct after he was accused of passing bad checks.

Ralph Emmett Hay, 68-year-old transient, was held on a charge of grand larceny after his arrest at a photography studio here. Bail was set at \$5,000.

# Hasty Exit Fatal To Portland Man

Portland (UPI) - Victor A. Hahn, 38, suffered fatal injuries here yesterday when he fell from a third-floor window via the fire escape, Hahn discovered when he got inside that it was not his apartment.

The couple inside screamed and reached for the telephone. As he made a hurried exit back to the fire escape, Hahn slipped and fell 30 feet to the ground.

He suffered head and other injuries and died a few hours later in a hospital.

**William Heikkila Asks Injunction Against Hearings** - San Francisco (UPI) - William Heikkila, who became a center of controversy when he was deported by force last spring, has asked for an injunction to prevent the U.S. Immigration service from starting "exclusion" hearings against him.

The 32-year-old draftsman told the U.S. District Court Friday that the hearings, set for Sept. 25, should not be held while his appeal from a government effort to deport him is pending with the U.S. Court of Appeals.

Heikkila was whisked off a San Francisco street by immigration agents on April 28 and deported to his native Finland while a deportation case was said to be pending.

In the face of public uproar, the Immigration Service returned the ex-Communist to this country and delayed the questions it normally would ask of a returning alien. The Sept. 25 hearings would determine his right to re-enter the U.S.

**Bolivia Charges Reds Disrupting National Economy** - Washington (UPI) - Bolivian Foreign Minister Victor Andrade has charged that Russia and Red China are disrupting the economies of underdeveloped nations by dumping metals on the world market.

Andrade also disclosed in an interview with United Press International that the United States has agreed on a \$6 million dollar aid program to see Bolivia through the crisis caused by collapse of the tin market.

The Bolivian official said he was informed Thursday that this country intends to make 26 million dollars in grant aid available to Bolivia. But he added that this aid, even with an additional 10 million dollars in loans, would not restore the damage to Bolivia's economy caused by Communist dumping of tin.

Andrade appealed to the United States and other Western powers to hold immediate consultations in an effort to set up defenses against further disruptive tactics by the Communists.
