Crazed Father Climaxes Quarrel By Slaying Four

Sparta, Mich.—(UPI)—A crazed father climaxed a violent argument with his estranged wife Tuesday night by grabbing three shotguns, killing four of their five children and setting the house on fire.

The fifth child was injured seriously when the father, Orland McMillan, struck him on the head with one of the shotguns.

McMillan was found unconscious by police about one mile from the rural home where the murders occurred. The fire he started was put out before it could cause much damage.

Children Identified

The dead children were identified as Ronald William, 7; Bonnie Jane, 6; Richard, 1, and Michele Yvonne, 10 months. The injured child, Orland Benjamin, 8, was taken to a hospital where he was in "fair" condition with head injuries.

Sheriff Arnold Pigorsh said McMillan's wife, Edith, about 45, called police late Tuesday night from a neighbor's home and said "my husband is beating me." Pigorsh said Mrs. McMillan had been under court order to refrain from visiting the children who had been living with McMillan in the farm home.

Going to Take Children

Tuesday night she went to the home and told McMillan she was going to take the children.

McMillan, an unemployed factory worker, admitted the murders.

Mrs. McMillan was taken to a hospital in Grand Rapids about 15 miles south of Sparta, where she was reported in a state of shock. Doctors said she had cuts on her face.

Police said McMillan broke down and cried in the jail at Sparta.

He apparently intended to kill himself after shooting the children but "probably didn't have enough nerve," officers said.

McMillan admitted having "a couple of glasses of whiskey" at a brother's home before going to his home. He broke a screen in the back door to get in, police said.

Tropical Storm East of Bahamas

Miami—(UPI)—Small craft in the northern Bahama islands were warned to stay near protected areas today as tropical storm Helene, packing winds up to 20 miles an hour, angled slowly across the Atlantic.

The Weather bureau said the season's eighth tropical storm posed no threat to the mainland so far.

The storm was centered about 465 statute miles east of Nassau in the Bahamas. It was some 630 miles east-southeast of Miami.

Joan of Arc was executed at Rouen, France, in 1431.

Mining Congress Hears of Federal Silver Purchase

San Francisco—(UPI)—The U.S. Treasury now holds 2,800,000 ounces of silver with a coinage value of more than $2 billion in excess of its cost, a California mining executive said today.

David L. Feathers, vice president of the Bunker Hill company of San Francisco, told the American Mining Congress he cited these figures to refute charges by some economists that the government is "subsidizing" the nation's silver industry.

Feathers said some experts have claimed that the government is buying silver at "extravagant prices" with the taxpayers' money.

"The fact is," he said, "the monetization of gold and silver never involves the expenditure of money simply because the paper issued for it is in effect merely a receipt for the metal so deposited, or else the metal itself is minted into coins.

"If government silver purchases constitute a subsidy and misuse of the taxpayers' money, would that we had more of it."

In a resolution presented to the delegates, the Mining Congress urged that Congress restore the gold standard and that the government aid and encourage other governments in restoring gold and silver money as a standard of wealth.

Thornton Joins in Appeal for Damages

Salem—(UPI)—Attorney General Robert Y. Thornton Tuesday joined in an appeal for damages for an accident on a Ross Island Sand and Gravel Co. barge reversed by the State Supreme court. The appeal is now before the U.S. Supreme court.

A Ross Island company employee, Harry A. Hahn, was hurt in a fall from a ladder and a jury returned a substantial verdict in his favor. The Oregon Supreme court reversed the decision on the grounds that the injury was on navigable water and his compensation was under the federal Longshoremen's and Harbor Workers' act.

Thornton said his stand was that accidental injuries are subject to jurisdiction of state laws and state courts.

NOT FOR EATING

New York—(UPI)—A. P. Herbert of London arrived in New York by ocean liner Tuesday with the avowed purpose of introducing "cheese and skittlers" to Americans. But he warned not to expect something to eat. The "cheese" is a wooden bowling ball and the skittles are nine wooden pins the player tries to knock down with the ball.

Father, Son Die In Factory Fire In East Portland

Portland—(UPI)—A Portland businessman and his teen-age son died in a fire at their factory warehouse in southeast Portland early today.

The victims were identified as Clyde R. Pattison, 45, and John Joseph Pattison, 16. Pattison was the owner of the plant.

The spectacular blaze in the three-story structure broke out about 1:11 a.m. and firemen still were at the scene hours later. Damage was estimated in excess of $75,000.

The three-alarm fire brought out rigs from Parkrose, Gresham, Portland air base and Multnomah districts 9, 10 and 12. Firemen had to string hoses for five blocks.

The blaze broke rapidly through the roof and leaped high into the sky.

Shared Apartment

It was after daylight when the ruins had cooled enough to allow recovery of the bodies. The two victims shared a third-floor apartment. They were burned beyond recognition.

The 80-by-140-foot building was surrounded by open fields. Firemen said that a few weeks ago, during the dry weather spell, the blaze would have covered "the whole countryside."

Pattison manufactured unfinished chests of drawers.

The other manufacturers rented space in the building. One constructed pre-cut homes and another built kitchen cabinets.

The fire apparently broke out not long after the victims had retired.

DEVELOPER DIES

New York—(UPI)—Thomas R. Weymouth, 82, developer of the "Weymouth formula" for determining the flow of gas through a pipeline, died Tuesday.

Indiana Farmer Loses Tractor To Government

Albion, Ind.—(UPI)—Farmer Ethan Strangland lost his "big tractor" to the government.

United States marshals appeared at Strangland's farm Tuesday afternoon and carted away the tractor as a penalty for the farmer's overproduction of wheat in 1954.

Strangland owes the government about $600, including interest, for producing 30 acres of wheat when his quota was 14 acres.

Strangland, 54, said he intended to fight the seizure. His attorney, Clifford E. Simon Jr., Fort Wayne, said he would file a motion to squash the seizure of the tractor.

Got New Writ

Federal authorities seized two of Strangland's tractors once before to satisfy the penalty, but the government was forced to give them back because of an irregularity in the writ of execution.

The government quickly got a new writ and seized the big tractor.

Strangland said the marshals failed in an attempt to store his tractor at nearby Merrian.

"I think that showed a lack of intelligence when they tried to get my neighbors to do that," Strangland said. He said his neighbors "have all been on my side through the whole thing . . ."

Philip Crosby To Marry Thursday

Las Vegas—(UPI)—Philip Crosby, 24, son of crooner Bing Crosby, plans to wed Tropicana showgirl Sandra Joe Drummond, 20, Thursday in the church where Bing was married to Kathy Grant last year.

Young Crosby, whose twin, Dennis, married Tropicana showgirl Pat Sheehan, 26, in a between the acts ceremony last May, appeared with Miss Drummond at the Clark county clerk's office Tuesday for a marriage license.

They said they would be wed at St. Anne's Catholic church Thursday if clearance from the archdiocese of Los Angeles arrived in time. The dancer took instruction in the Roman Catholic church.

The two carried on a telephone and mail romance from Washington State college at Pullman, Wash., where Philip was a student. He enrolled there again this fall but announced his intentions of quitting and getting a job after revealing his engagement to Miss Drummond.

MORE VISITING U. S.

Washington—(UPI)—The State Department says a record-breaking 612,824 visas were issued to foreign visitors during the year ended last June 30.

Nixon Will Miss Portland Convocation

Portland—(UPI)—Vice President Richard Nixon will not arrive in time on Friday, Oct. 3, to allow him to attend a convocation at Lewis and Clark College as had been scheduled. GOP National Committeeman Robert T. Mautz said today.

Nixon is scheduled to arrive about 2 p.m. for a $49.50-per-plate speech that night at the Masonic Temple. He is scheduled to leave the next morning for Washington, D.C.

Hamden, Conn.—(UPI)—Harrison Fuller, 66, president of the Manufacturers Association of Connecticut, died Monday.

Which Wash-n-Wear Is Fully Launderable?

SELECT WASH-N-WEAR PLAY CLOTHES CAREFULLY

if you choose to buy them. One brand may launder satisfactorily. Another may turn dirty yellow or fall apart. This may happen to dress or sport shirts, blouses, work or play clothes, or other wash-n-wear fabrics and garments, white or colored, normally bleached for stain removal and retention of original whiteness.

According to AMERICAN INSTITUTE of LAUNDERING, inferior wash-n-wear garments may be made with certain resin finishes that absorb chlorine from hypochlorite bleach, commonly used. This can't rinse out and heat from ironing creates an acid which yellows or destroys the fabric.

If you buy wash-n-wear or other washables, be sure they carry the CERTIFIED WASHABLE SEAL of American Institute of Laundering. It certifies we can launder them to perfection.
