A featured attraction at Hillcrest House :::
THE NEW MODERN WAY TO CLEAN YOUR HOME!

Just Plug-and-Go!

enjoy all these new advantages

- **LESS WORK** — One lightweight, four pound flexible hose does the job! No heavy machine to lift—no cords to tangle or trip over—no bags to empty or replace!
- **NO DUST AGITATION** — Does not redistribute the invisible dust within the room as most portable cleaners do. One easy stroke vacuums clean—takes all dust, dirt, pollen completely out!

- **WHISPER-QUIET** — Cleans without noise. Motor and tank-type receptacle are located completely away from living areas.
- **INSTALL IT YOURSELF** — Complete installation for new homes under construction or for present homes. Ask about special handy-man "do-it-yourself" installation kits.

Same type used by HOSPITALS, HOTELS, LABORATORIES—where cleanliness, convenience, efficiency count most. Now available for low-cost home installation.
