

FORMOSA PATROL—A Navy A3D Skywarrior from the aircraft carrier USS Lexington flies a patrol mission in the Far East. Island in the background is not identified. Meanwhile, talks continue in Warsaw between U. S. Ambassador Jacob Beam and Red Chinese Ambassador Wang Ping-nan, seeking a peaceful way out of the perilous crisis in the Formosa Straits.

Voters' League Sheets Available

A voters' information sheet is again available to Jackson county voters, and an election-information program is being prepared to civic, service and church groups on request, Mrs. Thomas Rutter, voter service chairman of the Medford League of Women Voters, has announced.

The voters' information sheet, prepared by the state League of Women Voters, contains an explanation of, and pro and con material on the 13 measures which will appear on the November ballot. The material has been checked for fairness and accuracy by the Reed college division of history and social science, Mrs. Rutter said.

The sheets are on sale at 10 cents per copy at the Republican and Democratic headquarters, she said, or may be obtained for sale to groups by telephoning Mrs. Rutter at SPring 3-4827.

Core of the election-information program is a skit illustrating the need for county home rule in Oregon, she said. Mrs. Ben Day, local chairman of the state league committee for county home rule, appears with the skit to answer questions on the proposed constitutional amendment. Voter service committee members present pro and con information on other ballot measures.

Local groups desiring a five, 20 or 30 minutes presentation of election information are asked to telephone Mrs. Richard Porto, SPring 3-4852.

Amusement Park Mishap Kills Girl

Los Angeles—UPI—A kiddie train, carrying children on an outing overturned Sunday night at a commercial amusement center, killing a 6-year-old girl and injuring seven others.

Police said the train overturned when it struck a steel bar—left or tossed on the tracks—smashed into a fence and then righted itself. The passengers were spilled to the ground.

Patrice Hurst, riding with her mother, Mrs. Sydney Hurst, 25, and brother, Errol, 7, was cut about the head and neck and apparently bled to death.

Mrs. Hurst and her son suffered cuts and bruises. She was hospitalized at General Hospital in shock over the accident and the death of Patrice. Errol was released after treatment at an emergency hospital.

Princess Margaret To Visit Brussels

Brussels—UPI—Britain's Princess Margaret flies here today to dine with bachelor King Baudouin, visit the World's Fair—and take a look at the city from where Peter Townsend courted her.

The dashing ex-fighter pilot was a long way off, however. He is in Africa, en route to even more distant parts, on his second trip around the world for a documentary movie company.

The princess was greeted on arrival by Prince Albert, 25, a bachelor as is his brother, Baudouin. On Wednesday she will dine with Baudouin at Cierlon Castle in the Ardennes, some 70 miles from the Belgian capital.

BEGIN EUROPEAN TOUR
Bonn—UPI—More than 100 Virginians led by former Gov. John S. Battle arrived here Sunday on a tour of Europe.

SUCCEEDS ADAMS—Maj. Gen. Walton B. Persons is pictured at his desk in the White House following announcement of his appointment to succeed retiring Presidential Assistant Sherman Adams. Persons was the deputy assistant to the president.

Sight of Broiler Sickness Woman

Portland—UPI—Tavern operator Edna W. Rommel can stand anything today except the sight of her broiler. It brings back the time she burned \$1000 worth of paychecks by mistake.

Here, she explained, is how it happened: During the course of business at the 8-Ball Tavern Saturday, she cashed \$1,000 in paychecks for her patrons. In order to hide them until Monday, she stuck them in the broiler of her stove at home.

Sunday morning she got up as usual and turned on the oven. By the time it hit her, all but two of the checks were in ashes.

Gold Beach Slash Fire Under Control

Gold Beach—UPI—A stubborn slash fire that burned for three days in the Saunders Creek area just south of the Rogue river over about 3500 acres was brought under control by firefighters Sunday afternoon.

Ivan Young, State Forestry Department district warden, said mopping up operations would begin today. The fire broke out Friday two miles east of Gold Beach. About 100 men battled the flames.

Three Slightly Hurt In Crash of C119

Portland—UPI—A twin-engine C-119 Flying Boxcar crash-landed at Portland International Airport Saturday evening after its right main gear collapsed. The three men aboard walked away with minor injuries.

The airman were the pilot, Capt. Richard D. Howlett, 39, Longview, Wash.; Capt. Don Packard, 29, co-pilot, and Richard K. Lovelady, airman 1-C of Portland.

The three men were treated at the air base hospital and released.

The trio was returning from a trip to Geiger Air Base at Spokane. The gear collapsed when the plane touched down just short of the pavement on runway 28, the main landing strip at the airport.

Brando and Wife Silent on Rumors

Hollywood—UPI—Actor Marlon Brando and his wife, actress Anna Kashfi, weren't talking today but the actor's aunt denied London reports the couple had separated.

As late as Saturday, Mrs. Bette Lindemayer said everything seemed all right in the Brando household. She said she had talked to her nephew then.

"Such a report must be incorrect," she said. "And after speaking to him, I'm sure that I'd know if all were not well."

Reports from London were that Brando and Miss Kashfi had parted since their Japanese maid drowned in their swimming pool several weeks ago.

Central Point Man Hurt in Auto Mishap

Noble Brown, route 1, Box 276, Central Point, was injured Sunday when his car struck a metal light pole at the intersection of Pine st. and Highway 99 at Central Point, local police reported.

Brown received a broken nose and considerable damage was done to his car, but none to the pole, police said. He was attempting to turn onto the highway to drive south toward Medford, officers said. No citation was issued.

SHOULD KEEP THEM OUT
Stevenage, England—UPI—Town fathers, planning a shopping center, have figured out how to ban dogs. They decided to set up parking meters for canines at entrances to the area.
