

Herbs, Medicines From Red China Seized in Raid

San Francisco (UPI)—Herbs and medicines valued at \$18,000 were seized by U. S. Treasury Agents here Wednesday night in the first step of a nation-wide drive to halt the use of contraband health remedies from Communist China.

E. E. Minskoff, Treasury Department foreign assets control enforcement chief, said the contraband was seized during a raid on Cy Wo Tong and Co., a wholesale firm operated by John Hoang Hall.

Similar Steps Planned
Minskoff said similar steps will be taken in New York, Los Angeles, Chicago, Seattle and Honolulu in an effort to wipe out the illegal herb trade. He said there would be raids on as many as 20 more stores in the San Francisco area.

The importation of herbs and medicines from the Chinese mainland has been illegal since the trading with the enemy act was made into law in 1950. However, many Chinese-Americans still have more faith in the ancient remedies than in modern medical practices.

Obtained in Chicago
Minskoff said Hall admitted obtaining his preparations from Joe Quong, 58, a Chicago laundry operator who was arrested earlier this week in Illinois on a smuggling complaint and now is free on \$1,500 bail.

Quong obtained the illegal herbs and drugs from firms in Vancouver, Ontario and Hong Kong and forwarded the contraband to dealers throughout the country, said Minskoff.

Ike-Nixon Citizens Group Holds Parley

San Francisco (UPI)—Lloyd F. MacMahon, chairman of the National Citizens for Eisenhower-Nixon Committee, presided today at a day-long workshop meeting of committee members from Northern California, Nevada, Oregon and Washington.

Vice President Richard M. Nixon was to speak to the 250 delegates at 2 p.m.

MacMahon, 46, a New York attorney, said his committee is trying to get Republicans, Democrats and Independents who voted for Eisenhower to support GOP candidates this fall.

Southern France Swept by Floods

Nimes, France (UPI)—Floods swept a wide region of Southern France today, causing at least 34 deaths and threatening a mud bath for the Marcoule atom plant.

The death toll was expected to rise. Four persons were listed as missing. Several children were among the known dead. Property damage was believed heavy.

A torrent of mud surged toward the national atomic laboratory at Marcoule on the Ceze river. Officials said the massive mud wave slowed down 30 miles east of Marcoule, but the threat to the riverside plant remained.

Arraignment Set for Central Point Men

George Leo Fulcher and Rex Arthur Roades, both of route 1, box 447, Central Point, were arrested Wednesday afternoon by sheriff's deputies and lodged in Jackson county jail with bail set at \$500 each.

The men are charged with assault and battery on complaints signed by their wives. They are scheduled to be arraigned in district court this afternoon.

Wood-using industries in the United States employ 1,517,000 fulltime workers.
