1 in 3-FLY for FREE ...on MERCY FLIGHTS!

THAT'S RIGHT. Only 1 patient out of 3 is a subscriber. The other two must pay.

Any resident living within 150 miles of Medford, Oregon, can and should be a subscriber to Mercy Flights. At \$4 a year per family, it is the only way that a wage earner can afford air ambulance service for his family.

Accidents don't just happen to "someone else." The most common comment by Mercy Flights patients is: "I never thought that WE would need Mercy Flights."

If the time ever arises when your family is saying this, wouldn't it be better to be a subscriber? For a non-subscriber, the fee is \$70 for every 100 miles the patient is flown.

Federal Court Sets Hearing on Petitions by Oregon Prisoners

Portland—UPI—A Federal court hearing has been set for Salem for Nov. 20 on petitions by seven state prisoners against Warden Clarence Gladden, Gov. Robert D. Holmes and other state officials.

The convicts claim that the warden and the State Board of Control are restricting their attempts to prepare legal proceedings seeking their release. Federal Judge Gus Solomon said the hearing would be held in Salem for the prisoners to testify in behalf of their petitions.

Judge Solomon said at a hearing here Monday that "where a state does not provide means of appeal, the Federal court is obliged to act." The prisoners, among other things, complained that they are denied full use of their savings to buy legal supplies, such as court citations.

Assistant State Attorney General Peter S. Herman said prisoners bring habeas corpus petitions to the state courts would be permitted to proceed as paupers and pay no fees. As for other complaints, such as injunction suits now before the Federal court, Herman indicated these would have to be paid if brought in state courts. In Federal court prisoners are permitted to proceed without paying fees when they have no funds.
