CALM SCENE—Laborers work in the field at the Taoyuan U. S. Air Force Base near Taipei, Formosa. Nationalist Chinese officials have emphasized that Nationalist China has no intention of reducing its garrisons on the beleaguered outpost islands of Quemoy and Matsu. President Eisenhower and U. S. Secretary of State John Foster Dulles have both suggested that the maintaining of large garrisons on the Chinese offshore islands may not be desirable.

Wandering Inventor Engages Attorney To Study Contract

Los Angeles—UPB—Inventor Elmer Meukel, debt-ridden "dreamer," whose idea for a device to prevent aircraft collisions aroused wide interest, was a key figure today in a race to develop his device. Where before, the lanky, self-educated Meukel had trouble interesting anyone in his electronic motion detector, his main problem now was considering offers and protecting his interests. **Contacts Attorney** Shortly after returning over the week end from three months wandering that took him to a Reno, Nev., hobo jungle, the inventor today contacted attorney Leonard Weinberg. Weinberg planned to go over the contract Meukel signed with the Polaris Engineering company before leaving home in a "mental funk" last June to escape creditors. The pact calls for Meukel to receive 3 1/2 per cent in royalties if his device works. The total could amount to \$35,000 a year.

Two Injured in Auto Accident

Carl Andrew Palmquist, 41, of section 1, Camp White, was reported in serious condition today at the Camp White infirmary after being injured in an auto collision yesterday. State police reported that Palmquist attempted to make a left turn from Highway 62 at the domiciliary entrance about 7:45 p.m. and collided with a southbound vehicle driven by Richard Ebenezer Swan, 37, of 2501 Lyman ave., Medford.

Palmquist suffered a crushed chest and a severe laceration below the left knee, according to infirmary authorities. He was said to be suffering from shock.

Swan was taken by Medford Ambulance service to Rogue Valley hospital with a broken right arm, police said. His condition was described today as "good."

Police said damage to both vehicles was heavy.

Applications Being Taken for Positions

Examinations for student trainees in engineering and scientific fields and apprentice, fourth class, have been announced by Puget Sound Naval shipyard, Bremerton, Wash. Additional information on the applications and examinations may be obtained at the local post office building.

Deposits Increase In First National

Total deposits of \$800,948-941 and loans amounting to \$405,219,945 were recorded Sept. 24 at the 79 offices of First National Bank of Oregon, C. B. Stephenson, bank president, has announced.

They represent an increase of \$10,588,194 in deposits and a decrease of \$5,361,377 in loans since the Oct. 11, 1957, bank call, Stephenson said.

Figures released by the Medford branch of First National show that on Sept. 24, deposits at the branch were \$25,147,457 and loans were \$13,134,541, according to J. A. Moore, manager.

Civil Service Job Open at Camp White

Civil service examination is now open for carpenter at the Veterans Administration Domiciliary, Camp White. Enid L. Brown, executive secretary of the board of civil service examiners at the domiciliary, has announced.

Information concerning experience requirements are contained in the examination announcement, and may be obtained at the local post office or board of civil service examiners at the domiciliary.

DOG CANCER PATIENTS

East Lansing, Mich.—UPB—More than 100 dogs are treated for cancer every year at the Michigan State University animal clinic. University veterinarians say the cat is about the only tame animal in which cancer is relatively rare.
