Industrials Soar To Record Highs

New York—(UPI)—Industrial stocks soared to a new record high in a four-million share session today.

Leadership centered on steels and metals. Real Silk Hosiery made its first appearance since last June and spurred 11 points to a new high.

International Business Machines ran up six points and Rohm & Haas at its best up seven points.

Gains in the steels ranged to two points with most of them at new highs. Coppers had gains running to more than three points and aluminum to more than two. Some of the oils perked up with Texas Co. and Royal Dutch the favorites.

Electronics issues, some of the amusements, some tires, chemicals, farm implements, and tobaccos moved ahead to new highs.

Autos held in a narrow area. Rails had some soft spots which retarded the progress of their average. Utilities moved into new high ground for 28 years.
