2 Oregon Lawyers Ordered Disbarred

Salem—(UP)—Two lawyers have been permanently disbarred by the Oregon Supreme Court.

Harry H. Ohlmann Jr., formerly of Seaside, was convicted of the crime of larceny by embezzlement and was disbarred upon recommendation of the Board of Governors of the Oregon State Bar.

Gale A. Lockhart Jr., formerly of Salem and Portland, also was disbarred permanently after having been found guilty by a trial committee of the Bar for using client funds for his personal benefit.

OSC Scientists Set Metabolism Study

Corvallis—(UP)—A team of Oregon State College scientists has announced they will use a \$18,000 annual grant from the U. S. Department of Health, Education and Welfare to find a sort of "fountain of youth" through studies of metabolism.

Researchers pointed out that modern nutrition standards, the basis on which most people take their daily vitamin pills, are based on "average requirements."

Robert W. Mason and Hugo Crueger, physiologists; Ralph Bogart, geneticist, and J. E. Oldfield, nutritionist, believe that new storehouses of health, fertility and longer life might be tapped by nutrition geared to individual needs.

White mice to be used in the metabolism studies will be allowed to choose for themselves from three different vitamin solutions placed in their cages to see if they will "doctor themselves" according to their individual vitamin requirements.

John Barrymore's Body Not Cremated

Hollywood—(UP)—The late John Barrymore's request that his body be cremated was not carried out because his brother, Lionel, opposed cremation on religious grounds.

The revelation was made in a Superior Court hearing when the former executor of the actor's estate, attorney Gordon W. Levey, was asked if he had complied with all the directions in Barrymore's will.

The hearing was called by Levey who sought to open the Barrymore estate in order to sell three of the great film actor's pictures to television. Levey was asked about the cremation wish by Judge Harold W. Schweitzer at the request of attorney Sidney Dorfman, who appeared in behalf of John Barrymore Jr., who is opposed to opening the estate.

Levey said the actor was buried in Calvary cemetery at Lionel's request. John died in 1943.

Polaris Explodes Upon Launching

Cape Canaveral, Fla.—(UP)—The upper half of a Polaris test rocket popped off like a giant champagne cork at the instant of launching Wednesday and exploded on the cape a mile and a half away.

There were no injuries. The first stage did not leave the launching platform. It belched flame intermittently for six minutes.

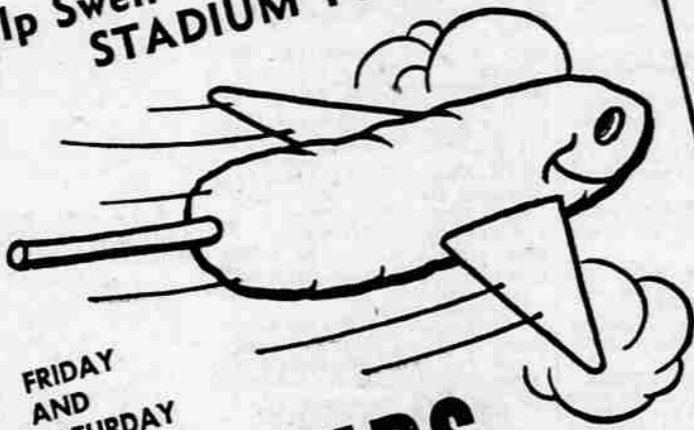

The Air Force said the second stage, or upper half of the Navy test rocket "was destroyed by the range safety officer after it took off and gained a few hundred feet of altitude in an attempted launching."
