Bull Market Moves Ahead; New Buying

NEW YORK - (UPI) - The 1958 bull market surged ahead today to within touching distance of its record high on the heaviest volume since the first session after President Eisenhower's heart attack—the session of Sept. 26, 1955.

Apparently all the influence of the 90 per cent margins put into effect Thursday had worn off and the market encountered vast amounts of new buying.

The street today stressed the apparently good reception of new automobiles as a No. 1 buying incentive. Kroger spurred 5 points to 96. There were several other market sensations. Studebaker-Packard rose nearly 2 points to a new high and swept the who auto section up with it.

NEW YORK - (UPI) - Dow-Jones final stock averages: 30 industrials 546.36, up 6.25; 20 railroads 147.29, up 1.92; 15 utilities 82.84, off 0.03; and 65 stocks 188.36, up 1.81.

Sales today were about 5,380,000 shares compared with 4,560,000 shares Thursday.

Kelvinator Workers Leave Jobs; Union Contract Not Signed

Detroit - (UPI) - American Motors Corp. was left without a union contract today when negotiators failed to agree upon a new pact to cover the company's 14,000 production workers before a 10 a.m. expiration hour.

Immediately after the old contract expired, 1,600 of the corporation's employees at the Kelvinator plant in Grand Rapids, Mich., left their jobs. The workers, members of United Auto Workers Union Local 206, immediately set up picket lines outside the big appliance manufacturing plant.

The deadline came one hour later in the Wisconsin plants because of a time zone difference. United Auto Workers negotiators representing the workers were locked in a marathon session with AMC bargainers in an attempt to reach a new contract agreement before the old one expired. The expiration of the

County Jail Riot In Denver Broken Up By Tear Gas

Denver - (UPI) - Police laid down a thick blanket of pungent tear gas Thursday to smother a two-hour riot by 70 tough inmates at the Denver county jail.

Four jail guards were beaten by the rioters, but they were not injured seriously. The prisoners took no hostages, and they never had a chance to escape.

At the climax of the disturbance shortly after 8 p.m. (e.d.t.), 36 of 44 available police patrol cars had surrounded the maximum security building in which the riot occurred. By 9:10 p.m., guards reported they had shaken down the last of the rioters and returned them to their cells.

Reason Not Known Authorities said they had not established the reason for the riot. Two prisoners told safety manager Edward Geer that they staged the riot to protest maltreatment by jail guards. But several others in the cellblock, who did not leave their cells, told United Press International that there had been no trouble recently.

The riot area was left in shambles. Showers were turned on to flood the floor and water was mixed with scattered remnants of the evening meal. Hamburger, potatoes, gravy, bread and custard were squashed underfoot.

Will Get Tough Windows were smashed, tables and benches were upended, and brooms and brushes were crushed. Mattresses were ripped and scattered. "If they think things have been tough," Geer said, "surveying the damage and litter, 'they haven't seen anything yet.'"

The maximum security building, one of five, houses 108 of the Denver County jail's 738 inmates.

Cardinals Gather For Final Rites

Vatican City - (UPI) - Thirty-four purple-robed cardinals marched in procession to the altar of St. Peter's Basilica today to launch the final three ultra-solemn days of Pope Pius XII's funeral rites.

Marcello Cardinal Mimmi, archbishop of Naples, recited this morning's novendiali mass assisted by four other cardinals, including James Francis Cardinal McIntyre, archbishop of Los Angeles.

The final three masses, each to be recited by a cardinal, were the most solemn of the funeral rites. Roman papal nobility, diplomats, church dignitaries and distinguished national delegates from all over the world were joining in the ceremonies.
