

Peace Force Plan Opens New Front

United Nations, N.Y.—UPI—Secretary General Dag Hammarskjöld's suggestions for a U.N. peace force opened a new East-West front in the United Nations General Assembly today.

Russia led the attack Wednesday with a Moscow radio charge that the secretary general's plan was an attempt to carry out America's old, extremely unpopular colonialist policy.

A spokesman for the American U.N. delegation said the United States looked "with favor" on the plan.

The assembly's main political committee met today to discuss disarmament, but controversy centered on the plan outlined Wednesday by Hammarskjöld.

Rumor Has Danny Kaye Possibility for Oscar

By VERNON SCOTT
UPI Hollywood Correspondent

Hollywood—UPI—An Academy Award for Danny Kaye? That's the hottest rumor in movietown these days, and nobody's more amazed than Danny—a rare actor who doesn't think he deserves it.

"I'm flattered by the Oscar rumors, but I don't think I deserve an award," he says. "Gone are the zany props, the rapid-fire 'git-gat-giddle,' the outrageous mugging that made Kaye a top comedian, and in his very first shot at a straight role Danny hit the bullseye in 'Me and the Colonel.'"

"The part was a startling change from my usual brand of comedy. It was a real leap off the diving board. A gam-

ble. It was not only a character role, but there was no music, no funny props, no costumes to depend on.

Loved New Role
"For the first time in my life I played somebody other than Danny Kaye, and I loved it," the funnyman said.

Danny liked the change of pace so well he is starring in his second straight role, playing the life story of musician Red Nichols in "The Five Pennies."

Again, Danny draws on warm, sentimental humor instead of the explosive jokes that rocked his audiences in "Up in Arms" and "Knock on Wood."
"The transition was easy for me," he continued. "But I could not have done it 10 years ago. For one thing, I've grown older, and if a man matures in his thinking he comes to a point where he must try a new avenue in his career. That's what happened to me."

Insight Gained
"All my travels for the United Nations have given me an insight into people and situations that I never understood before."

"I realize now that people have to see some humor in the tragic moments of life if they are to survive. Humor and tragedy are very close."

Danny's personality off screen has undergone a metamorphosis comparable with his movie revolution. He's no longer the wisecracking, flip character he once was. He seldom raises his voice or mugs it up for laughs—but there's still a twinkle in his eye.

"A new career has opened up for me," Danny concluded. "Now I have an opportunity to do a different type of picture every time I go to the post."

Teenagers Charged With Having Beer

Ashland—Municipal court authorities are studying the cases of six Ashland teenagers charged with illegal possession of alcoholic beverage.

Arrested Tuesday were Irvin George Rothwell, 18, of 75 Alida st., Ashland; Charles Wesley Allin, 18, of 501 Allison st., Ashland; Ronald Dwayne Frank, 19, of 195 Skidmore st., Ashland; Lee Kent Seitz, 19, of 727 Siskiyou blvd., Ashland, and Frankie Ray Bryant, 18, of 939 East Main st., Ashland.

Ashland city police said they found a half case of beer in the car in which the youths were riding.

Fourteen per cent of all American families own two or more cars.

NEW PLANE—Rolling along assembly line at North American Aviation company, Inglewood, Calif., is this experimental X-15 rocket powered space ship designed to penetrate outer reaches. It is expected to be America's answer to problem of putting man into space.

Richard Nixon Says X15 Has Helped Country Regain Race to Control Space; Ship En Route to Test Base

Inglewood, Calif.—UPI—Rocket ship X-15, which Vice President Richard M. Nixon says already has helped the United States recapture the race to control space, got perhaps its "slowest ride" last night aboard a truck to the Edwards Air Force Base test station.

The complex and highly integrated machine that Americans hope will beat the Russians in manned space flight was rolled out of its hangar for the first time Wednesday.

Brig. Gen. Marcus F. Cooper, commander of the Air Force's Edwards Flight Center, commented that land-based trucking to Edwards "probably will be the slowest ride it will ever get."

Sometime in February, 1959, Gen. Cooper said, assuming that all has gone well,

Hatfield Signs Budget Forecast

Salem—UPI—Secretary of State Mark Hatfield said Thursday he had signed "reluctantly and under protest" a budgetary forecast released by the State Finance Department and State Tax Commission Wednesday.

The report indicated that the 1959 Legislature would be able to work with from \$285 to \$310 million as a resource estimate.

In a summary of resources and expenditures for the current biennium, the report also indicated the state would have a surplus of about \$33 million as of June 30, 1959.

This was an increase of about three million dollars as a result of reduced spending in many departments.

The report, approved by the Board of Control, included this comment:

"Considering such factors as inflation, recession, recovery from recession, continued economic growth, it appears resources may be available to meet the minimum requirements of the next biennium."

IN FAIR CONDITION

Milton-Freewater—UPI—William David Burwell, 43, was in fair condition in a Walla Walla hospital Thursday after he apparently was accidentally shot while cleaning a .22 caliber pistol Wednesday, police reported. The bullet passed through his ribs and lodged in his back near the spine.

Earthquake Felt In Imperial Desert

Brawley, Calif.—UPI—A rolling, rumbling earthquake jolted this Imperial Desert area at 10 a.m. p.s.t. Thursday and was followed within three minutes by a lesser quake.

The sharp jolt was felt in Brawley, Westmoreland and Calipatria and police received some reports of merchandise falling off store shelves and of cracked plaster.

Dr. Charles Richter at the California Institute of Technology in Pasadena, Calif., said the tremor registered with an intensity of "not over 3½" on the scale of 10. He placed the center of the quake at 100 miles distant from Cal Tech or slightly north of Brawley.

Horses are so rare on Formosa that a pair of them attracts through to the Taipei zoo. The average life span of American men and women has increased by about 10 years during the past 20 years.
