

Central Point Girl Given Savings Bond

Carolyn Tiegs, Talent, received a \$50 U. S. Savings bond awarded by Standard Brands Inc. during the Talent 4-H Community Achievement program.

During the program in Talent Thursday night she was recognized as individual bread demonstration winner at the state fair in Salem. She was recognized also for her achievement with a summer school scholarship to Oregon State college in June. She is a recipient of the Jackson county farm bureau poultry trophy for the outstanding poultry exhibit at the county fair.

Kathy and Daryl Zapell were awarded county fair-board medals for outstanding record books in poultry and rabbit division projects, respectively.

Present Pins, Cards
C. McKeen of the First National Bank of Oregon, Medford branch, presented pins

and cards to the club members attending for the years they have completed in 4-H club work.

Pins and cards awarded included:
Eighth year—Carolyn Tiegs.
Seventh year—Lucille Lowry and Janet Zediker.
Sixth year—Dean Sommer and John James.
Fifth year—Gary Richard-Gerald Reneau, Starlene Wilkins and Dianne Carter.
Fourth year—Linda Sommer, Daryl Zapell, Doris Bench, Marylee Lowry, Susan Howell and Connie Patterson.
Third year—Kathy Zapell, Paulette-Creel and Susan Thompson.
Second year—Gary Cook, Judy Bagley, Greg Goodrich, Betty Jo Howell, Joyce Gritten and Annette Carter.

First year—Douglas Cook, Sherry Wilkins, Sam Howell, David Doolen, Mary Howell, Lynne Eilers, Gail Scharfe, Nancy Day, Jean Sterrett, Royce Welch, Karen Dorman and Cassie Cuthbert.

ICC Concerned Over Applications

The Interstate Commerce Commission has announced that few applications have been filed by those entitled to interstate motor operating rights authorizing transportation of frozen fruits, berries and vegetables and other commodities under the transportation act of 1958.

The commission expressed concern that many carriers entitled to rights may not be acquainted with the new statute and may lose their rights if they fail to apply for them on or before Dec. 10.

The act provides "grandfather" rights to those who were engaged in such motor transportation on May 1, 1958, and continuously since, but to preserve the rights, an application for a certificate or permit must be filed.

Copies of an information bulletin published by the commission and application forms may be obtained from the office of the bureau of motor carriers at 538 Pittock block, Portland 5, Ore.

Twelve More Allies To Get Sidewinders

Washington—UPI—This country will give 12 more Allied nations deadly Sidewinder missiles which outnumbered Chinese Nationalist pilots have used recently to win dog fights over the

Formosa Strait, officials said Friday.
Most of the countries which will get the supersonic missiles for their planes are members of the North Atlantic Treaty organization.

Since the successful use of the Sidewinder by Nationalist Chinese pilots, heavy demand has come from other nations among the 63 U. S. allies eligible to buy or receive U. S. arms, the officials

said.
The nine-foot long, pencil-shaped Sidewinder blasts toward its target at twice the speed of sound, guided by an infra-red "heat seeking" device. Fired against jets, it smashes into the plane's tail pipe and explodes.

In its first actual battle test the \$3,500 weapon has been credited with downing a number of Chinese Communist MIGs and substantially contributing to Chinese Nationalist air superiority in the Formosa Strait area.

Officials said agreements already have been concluded to deliver the Sidewinders to 12 additional Allies in Eur-

ope and the Far East under the mutual assistance program. They would not name the Allies.

Russian Official Possible Victim Of Plane Crash

London—UPI—Conviction deepened here today that a high Soviet official may have been aboard the Soviet TU104 jet airliner which crashed last Friday, killing the 65 passengers and five or more crewmen aboard.

Radio Moscow still has not amplified its Saturday statement that all aboard were dead. But Radio Peiping said there were 65 passengers aboard, 16 of them Chinese Communist officials, and the remainder non-Chinese.

Russia was silent on the identity of the victims, but the Soviet cabinet, in an unprecedented move, decreed that a top level panel should investigate the crash at Kanas, 360 miles east of Moscow. The crash came during a scheduled Peiping-Moscow flight.

Western Speculation
Because of the Soviet cabinet's intervention in the crash investigation and the almost unprecedented announcement of the disaster, Western experts speculated that high Communist or foreign officials might be among the victims.

Peiping named its 16 victims which included Ceng Chen-to, vice minister of cultural affairs who was leading a cultural delegation of 10 to Afghanistan. It merely described the others as "foreign friends" and "foreign experts."

Official sources in Bonn and London said four West Germans and one Briton were aboard the aircraft. The Cambodian Embassy in Tokyo said it had no knowledge of Moscow rumors the son of the Cambodian ambassador to Peiping was a passenger.

4 Oregon Deer Hunters Missing

By United Press International
Four deer hunters were reported lost in Oregon today.

Two youths in their 20s were missing in the Black Rock area west of Dallas. They were Larry Cook and Byron Hodgson, both of Dallas. They were on a hunting trip with Jack Cook of Dallas when they became lost and Jack Cook hiked to a telephone to report them missing.

George Lovell, 28, Mill City, was reported missing since Saturday on a hunting trip to the Monument peak area southeast of Gates in Linn county. The Norman Wilson bloodhounds were called to help look for him.

Jack Tatum, 14, was reported lost near Klickitat lake in eastern Lincoln county. Four other hunters also had been reported missing but turned up safely. They were Mr. and Mrs. Steve Hegedu of Rainier and two boys lost in the Lebanon area for several hours.

Weather Studied For Atomic Tests

Las Vegas—UPI—Atomic Energy Commission scientists met early today to determine if the weather was right for firing up to three full scale atomic test shots from balloons this afternoon.

The AEC, pressing to complete its expanded 13-shot current series before the proposed deadline on nuclear testing Oct. 31, postponed the shots late Sunday night because of "unacceptable weather conditions."

All three devices were set originally to be detonated

Truman Blames 'Dulles' Policy

New York—UPI—Former President Harry S. Truman blamed "Dulles foreign policy" today for U. S. involvement in the "little war" in Formosa Strait.

Truman, en route to Pennsylvania, Delaware and Massachusetts for campaign talks told newsmen on his morning walk that the crisis in the Far East was a result of the Eisenhower administration's "surrender" in Korea. The Korean armistice was signed in 1953.

"The chickens are just coming home to roost," Truman said, adding that he had never known a Communist to "tell the truth and stick to it." He said he was not surprised by the Chinese abrogation of the cease fire.

"Wasn't that what you expected?" he asked.
The former chief executive said he had no solution to the China problem but thought it should be worked out in the United Nations "by argument."

Sinclair Weeks May Quit Post

Washington—UPI—Commerce Secretary Sinclair Weeks is strongly considering resigning his cabinet post, quite possibly by the end of the year.

He told friends over the week end that he is leaning toward the idea of moving back to his New Hampshire farm, but has reached no final decision.

Mrs. Weeks, the former Jane Tompkins Rankin, has not been well lately and is said to favor leaving Washington.

Weeks, 65, is one of the four remaining members of the original Eisenhower cabinet of 1953. The others are Agriculture Secretary Ezra Taft Benson, Secretary of State John Foster Dulles and Postmaster General Arthur E. Summerfield.

OFFICIAL WRITES MOVIE
Jackson, Miss.—UPI—A Mississippi public service commissioner wrote the script for the latest Tarzan movie—"Tarzan's Fight for Life." Thomas Hal Phillips, who also is a novelist, said the film takes a new approach to the 40-year-old Tarzan series. In it, Tarzan does not speak broken English and is "a little bit more adult."

Phillips took time off from his state duties to write the script. He also turned out several novels and short stories.

early today, the first time three shots had been set for the same morning by the AEC.

The shots would bring to 12 the number exploded during the current series.
