A move is on foot to "raid" the present O and C monies, and distribute the money among all counties of the state. This is of importance to every taxpayer in Jackson county. I shall oppose all efforts to take O and C monies away from Jackson county. This is the most important issue facing the County Court and the taxpayers of the county today.

are saying about
Charles Porter...

From his performance so far, we would have to go a long way to find a congressman who would promote Curry county's interests more actively than Porter is doing.

July 17, 1958 Curry County Reporter

Mr. Porter's dislike of the tyrannies in the Dominican Republic, Cuba and previously in Venezuela and Colombia, is genuine. His recent criticism of the Ernst report on the Galindez-Murphy case was a notable piece of investigation. No doubt his own career as a congressman is being helped by what he is doing in the Latin American field, but his sincerity cannot be questioned and there is no doubt that he is serving the best interests of the United States.—The New York Times.

There are a lot of areas in which we do not agree with Rep. Charles Porter of Eugene, but we commend him for his current effort to get the Southern Pacific to restore passenger service between Ashland and Eugene. July 20, 1957 Ashland Tidings

Rep. Charles O. Porter is to be commended for his efforts to make good appointments to the service academies.

January 9, 1958 Eugene Register-Guard

This question has several aspects. We have long admired Rep. Porter's insight into Oregon's problems, his "availability" to constituents in listening to and acting upon their grievances and the systematic and analytical way in which he approaches controversial situations. July 18, 1958 Sutherlin Sun

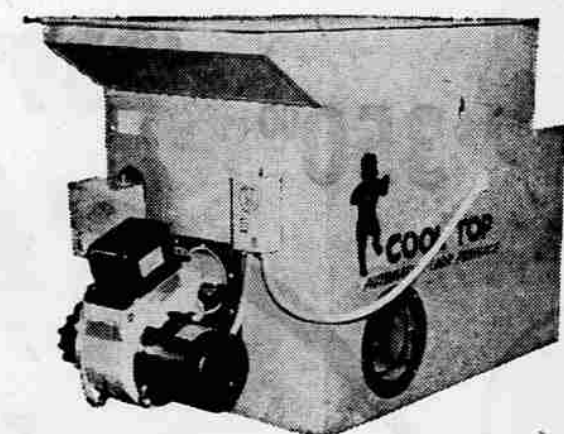

Hopes currently appear mighty slim that appropriations for Green Peter dam planning and other Linn county projects will be increased by congressional action, but you can't say Congressman Charles Porter, fourth district representative, didn't put up a big battle for them.
