

Leather Takes the Limelight

COLOR, COLOR everywhere, and all of it to wear—carefully matched for the ensemble look—with leather an important part of the accessory picture.

Bags are all sizes and shapes—some remarkably capacious as in a current version of the tote-bag. Cunningly crafted shoes have “ties” or “T”-straps to go with today’s look of fashion, while daring, knee-high fitted boots of suede are worn with the really short skirts seen on campus. Hosiery, in colors, is seamless and sheerer than ever. And gloves, those pretty hand-warmers which make or break a costume, are leather (mostly washable), and distinctly longer for a graceful meeting with this year’s shorter sleeve length.

1. The simple design of Theador’s long, narrow calf bag (\$13), and the slim “T”-line of Mademoiselle’s calf shoes (\$19), are perfect for the new woolens in the empire style.
2. “Wild” is the word for Capezio’s boots in scarlet suede (\$35), and Jana’s over-size bag of brushed leather trimmed with smooth (\$25). Washable pigskin gloves, Fownes (\$5).
3. Palizzio’s slim-heeled “tie” pump with perforated toe (\$25), complements a calf compact bag by Mam’selle (\$14). Justin Lamm’s contribution, launder-leather gloves (\$8).

Live a “regular” life —without laxatives

What wouldn’t you give to throw away every laxative in your medicine chest? To live a “regular” life again—*naturally, naturally*? Here’s how you can do it!

Medical science now has found a miracle substance—available as REGUTOL—that *corrects* constipation...not with laxatives but with natural colonic moisture!

Doctors say most constipation is due to waste losing moisture in the colon—becoming *hard and dry*. To give relief, laxatives and “bulks” have to *force* action in some unnatural, often uncomfortable way.

REGUTOL tablets work differently! Entirely non-laxative, they simply make the moisture in your colon soften hard, dry waste more effectively. Normal elimination follows *naturally*!

Thus REGUTOL corrects constipation and restores regularity. *No* laxative can—usually in *just 3 days*! Try it; see how much better you feel. 30 tablets, only \$1.00.
