He received a letter from her a few days ago in which she stated that the bulbs from Oregon were a great deal larger than any she had ever seen.

Southall said it all came about when his sister heard a radio announcer comment concerning the roses and gladioli in Oregon.

The gross amount of sales was \$707.18, of which the student body will net 25 percent. In addition \$65 in awards was given the children.

Proceeds will be used to purchase skirts for 42 fifth and sixth grade girls, who are participating in the drill team, at a cost of at least \$3 per skirt. In addition 12 basketball suits will be purchased from a portion of the funds. Athletic clothing is not furnished for the school.

Soft Coal Strike Said Possibility

Pittsburgh - (UPI) - The possibility of a strike, the first in nine years, loomed today in the soft coal industry because of a reported demand by the United Mine Workers that big coal operators stop handling non-union coal.

However, Edward G. Fox, president of the Bituminous Coal Operators' Association, said in Washington neither he nor the association had yet received a strike threat from United Mine Workers President John L. Lewis.

It was reported here, where top officials of the BCOA met Wednesday, that the UMW chief would serve a 60-day notice of termination of the present contract Dec. 1.

Fox huddled with 14 other soft coal operators association officials in a secret meeting. After he returned to the capital, Fox said he discussed "everything in general" - including the question of non-union coal.

SOSA include Mrs. Leonard Andrews, Mrs. Ralph Hixson, Mrs. Earl Moore, Mrs. Pete Munday, Hal Bishop, Mrs. Wallace Neece, and Mrs. Raymond O. Davis.

A feature of the radio men's meeting will be the third annual banquet for members and members-elect of the 50th Oregon Legislature which convenes Jan. 12.

Gov. and Mrs. Robert D. Holmes will be honored at a noon luncheon in the Marion hotel. Holmes is a former vice-president of the broadcasters' association.

Gov.-elect Mark Hatfield will have a special message for the broadcasters at the evening banquet which gets under way at 6:30 p.m.

Heavy Rains Hit Western Oregon

Portland - (UPI) - Heavy rains and winds hit western Oregon Wednesday but relief was expected today.

More than one inch of rain fell in Portland between 8 a.m. and 4:30 p.m. Wednesday. Portland's weather station recorded wind gusts up to 39 miles per hour.

Astoria was one of the most heavily hit by rain

Mail Order Gun Used in Slaying

Altadena, Calif. - (UPI) - An 18-year-old youth killed his younger brother and the family pet dog Wednesday with a mail order .22-caliber revolver he recently purchased without the knowledge of his parents.

"I did it but I don't know why I did it," Bruce Harlow Ginn told sheriff's deputies. "I must have fired at least 12 times."

Bruce said his brother, Edward, 14, arrived home from school and went into the bathroom. Bruce followed his brother in and shot him five times in the head and once in the arm.

He also shot the pet Boston terrier, "Razz," once through the head in his parents' bedroom.

Bruce telephoned the sheriff's office after the slaying. "He was standing in the street with his arms held up, holding the gun in his hand," one of the deputies who answered the call said. Bruce was booked on suspicion of murder.

Capt. Al Etzel, in charge of the investigation, said so far they have been unsuccessful in finding a motive.

Forest Lands To Be Back in Full Growth by 1965

Portland - (UPI) - Delegates to the Pacific Logging Congress here were told Wednesday that all Oregon and California forest lands would be back in full growth by 1965.

Edward Woolzey, director of the Bureau of Land Management, based his statement on the record planting of 22,000 acres this year in addition to 26,000 acres planted last year.

Woolzey forecast a possible further increase in the allowable annual cut of 769 million board feet announced last July for Oregon O&C lands.

The further increase would be based on better inventory figures and better growth conditions on the 2 1/2 million acres of O&C lands.

Woolzey stressed that a better network of roads is necessary if the valuable resource is to be given adequate fire protection.

The Congress called for revision of U. S. Forest Service practices in evaluating timber offered for purchase.

In one of 16 resolutions passed the group asked that timber be offered on the basis of insuring a fair profit for the purchaser.

It also asked congressmen from western states to oppose the Wilderness Bill, currently before the Senate Committee of Interior and Insular Affairs.

They said the bill would prevent "development of vital natural resources needed for the continued and beneficial growth of the United States" and would benefit only a tiny fraction of our people.

Winner of Bet Doesn't Get Girl

Teramo, Italy - (UPI) - Two youngsters in love with the same girl fought it out - to the last steak.

Nicola di Battista and Lucio Caserta both loved a pretty schoolteacher in this Abruzzi Mountain town.

To decide who would marry her they agreed to a steak-duel.

Whoever ate the most steaks would win her. As an appetizer each ate his way through three plates of spaghetti, a roasted chicken, 20 sausages, ten hard-boiled eggs and a plate of cakes.

Then they tackled their steak. Di Battista was declared the winner three hours later, after gulping down the last mouthful of his 16th steak. Caserta gave up after the 15th.

But last reports were that the schoolteacher refused to honor the bet.

She apparently was scared at the idea of having to cook for such a voracious husband.

Portland Grocery Operator Robbed

Portland - (UPI) - A woman grocery store operator was knocked down by two robbers here Wednesday night in one of two holdups here.

Mrs. Helen Hill told police two men entered her store and bought cigarettes. One of them grabbed her by the neck as she was making change and pulled her back to the counter. She said she was knocked down with a blow on the head, apparently from an old type stove poker. The robbers got \$35.

Later in the evening, one bandit escaped with \$60 in a holdup at Depot Automotive Service.

New York - (UPI) - Wilmer H. Bentley, 81, a retired actor and stage director, died Wednesday.
