

# Eagle-Warrior A-2 Contest Saturday Figured Toss-Up

Eagle Point and Oakridge high schools, champs of District 6 and District 5, respectively, lock in Oregon Class A-2 title quarter-finals with neither having a favored role.

Only available comparisons rate as a toss-up the skirmish on the Medford high field at 8 p.m. on Saturday.

The Eagles and the Warriors have met only one common foe. Eagle Point nipped the Sutherlin Bulldogs 19-18 in a district play-off tilt. Oakridge tied the Bulldogs in a 7-7 non league 1958 opener.

The Warriors come to their quarter-final brush unbeaten. They went through District 5 campaigning with seven triumphs and a 13-13 knot with Willamette.

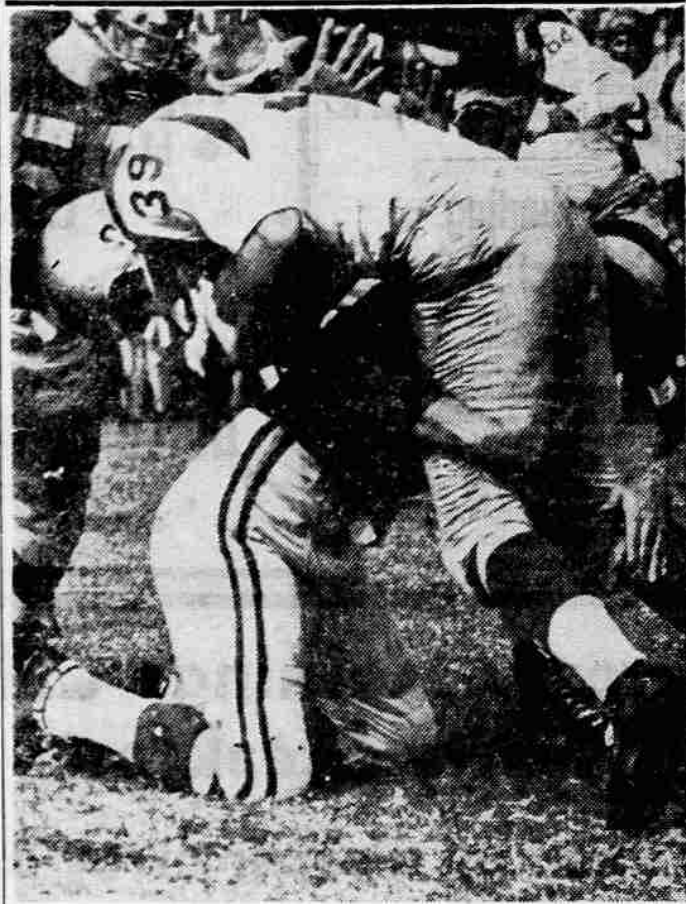

**Good Defense**  
"Small but good on defense" is the sum up of the Warrior team. The line averages out at around 160 pounds and the full team average is less than that. Offensively the Oakridgers have a halfback scoring threat. The Warriors have piled up 189 points in nine games. Doyle Hays is credited with 99 and Chris Stanley with 51. Hays has 16 touchdowns for the year.

Eagle Point copped its quarter-final berth after a 5-0 Rogue league mark and is 8-1 for the year. The Eagles lost only to Crater a Class A-1 school. Coach Tom Van Ethen's Eagles, using the wing T formation, feature a Triple Bill attack. Bill Skeeters, Bill Turner and Bill McClure have been their major gainers and scorers.

Principal S. W. Callaghan of Eagle Point high has announced that gates and grandstands on both sides of the Medford stadium will be open for the convenience of the fans.

Officials for the game will come from the Eugene area. They are Herb Hamer, Bob Shissler, Chuck Wiper and Jim Stevenson.

## MEDFORD TRIBUNE SPORTS

**STOPPED**—San Francisco 49er Hugh McElhenny (No. 39) is hit by Los Angeles Rams' end Lou Michaels (No. 55) after McElhenny received quarterback John Brodie's pass, in the first quarter of the Rams-49ers game at the Coliseum in Los Angeles. Rams trampled all over the 49ers, winning 56 to 7.

**DOORWAY**—This gaping hole was the front doorway to the integrated junior high school at Osage, West Virginia, before the building was wrecked by early morning dynamite blasts. Note piece of door in foreground, blown 60 feet from the doorway by force of the blasts. Every window in the school was shattered, and it is feared that the entire building may have to be razed.

**HOW MANY GOLF BALLS ARE USED EACH YEAR?**  
The Golf Ball Manufacturers' Association reports that 2,738,162 DOZEN were sold in 1957. This figure adds up to 32,857,944 'gubba' perched golf clubs.

**TOP THIS!**—To any reader submitting contrary proof, Tip Brady will send a signed, wallet-sized diploma. Write to: BEAT THIS, c/o this paper, Box 574, Sausalito, Calif. Enclose self-addressed, stamped envelope.

### JOCKEY SUSPENDED

Laurel, Md. — (UPI) — Willie Harmatz started serving a 20-day suspension today for his rough ride aboard Tudor Era in Tuesday's Washington, D.C. International. The action was announced Wednesday by the Laurel stewards, who charged Harmatz with "shutting off Sailor's Guide entering the stretch" in the International.

### 1958 Crop Output To Be 11 Per Cent Over Record Year

Washington — (UPI) — The record 1958 crop is reaching epic proportions.

The Agriculture Department's next-to-last crop report for the year, issued Wednesday, estimated the 1958 output to be 11 per cent above the volume of previous record crops of 1957, 1956 and 1948. The crop is 18 per cent larger than for the 1947-49 base period.

The 1958 crop was grown on the smallest acreage in 40 years. The bigness of the 1958 crop stemmed from the fact that good growing weather coupled with improved farming techniques, better insecticides, better herbicides and better fertilizers produced record-breaking yields per acre in practically all types of food, feed and fiber plants.

**The Gains**  
In Wednesday's semi-final report the department said slight to important gains over Oct. 1 estimates were shown for corn, soybeans, sorghum grain, dry beans, rice, peanuts, potatoes, sugar beets and grapes. Slight to moderate declines were registered for sweet potatoes, tobacco, apples, pears, and nut crops.

Corn was the standout commodity in the abbreviated report. The crop reporting board estimated the corn output at a record 3,785,544,000 bushels up 3 per cent from Oct. 1, 11 per cent above 1957, and 20 per cent above average.

The previous record corn crop was 3,605,000,000 bushels in 1948. The 1958 yield per acre was estimated at 51.7 bushels compared with the previous record of 46.8 bushels in 1957.

### Safety Council to Meet Friday Noon

The November meeting of the Medford Safety Council will be held Friday, Nov. 14, at the Rogue Valley Country club, according to Russ Jamison, secretary.

Berry Bigham, president of the citizen safety organization, urged all members to attend the no-host luncheon. The business meeting will start at 12:20 p.m., he added.

A report from Medford Police Capt. Clyde Fichtner, chairman of the nominating committee, will head the agenda. Other projects to be discussed include the annual awards banquet and the placement of safety reminder bulletin boards at each entrance of the city.

### Court Records

**MUNICIPAL COURT**  
Marian Nye Bossler, disobeyed traffic sign, \$5.

Alonzo John Alexander, violation basic rule, \$10.  
Daniel Lee Coghill, no Oregon operator's license, \$10.  
Allan Clifton Childres, violation basic rule, \$10.

### Deer Hunters Get Warning On Extension

Portland — (UPI) — Deer hunters were warned today by the game commission that the extended deer season on Nov. 15-16 in the Polk, Willamette, McKenzie, Asea, Siuslaw, Powers, Evans Creek, Applegate, Hood River, and Wasco units involve only portions of these units.

Boundary descriptions of each portion on which hunting will be permitted are found in the hunting synopsis.

Only hunters who still have a unit permit for one of the areas along with an unused deer tag are eligible to participate.

Portland — (UPI) — The weekly report on hunting and fishing conditions prepared by the State Game Commission.

**Southwest:** Elk hunting will be slower in western Douglas county; in Jackson county deer hunters are reminded that only persons having Powers, Applegate or Evans creek unit permits and unused deer tags are eligible to hunt on the limited area open Nov. 15-16 (consult synopsis for open area); Coos-Curry county elk hunting fair last weekend but hunting difficult.

**Steelhead** coming into Upper Coquille river; in lower Coquille expected to clear by weekend with good silver angling.

**Central:** Bird hunting has been good; birds feeding in burned stubble fields; upper

### Blue Mountain Road Construction Starts

Pendleton — (UPI) — Oregon state highway engineers and construction officials removed guardrail barriers Wednesday on a \$1,500,000 highway project in the Blue Mountains.

The 3.6 mile section running from Immigrant summit to Dead Man's pass is the second section of a new federally specified freeway which, when completed, will run from Portland to the Idaho state line.

The stretch is one of three projects over the Blue Mountains. The other two are under contract for construction between Dead Man's pass and La Grande.

The new road is a four lane, asphaltic concrete pavement designed for safety over the mountains' twisting curves.

The old stretch of Highway 30 will be opened from the east to be used as an access road.

**ORANGE USE**  
Lake Alfred, Fla. — (UPI) — A crew of scientists here is seeking to find uses for citrus by-products—peels, seeds, pulp—which would pay for hauling the big Florida crop to market. Already, citrus wastes are used in cattle feed and by segments of the chemical industry. But it is the goal of citrus scientists to find a profitable use for every part of an orange.

Klamath has good population; pintails increasing in the bag.

**VICTIM**—Nick Vosky, 41, of San Francisco, told police he was attacked by seven young hoodlums who beat him, scratched his chest with an ice-pick, doused him with gasoline and threatened to set him afire. Motive for the attack was not known, but police are checking into the story.

Brazil is reported to have placed orders recently for 14 cargo ships. Brazil will pay for the ships with cargoes of coffee.

### Bids Called for Government Office

Bids have been called for modern space for the Medford office of the Social Security administration, W. V. Nusbbaum, district manager, has announced.

The office, presently located at 33 North Riverside ave., hopes to obtain more suitable space in a more convenient location within the near future. Nusbbaum said. The present location is unsatisfactory for several reasons, he noted. Invitations to bid have been

**HOOP REACHING BOTTOM**  
Tokyo — (UPI) — The hula hoop craze is reaching bottom. Twenty hoops were loaded aboard the Japanese antarctic expedition ship Soya when she left today for South Pole regions.

circulated by the General Services administration, which supervises all government office space. Interested bidders may obtain copies, listing the specifications, from the Medford Social Security office, Nusbbaum added. Closing date for submittal of bids is Nov. 28.
