

# Sudan Government Falls in Pre-Dawn Coup

**ICE CAVERN AT SOUTH POLE**—Silhouetted against the glare of a hidden floodlight, three members of a U.S. Navy task force explore ice formations in an Antarctic cave filled with stalactite-like icicles. These men were part of a wintering-over unit which remained in the Antarctic throughout the long winter night in support of the International Geophysical Year program.

## \$1,000 Stolen From School Safe In Jacksonville

Jacksonville—Approximately \$1,000 in cash was reported stolen from a safe in the principal's office at the Jacksonville High school sometime between Sunday at 3 p.m. and 7:45 o'clock this morning, according to Jacksonville county sheriff's deputies.

The majority of the money, \$800, was reported to have been the proceeds from the school carnival held there Friday evening.

Sheriff's deputies, who are still investigating the theft, said that the building was entered through a basement window. A tool cabinet in the boiler room was pried open, it was reported, and the tools used to break open the safe.

A file cabinet in the principal's office was also pried open and papers were scattered throughout the room.

## Three More File Campaign Funds

Three more candidates in the Nov. 4 general election have filed their expense and receipt accounts with the elections department.

Deadline for candidates to file is Wednesday, Nov. 19, elections department officials reported today.

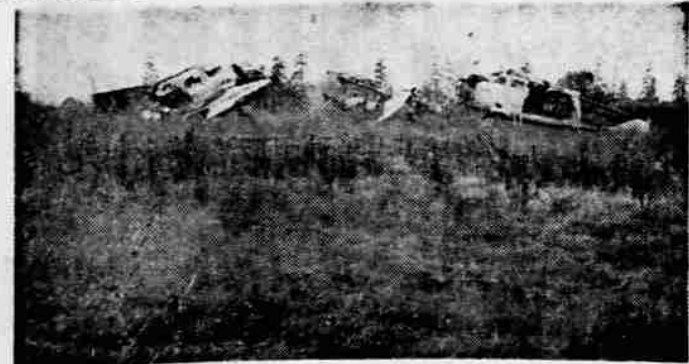

Candidates who have filed in the last several days are County Commissioner Chester Wendt, J. F. Christian, candidate for county commissioner, and E. Roy Bashaw, unopposed candidate for district judge.

A breakdown of the receipts filed by Wendt includes \$250 from the Republican committee and contributions from Raymond Reter, Tom Oliver, David Holmes, J. N. Winton, Bud Nutting, \$35 each; A. A. Lausmann, \$30; and Mary S. Grisman, \$25.

He received a total of \$357.13 and listed disbursements of \$82.13.

The statement filed by Bashaw shows no receipts or disbursements. Christian reported disbursements of \$268.85. He reported receipts of \$25 from three individuals.

## Make Medford Beautiful

**BOONDOCK GRAVEYARD**—This closeup shows a group of airplane carcasses west of the main North-South runway at Medford airport. They are visible to passengers in planes landing or taking off. They are hardly reassuring to the more nervous of these passengers—and certainly an eyesore to all. The Mail Tribune includes this scene in its "Make Medford Beautiful" inventory in the belief that the air approach to Medford is just as important as the ground approaches if the city is to be spruced up.

## Trail Riders Plan Participation in Pony Express Run

The Medford Trail Riders plan to participate in the Oregon Centennial Pony Express mail run, according to a letter from Harry Long, executive vice president of Centennial Pony Express, Inc., Baker, Ore.

The Ashland Sage Riders submitted an application for participation in the event in October. The mail run is scheduled for June 7 to 10 next year, Long said.

## Dog Control Man In Auto Mishap

James Christian Hagler, 25, Jackson county dog control officer, received bruises and abrasions and two dogs in his custody were killed outright Friday afternoon when Hagler's panel truck struck a vehicle driven by Patricia Ann Barnes, 16, of 2895 Hillcrest rd., according to Medford police records.

Miss Barnes was cited for failure to yield the right of way to another vehicle, the record showed. The collision reportedly occurred at the intersection of Howard and Berrydale avenues.

For Hagler this was the second collision in just over a fortnight. His truck was struck by an automobile in a four-car collision in front of the U.S. post office in downtown Medford Oct. 30.

## Forestry Men To Hear Porter

Keynote speaker at the 10th annual meeting of the National Forest Recreation association here Nov. 18 through 20 will be Congressman Charles O. Porter, Eugene. He will speak a congress views on national forest recreation at a dinner Tuesday at the Jackson hotel at 6:30 p.m.

Approximately 150 operators and representatives of lodges in national forests in 12 states are expected to attend.

Other speakers scheduled will represent the forest service, national park service, and school of forestry personnel.

Salem—(UPI)—Motorists were advised to carry chains at Government Camp, Willamette pass, Chemult, Austin and at East Diamond lake by the State Highway department today.

## Two Boys Perish As Fire Guts Home

Kelso, Wash.—(UPI)—Two boys burned to death early today when fire gutted their home here.

The victims were Delbert Lentz, 7, and his 11-month-old brother, David. They were the sons of Mr. and Mrs. Solomon Lentz.

The official canvass of votes cast in the Nov. 4 general election is expected to be completed Tuesday, elections department officials reported today.

## Pope Names 23 New Cardinals

**Sacred College List Includes Two Americans Strength Greatest In Church's History**

Vatican City—(UPI)—Pope John XXIII named 23 new cardinals today to raise the strength of the Sacred College of Cardinals to an unprecedented 75.

The Pontiff called a Vatican consistory for Dec. 15 when the new cardinals will be invested with their red hats.

He named two new American cardinals: Msgr. John O'Hara, archbishop of Philadelphia, and Msgr. Richard James Cushing, archbishop of Boston.

Archbishop Amleto Giovanni Cicognani, apostolic delegate to the United States whose residence is in Washington, D.C., also was named a cardinal.

The new cardinals were named shortly after the Pontiff named Msgr. Domenico Tardini as Vatican secretary of state. He had been acting in that position for some time. Tardini also was named cardinal.

Italian Elevated Msgr. Giovanni Montini, the archbishop of Milan, was among Italians elevated to the rank of cardinal. Montini had won fame for his work against the Communists in that industrial area of Italy.

The 23 new cardinals raised the strength of the Sacred College to its greatest strength in history. The new ones include 13 Italians, two Americans, two French and one each from Mexico, Uruguay, Britain, Spain, Austria, Germany.

Elevation of two Americans to become Princes of the Church brings to four the number of American cardinals. The other two are Francis Cardinal Spellman, Archbishop of New York, and James Francis Cardinal McIntyre, Archbishop of Los Angeles. (See Story on Page 5)

## Russian Fighter Attack Disclosed

Washington—(UPI)—The State Department disclosed today that Russian fighters attacked a U.S. Air Force plane over the Baltic Sea and also made a threatening pass at another plane over the Sea of Japan 10 days ago.

In a note delivered to Moscow last Thursday but not made public until today, the United States "strongly protested the dangerous, offensive and provocative actions of Soviet fighter aircraft."

This government also bluntly warned that if Russia continues such "dangerous tactics" that "commanders of American aircraft will be under instructions to take any defensive action which they consider necessary and appropriate."

Presumably this meant U.S. pilots would be ordered to shoot back.

## Chrysler Resumes Auto Production

Detroit—(UPI)—Chrysler Corp. employees resumed production today of 1959 cars left on the assembly lines when white collar workers went on strike last week.

The strike, first in the auto industry's history by white collar workers, ended Sunday night.

**DOW-JONES AVERAGES**  
New York—(UPI)—Dow Jones closing stock averages: 30 industrials 567.44, up 2.76; 20 rails 156.46, up 1.76; 15 utilities 87.33, up 0.45; 65 stocks 197.21, up 1.25. Sales today were about 4,540,000 compared with 4,990,000 Friday.

## Snow Expected To Fall in Northwest

By United Press International  
Parts of eastern Oregon shivered in near-zero temperatures this morning while the weather man said snow may fall on northwest Oregon before the current cold snap ends.

It got down to three above at Bend and four above at Baker early today as much of the state got frosty weather.

**Cold Snap To End**  
The weather bureau said western Oregon's cold snap was due to end tonight with higher temperatures predicted for the Portland area tonight than during the day today.

## Severe Storms Batter Western Half of Nation

By United Press International  
Severe storms lashed the western half of the nation today with blinding snow, tornado winds and heavy rains.

Blizzard warnings were hoisted from the Dakota wheatlands to the Oklahoma Panhandle. Snow piled 16 inches deep at Lemmon, S.D., and forced schools to close in Western Kansas.

Tornadoes and high winds swept Northern Texas and Oklahoma, and a tornado alert was sounded in Northwestern Oklahoma, southeastern Kansas and West Central Missouri.

**Rain In East Kansas**  
More than four inches of rain lashed eastern Kansas, threatening floods on rapidly rising rivers.

The gigantic storm system, which even weathermen called severe, stamped winter's brand from the Pacific to the Dakotas and south into Arizona's cactus country.

The Weather Bureau at Chicago said the storm was "continuing to intensify over the plains" and would not reach its peak before some time Tuesday.

A storm bringing 10 inches and more of snow to portions of North Dakota, bulged into Northwestern and Western Kansas. At Chicago forecasters said the storm "will make weather history for its large extent and unusually severe conditions for so early in the season."

## Neuberger Sees Classroom Defeat

Portland—(UPI)—Sen. Richard L. Neuberger (D-Ore.) said Sunday night America is losing the cold war of the classrooms to Russia.

Neuberger told the Knights of Columbus at their annual banquet that it was significant that only about 8,000 Americans were learning the Russian language while more than 10 million Russians were studying English.

"In 1956, Russia graduated about 70,000 engineers, the United States 30,000 and the Soviets' lead is increasing," he said.

## Slaughter Turns Up Long List of Items

Tillamook—(UPI)—A bull recently slaughtered by the Christensen Meat company here was the answer to a long series of lost items from the Warm Springs Reservation near Madras.

Meat cutters found in the bull's stomach: A gold watch band, half of an inertube, nine pennies, gold bridgework, two plastic bags, a 4-inch stock of bobby-pins, a fishing spinner, 5 clothes pins, a rubber cowboy doll, 6 can lids, 2 hypo needles, shell casings, 2 rubber heels from men's shoes, a key chain, 5 coffee can bands, part of a pop bottle, children's jacks, 16 nails and two earrings.

## Prodigal Father

## Mayor Reaffirms Off-Street Parking Amendment Support

Mayor John Snider has reaffirmed the city administration's endorsement of the proposed charter amendment act upon recently by the Medford city council.

The amendment provides for local enabling legislation to finance and operate off-street parking facilities, under the provisions of a 1957 state statute.

Mayor Snider stressed the need for such enabling legislation, to allow for an orderly solution to the city's parking problem. He praised the city council, the city planning commission and the special advisory committee on parking which preceded the framing of the amendment.

Snider pointed out that the bonds required would be retired by a levy only on a special metropolitan assessment district to be formed once the ballot measure is approved. This downtown levy would be offset by the revenue from the new off-street facility and a portion of the on-street parking revenue.

"This is only the first step in the direction of parking progress for the needs of our community," Snider stated, "and it will take the wholehearted support of every responsible citizen to make this progress possible."

He called for the formation of a citizens advisory committee to carry out a program of public education to the merits of the ballot measure. He urged every voter to become informed concerning the

## Russia Offers New 'Concession'

Geneva—(UPI)—The Soviet Union offered the West what it said was a new "concession" to save the Geneva nuclear conference from complete stalemate today. But the West said the offer was no concession at all and did nothing to ease the existing East-West deadlock.

At the same time, the Soviets refrained from their expected flat condemnation of the United States offer of a nuclear testing ban treaty.

Instead, in an unexpected tactical move, they handed the West a new, slightly revised draft working plan. Communist sources said this was designed to keep the deadlocked talks alive here.

Washington—(UPI)—The power of legislative committees to quiz reluctant witnesses is under Supreme court examination again this week.

## Veteran Leader Of Defense Force Seizes Power

**Policies Expected To Remain Pro-West**

Cairo—(UPI)—The Sudanese army commander was reported to have seized power today from pro Western Premier Abdullah Khalil in a pre-dawn coup. But diplomats here believed the move would not change Sudan's pro-Western policies.

Lt. Gen. Ibrahim Abboud ringed the capital of Khartoum with armored cars before dawn and announced his takeover over the state radio. He pledged closer relations with president Gamal Abdel Nasser's United Arab Republic, but he called for a free and independent Sudan.

**Everything Quiet**  
The British Foreign Office said in London it had received official confirmation of the coup from its office in Khartoum. It said everything was quiet and there was no information to indicate any loss of life or damage to foreign property.

The first assessment of diplomats in Cairo and London was that Abboud—if in personal control of the coup—would not alter Sudan's pro-Western policies.

Politicians in the upper Nile state of Sudan have been battling over the question of Egypt, and there has been heavy pressure before and after Sudan won its independence on Jan. 1, 1956, from Britain and Egypt.

**Veteran Leader**  
Abboud is a veteran leader of the old Sudan defense force which policed Sudan when it was still a colony and he is an old friend of the deposed premier, a former general himself. Abboud also holds a high British decoration for his services, the Order of the British Empire.

Abboud said in a series of communiques broadcast by Omdurman radio he would "improve relations" with the United Arab Republic, Sudan's northern neighbor. The two countries are now in a dispute over diversion of waters of the river Nile, the lifeline of both countries.

## Army Convoy Tests Red Blockade Plans

Berlin—(UPI)—A U.S. Army truck convoy passed through the Soviet Zone without Communist interference today on its way from West Berlin to West Germany in a test of Red blockade plans for this city.

An Army spokesman said the Russians made no move to inspect the two transport trucks and one jeep when they passed Red Army checkpoints at each end of the 110-mile superhighway that runs through East German territory.

The new convoy was sent out as a partial test of the Soviet blockade intentions. The Soviets halted last Friday's convoy because the trucks involved were covered and the Americans aboard refused to let Red Army men search them. Today's vehicles were open-sided trucks.

## Red China Peace Feelers 'Ignored'

Taipei, Formosa—(UPI)—Vice President Chen Cheng said today Communists China has sent peace feelers to Nationalist officials but that the Nationalists have ignored them.

Chen, who is also premier, made the statement to the official Central News Agency in confirming Manila and Hong Kong reports the Peiping government has tried to open peace talks.

"Neither the Chinese government nor any individuals in it have paid any attention to this kind of Communist trick," Chen said.

There have been rumors for several weeks the Communists had sent peace feelers to the Chiang Kai-Shek government but in the past such reports have brought only Nationalist denials.

Huntsville, Utah—(UPI)—The body of a third airman who froze to death after parachuting from a crippled four-engine plane over Utah mountains was recovered by the Air Force today.

## Stores Open Until 9 o'clock Tonight
