Testimony on Violation of Prison Inmates' Rights Ended

Salem—(UPI)—Three days of hearings into charges by seven Oregon State Penitentiary inmates that their constitutional rights were being violated ended here late Saturday.

No decision was expected from Federal Judge Gus Solomon, Portland, for a month or more while attorneys representing the inmates and the Attorney General's office filed briefs in the case.

The convicts' charge that their rights are being violated when they are refused access to a lawyer, the courts, or mail while confined to the isolation wing of the prison and that they should be permitted to do legal work in their cells rather than in the prison library.

Judge Solomon indicated he was not concerned with occasional delays in filing legal documents due to an insufficient typing staff but was genuinely interested in any prison regulations which might affect constitutional rights.

Johnson, Mexico President-Elect Discuss Relations

Acapulco, Mexico—(UPI)—Sen. Lyndon B. Johnson (D-Tex.), U.S. Senate majority leader, met for two hours Sunday with Mexican President-elect Adolfo Lopez Mateos to discuss future U.S. Mexican relations.

"We exchanged ideas on how we could undertake the solution of the problems of our peoples and strengthen the liberty and freedom we enjoy in this hemisphere," Johnson told newsmen later.

He said the common goal of both nations was increased economic, military and spiritual strength.

"Our goal is to do the greatest good for the greatest number. The answer to the problems of the Western Hemisphere we will find together," he said.

Johnson was invited to Acapulco by Lopez Mateos, who will begin his six-year term Dec. 1. Johnson described the new Mexican chief executive as a man of vision, boldness and determination.

He said that during Lopez Mateos' administration the United States and Mexico will "set before the world an example of trusting neighbors by making substantial advances toward the lowering of barriers which no longer need remain between us."

Goldwater Urges Nixon Nomination

Washington—(UPI)—Sen. Barry M. Goldwater (R-Ariz.) has urged the Republican party to take its stand "to the right of center" in 1960 and nominate vice president Richard M. Nixon for the presidency.

Goldwater, the only GOP conservative returned to the Senate in this month's elections, said the party cannot win two years hence unless it plays its traditional conservative role.

He said Nixon was his personal choice to head the 1960 ticket and as of now the vice president "would be considered the leading candidate."

Goldwater also took occasion to declare that Gov.-elect Nelson Rockefeller of New York must prove himself a non-radical before he can be considered for the GOP presidential nomination.

"I'm not going to buy, so to speak, a millionaire in a poke," Goldwater said. "I'm going to see what he does as governor first. If he is going to be completely to the left and take up the radical cry of the Democrats I don't believe I can buy it."

Street Salesman Tries Wrong Man—Portland—(UPI)—A man walked up to Wesley E. Hoke and tried to sell him a small chrome-plated desk calendar Sunday. Hoke was so astonished, he detained the man until police were summoned. They arrested the peddler.

The calendar was the same one stolen from Hoke's car earlier in the day.

Parryakarkus Dies Of Heart Attack—Beverly Hills, Calif.—(UPI)—Comic Harry Einstein, 56, Parryakarkus of radio fame, collapsed of a heart attack during a star-studded Friars banquet and died early today.

A dramatic effort by doctors at the banquet went on for an hour and a half before a thin partition at the Beverly Hilton hotel while Einstein's fellow performers went on with their banquet.

The veteran radio performer collapsed shortly after doing a highly successful monologue before a packed house of 1,150 of the entertainment world's biggest names.

The performer, whose Parryakarkus character was a radio favorite of millions of listeners, had been retired for several years.

Nixon, Rockefeller Have Understanding In Presidential Bid

Washington—(UPI)—Vice President Richard M. Nixon has come to what amounts to a "hands off each other" political understanding with his chief potential presidential rival, Nelson A. Rockefeller. The Republican govern-

ment of New York and Nixon conferred for almost an hour Saturday.

Rockefeller gave the only public account of their discussion, held as Nixon was finishing preparations for his four-day visit to London.

Past friends, they apparently talked frankly about their respective roles in rebuilding the GOP in the wake of the Nov. 4 Democratic election victories. Rockefeller, his party's most spectacular winner, cleared the political air a little with this report:

Both agreed to "work together" in strengthening the Republican party. Rockefeller said he could best do that by tending to his job in New York.

Both agreed the two major political parties could best function by having "able, available men" who are well known in the country developed as candidates. Rockefeller replied in the affirmative when a reporter asked if this meant "every man for himself and encourage all" for the presidency.

Rockefeller said he told

Nixon his own "sole concern is to do a good job" as governor of New York. The millionaire Republican said he has always worked with

Nixon in government and observed that "no one has been more helpful" to him than the vice president.

Political observers saw in the exchange a realistic appreciation by both Nixon and Rockefeller that neither will have much chance of winning the presidency in 1960 if their party is weak, and if each has not made a good showing in his own job during the next two years.

Some Republicans think a Nixon-Rockefeller ticket in 1960, retaining the political strength of each, would be the

ideal answer for a battered GOP. The Nixon-Rockefeller conference made it clear that, for the moment, the political doctrine will be "every man for himself."

Governors of Western States Meet in Hawaii

Honolulu—(UPI)—The governors of 12 Western states, Guam and Hawaii met today at the Royal Hawaiian Hotel for the first session of the annual Western Governors' Conference.

During the three-day session, the 14 chief executives will discuss a variety of problems, ranging from interstate use of institutions to provision for continuity of government in case of enemy attack.

The governors and their ladies were guests at a reception and buffet supper Sunday night, hosted by Gov. William F. Quinn of Hawaii.

Special tours and fashion shows have been planned for the ladies while the men debate more serious problems.

Quinn also arranged for a luau, or Hawaiian feast, for the entire group this evening.

Attending the conference are: Gov. Waino E. Hendrickson, Alaska; Gov. Ernest W. McFarland, Arizona; Gov. Goodwin J. Knight, California; Gov. Stephen L. R. McNichols, Colorado; Gov. Richard B. Lowe, Guam.

Holmes Attends—Gov. Robert E. Smylie, Idaho; Gov. J. Hugo Aronson, Montana; Gov. Charles H. Russell, Nevada; Gov. Edwin L. Mcchem, New Mexico; Gov. Robert D. Holmes, Oregon; Gov. George D. Clyde, Utah; Gov. Albert D. Rosemini, Washington; Gov. Milward L. Simpson, Wyoming.

Of the 11 elected governors in the group, only five will continue in office next year.

Light Plane Hunted By Search Parties

Portland—(UPI)—Search was under way today for a Beechcraft Bonanza airplane possible carrying two or more persons on a flight from Yakima to Portland. The Civil Aeronautics Administration said the plane was owned and piloted by Lowell Adamson, 42, Yakima. It was believed to be carrying a woman passenger and possibly her two children.

The plane left Yakima Saturday evening and an unconfirmed report said it may have landed at Richland, Wash., to drop off the children.

Adamson was to have visited his six-year-old son here, who was being cared for by his cousin, Mrs. Fay Von Bergan, since the death of Adamson's wife.

Search planes were scheduled to take off at dawn from Yakima and Richland today to survey the plane's route.

John Adams was born in Braintree, Mass., in 1735, the son of a farmer.
