

Locals

Tonsillectomy—Jimmy Dusenbury, 7-year-old son of Mr. and Mrs. William Dusenbury, 1906 Hazel st., Medford, underwent a tonsillectomy at Rogue Valley hospital today, the hospital reported.

Attends Dinner—C. A. Smith, Medford, was among 275 Shell Oil company employees who attended the company's annual service award dinner in Portland Nov. 21. Employees attending were from Oregon, southern Washington and western Idaho.

Flue Fires—A flue fire at the Dell Turnbow residence, 210 Cottage st., was extinguished by Medford city firemen about 10 a.m. today, according to a department report. Another flue fire was reported Thursday afternoon at the Edward Goodwin residence, and only minor damage resulted at the Turnbow residence, firemen said.

Permits—A Medford building permit was issued Monday to Buttress and McClellan for construction of a \$5,500 foundation on the site of the East Jackson st. shopping center. Other permits were issued recently to White Cycle to erect a \$3,000 hangar at Medford airport and Elliott Becken for \$2,000 in remodeling work to his residence, 1211 Queen Anne ave.

Radio—A Philco transistor radio valued at \$80 was taken last Saturday from Shoppers Guild, 2751 North Pacific highway, Medford police reported.

Harvey, Union Ask Postponement

Portland—(UPI)—A Federal Court hearing scheduled for today in connection with a four-month-old dispute between the International Longshoremen's and Warehousemen's Union and a subsidiary of the Harvey Aluminum company was postponed at request of both sides.

The union was to have shown cause why it should not be stopped from further picketing of ships unloading ore here for Harvey's aluminum plant at The Dalles. After attorneys for both sides appeared to ask for the postponement, Judge William East reset the hearing for Dec. 15.

SOVIET WRITER FLEES

Berlin—(UPI)—Soviet writer Alexander Tsheyshevskii has fled to West Berlin, the West Berlin newspaper "B.Z." reported Thursday. Tsheyshevskii, 55, fled to West Berlin last Friday from an authors' conference in East Berlin, it said.

The diesel-electric locomotive was tried out on ten different United States railroads in 1924 and 1925.

NO DAY IN COURT?—Frank and Maria Salvi, both 23, face separation by the U. S. Immigration Service, which claims that their marriage was simply a legal device to allow Salvi, an Italian seaman, to remain in this country. Mrs. Salvi, a San Francisco opera singer, charges that the Immigration Service is going to deport her husband without even a hearing. She is attempting to obtain a hearing at which their side of the story can be presented.

CROWN PRINCE TO WED—Prince Akihito, heir to the throne of Japan, is shown in a recent photo with his expected bride-to-be, 24-year-old Michiko Shoda. Miss Shoda is a commoner, and there was severe opposition from some members of the imperial family to her selection as Akihito's bride. She would be the first empress of non-royal blood in 26 hundred years.

Obituaries

JULIA A. MYERS

Funeral services for Mrs. Julia A. Myers, 97, who died Wednesday afternoon at the home of her son, Frank R. Myers, on Table Rock rd., will be held at Conger-Morris Funeral home Saturday at 10:30 a.m. Committal will be in Woodville cemetery at Rogue River.

Mrs. Myers was born in Beloit, Wis., Dec. 31, 1860. She later moved to Nebraska, where she was married in 1879 to Sidney J. Myers. In 1894 they moved to Rogue River, which was then called Woodville. Her husband and a daughter, Viola, preceded her in death in 1926. She lived alone in Rogue River until she was 92 years old, then moving to the home of her son on Table Rock rd. She had been a member of the West Main Church of Christ for many years.

Survivors include two sons, Frank R. Myers, Table Rock; and Arthur B. Myers, Butte Falls; three sisters, Mrs. Ellen Leggett and Mrs. Cora Leonard, Red Cloud, Neb.; and Mrs. Eva Craig, Colby, Kan. five grandchildren, Ivan Myers, Central Point; Elsie Brewood and Maxine von Stein, both of Medford; Betty Roode, Heppner, Ore.; and Robert C. Riedel, Portland; 13 great grand children and several nieces and nephews.

Pallbearers will include J. W. Bigham, Elbert M. Bigham, Leslie J. Bigham, Earl L. Bigham, Basil B. Bigham, and Everett Brown.

GEORGE H. HOFFMAN

George H. Hoffman, 58, died in a Walla Walla, Wash., veterans hospital on Nov. 18. The body will be forwarded to Perl Funeral home.

MARION RUTHERFORD

Grants Pass—Funeral services were held Monday afternoon in Grants Pass for Mrs. Marion Ruth Rutherford, who died Friday, Nov. 21, at her home, 1440 Portola dr., Grants Pass.

She was the wife of Marion Rutherford, manager of Railway Express at Grants Pass. They were former residents of Medford while Mr. Rutherford was employed by the Medford office of Railway Express.

Survivors include a daughter Susan at home; a daughter, Mrs. Carol Roby, Eugene; three grandchildren; and cousins, Mrs. Mabel Yorke and Mrs. Wilbur Culp, Medford, and George Walter, Ashland.

Mrs. Culp and Mrs. Walter

attended the services at the L. B. Hall funeral home. Interment was in Hawthorne Memorial gardens.

FRANK PETTEGREW

Frank Pettegrew, 85, Trail, died Thursday evening in a local hospital. Funeral services will be held at Perl Funeral home Tuesday at 1:30 p.m. with the Rev. William C. Piper of First Christian church officiating.

Interment will be in Riverside, Calif.

Mr. Pettegrew was born in Olathe, Kan., Oct. 25, 1873, and had resided in Oregon the past 10 years. He was a retired motorman for Pacific Electric Railroad company and a member of the Veterans of Foreign Wars and United Spanish War Veterans No. 234.

Survivors include one son, Ben F. Pettegrew, Morelia, Mexico; a brother, Fred Pettegrew, Medford; a sister, Mrs. Maud Woods, Newton, Kans.; four grandchildren and five great grandchildren.

Market Continues To Recover Losses

New York—(UPI)—The stock market continued its gain today on moderately active trading. At the highs the industrials along with their Wednesday rise had recovered 60 per cent of the losses of the Friday, Monday and Tuesday sessions. Rails showed a comeback of 8½ per cent and utilities 23 per cent.

Trading ran above Wednesday's total until late in the day when the market quieted. Business, news generally was favorable. Retail trade

rose on Christmas promotions. The Studebaker-Packard strike was settled. Armour recorded higher earnings for the year ended Nov. 1. Auto sales rose sharply in the second 10 days of November. Inland Steel says its steel production and employment will set new records for the week ending tomorrow.

New Experiment Station Now Open

Persons wanting information or assistance from the staff of the Southern Oregon Branch Experiment station should go to the new location on Hanley rd., north of Bybee corner, Harold White, experiment station superintendent, said today.

Station personnel have been in the new headquarters for approximately two weeks, he said. Several people have been going to the old offices, one on Highway 99, south of Medford, and the other west of Talent, White said.

Experiment station staff members and county extension agents plan to attend a meeting of the Oregon State agriculture staff at Oregon State college Monday, Tuesday, Wednesday and Thursday.

FLAGPOLE TURKEY

Indianapolis—(UPI)—Mauri Rose Mirby, 17, ate her turkey dinner Thursday in her enclosed perch atop a 71-foot flagpole. She's been up there 104 days in her attempt to beat the world's flagpole sitting record of 169 days.

Australia plans to excavate 118,000 tons of rock in the channel to the inner harbor at Port Kembla.

Term Commuted; Inmate Takes Life

Walpole, Mass.—(UPI)—Jack Chester, 23, a California airplane mechanic who had begged to be electrocuted for slaying his estranged fiancée, hanged himself in his cell today.

On Thanksgiving eve, Gov. Foster Furcolo of Massachusetts had recommended that Chester's death sentence be commuted because state psychiatrists had found him insane.

Chester was found hanging at 8:40 a.m. (est) from a bar in his cell at Walpole State prison. He was suspended by a sweater around his neck. Chester was sentenced Nov. 9, 1957, to die for shooting to death Miss Beatrice Fishman, 19, Brookline, when she refused his attentions.

Texas derives its name from an Indian word, "Tejas," meaning "Friends."

WEATHER NIPS SUSPECT

Washington—(UPI)—The weather did Thursday what the police had been unable to do since Tuesday, when slaying suspect James Mackey, 31, who had been hiding in the woods gave himself up with the explanation, "I was too cold."

LITTER LECTURE LITTER

Bognor Regis, England—(UPI)—Owners of a theater where 500 members of the Sussex County Women's Institute heard a lecturer on keeping Britain clean of litter reported today that it took several employees several hours to sweep up the litter the women left.

Hollywood—(UPI)—Jack L. Warner, 66, president of Warner Brothers Pictures, returned home Thursday from Europe where he had been convalescing from injuries received in an auto accident last Aug. 5.

CLIMATE CONTROL IN YOUR HOME MEANS MORE COMFORT--BETTER HEALTH
Modern families can control the weather... inside modern homes, at any rate! The many advantages of indoor climate control show why so many modern families are switching to electric heat. Electric heat means not only control of temperature, but of humidity, air pollution, and fresh air circulation as well.
Electric heat is flexible. Different types of electric heating equipment are manufactured for different rooms. Your electric heating system should be bought room-by-room for maximum flexibility and control. Each room can (and should) have its individual thermostat.
Most people realize that electric heat is the cleanest heat. It is a scientific fact that the bacteria count drops in most electrically heated homes. Drafts and cold corners are eliminated. Clean, fresh, dry air circulates properly. Messy flame by-products do not exist.
Finally, electric heating equipment, properly chosen and properly installed in well insulated homes, provides economical heat. The original equipment cost is lower than most other types. Maintenance, repair, and cleaning costs are eliminated. In 1957, the average cost to the 15,116 COPCO customers using electric heat was \$111.00... some paid more, some less, but this was the average cost for a full year!
If you would like to know more about modern electric heat—how it might fit into your home or the home you plan to build—call the Home Service Department at COPCO. A heating expert will call on you, at your convenience. Help with your heating problem will be free of charge. Chances are you will find that in your home, as in most modern homes,
ELECTRIC HEAT is the Best HEAT!
