

No Special Officers On Police Force

Chief of Police Charles Champlin has called the attention of Medford residents to the fact that there are no "special" officers in the city's police department.

He cautioned residents against private detectives or security officers who might represent themselves as being in the city's employ. Medford's police department has no connection with any such individuals or their agencies, Chief Champlin stated.

County Committee For ASC Will Be Named December 18

Chairmen of seven community Agriculture Stabilization and Conservation committees will meet Dec. 18 to elect the Jackson county ASC county committee, according to an ASC spokesman.

On Dec. 1 the following

community committeemen were elected:

Applegate community, Francis Krouse, chairman; George Brown, vice chairman; Lance Offenbacher, regular member; John Horner, first alternate; and Charles Elmore, second alternate.

Valley Students In Music Program

Portland - Four Medford area students will participate in the annual pre-Christmas concert to be presented by Lewis and Clark college music department Sunday, Dec. 14.

The program will be given twice during the day with an open house in the afternoon.

Performing with the symphonic band in its presentation of three selections will be Mary Pierce, Pierce Heights; Marjorie Edens, Jacksonville; Richard Arnold, 1011 Reddy ave., and Carol Hussong, 56 South Barneburg rd. Miss Pierce will also appear with the symphony orchestra and Arnold with the chapel choir and regular a cappella choir.

Ashland community, Jewel Lowe, chairman; W. J. Bagley, vice chairman; Joe Meyer, regular member; Roy Watson, first alternate; and Robert Flagg, second alternate.

Central Point community, Bert Caster, chairman; Edwin Gebhard, vice chairman; Ernie Lathrop, regular member; Carl Hoover, first alternate; and Charles Hockersmith, second alternate.

Rogue River Area
Rogue River community, Glen Chase, chairman; Charles E. White, vice chairman; Glen Birdseye, regular member; H. T. Frost, first alternate; and Walter Kasworm, second alternate.

Sams Valley community, Earl Peffley, chairman; John E. Morris, vice chairman; E. E. Robinson, regular member; J. W. Fitzgerald, first alternate; and Lawrence D. Hull, second alternate.

Rogue Flying Sold To Brian Douglass

Rogue Flying Service has been sold by David H. Holmes to Brian Douglass. The service is located at Medford airport.

Douglass said the sale included an office and lobby building, several hangars, a Cessna aircraft sales agency, a repair shop, air charter service, fuel and oil franchises, and both GI-approved and civilian flight training programs.

Douglass, who has been sales manager of the flying service, is aviation chief for the Jackson County Civil Defense organizations, and is area search and rescue chief for the Oregon state board of aeronautics.

A World War II bomber pilot, Douglass recently moved to Medford with his wife and two children. He has served as an airport manager and as assistant director of the California Aeronautics commission. He was sales manager of a major aircraft distribution company in southern California prior to moving to this area.

Ex-Gold Hill Man Dies in California

Floyd Lawson Sutton, 64, formerly of Gold Hill, died last Monday in Redwood City, Calif., according to a local relative.

Mrs. Iver D. Nelson, 408 Beatty st., a cousin, said funeral services for Mr. Sutton were Thursday at Hollister, Calif.

He was born in Gold Hill in 1894 and moved away 35 years ago, first to Nevada and then California.

He is survived locally by his mother, Mrs. Ellen Sutton, his brother, John Sutton, and sister, Maude Sutton, all of Gold Hill; and by another sister, Edna Sutton, Medford.

In California he leaves his wife, Madeleine, and three sons, Joseph, Clarence and Robert. A fourth son, Floyd, preceded Mr. Sutton in death.

ARTIST AND MODEL
Allegan, Mich. -UPI-After Edgar Miller, 58, was slugged with a flashlight while camping near here, he promptly sketched a picture of his assailant, who was soon arrested. Miller is a Chicago artist.

Meeting Scheduled Tuesday to Study Contract for Parks

A meeting will be held Tuesday at 1:30 p. m. to examine the contract from the bureau of reclamation on development and administration of recreation areas at Howard Prairie and Emigrant reservoirs, according to James Callan, project engineer for the Talent project.

The meeting will be held at the Talent irrigation district office in Talent and will include representatives of the bureau of reclamation and the Rogue River Valley, and Medford irrigation districts. The three irrigation districts draw water from the two reservoirs and have an interest in the Talent project, of which the two reservoirs are a part.

The meeting has been called to consider terms of the contract before it is submitted to the county court, administrator of the recreation areas, and the bureau of land management, administrator of the timber in the project. A meeting with the county court and BLM representatives probably will be held Wednesday or Thursday, Callan said.

Contract Provisions
The contract, as submitted by the bureau of reclamation, regional office, Boise, Idaho, provides that the county has jurisdiction and control as administrator. An exception to county control include rights of officers and various government agencies involved to travel through the designated areas on official duty.

Another exception allows the bureau of reclamation to retain a strip 200 feet wide around the reservoirs and above the highest water level. The contract also specifies that the BLM retains timber management jurisdiction in the reworked O and C lands.

The bureau of reclamation retains timber management jurisdiction over the remaining portion of timber, the contract states.

Basic recreation facilities shall be constructed within the areas by the bureau of reclamation and operated and maintained by the county "in a satisfactory manner," the contract specifies.

The county shall submit plans for any additional development to the national park service and the bureau of reclamation, according to the contract.

Maintain Facilities
Pursuant to the plans being approved by the national park service and the bureau of reclamation, the county is to construct and maintain such facilities as roads, trails, docks, marine facilities, power lines, picnic and camping grounds.

The county, according to the contract, is allowed to administer license and permits. It shall also enforce all rules and regulations pertaining to the recreation areas, the contract provides also.

The county is required to submit to the bureau of reclamation by March 1 of each odd-numbered year the terms of all license agreements and a report of revenues.

The terms of the license agreements run for 50 years and can be renewed by written consent of the bureau of reclamation.

Legal Aspects of Mining Discussed
Types of partnerships and corporations involved in mining were discussed by Medford Attorney Cliff D. Queller at the Northwestern Mining Council here last week.

He explained the legal aspects and some of the common pitfalls of mining enterprises.

The museum committee of which W. L. Coombs is chairman appealed for ore and rock samples to be used in the council's display at the Jacksonville museum. Coombs said that any samples loaned could be labeled with the donor's name and returned at any time.

The revised by-laws were presented and discussed by the council, and will be voted on at the next meeting.

TRUMPING THE HEAT
Wantagh, N. H. -UPI- The Milton J. Pritchards and the Robert J. Dimins like to play bridge, even on the hottest days. So they took two-year-old Elise Pritchard's eight-foot backyard swimming pool, filled it with water, placed a table in it, climbed in and dealt the cards.

Ferdinand de Lesseps had no engineering experience when he planned, promoted and built the Suez Canal.

FAIR WARNING
Pittsfield, Mass. -UPI- The 5,000-pound safe in a restaurant here was cracked recently to the tune of \$6,000. So now there's a sign over the

MAIL TRIBUNE, Medford, Oregon, Sunday, December 7, 1958 15A

safe announcing that it contains only \$35.60, enough for the restaurant to open for business the next day, and that it would take four men working 17 hours with diamond-cutting tools to get this "small change."

"Let's talk dry cleaning"

By KEN HARDY

So many of our friends and customers ask us questions about dry cleaning and clothes care that it there might occur to us be a great many others who had the same problems and questions but just didn't get around to asking them.

We wonder if there might be a way we could discuss some of these subjects, like an open forum, and this column is the answer.

We'll appear here each week with a variety of facts and comments about dry cleaning. We'll try to offer tips on how to conserve clothes and get more wear out of them, how to keep them looking better, how to select them for service.

We'll also suggest useful facts about such problems as stains and what to do about them - different fabrics, like the new synthetics, and what you should look for in buying and caring for them - cleaning problems with dyes, shrinkage, and so on. Maybe along the way we'll even find space to toss in a few personal comments.

We hope you'll become a regular "reader" and a regular customer. You'll find that our cleaning service is fast, thorough and dependable - for everything from the most delicate fabrics to the toughest workclothes. Bring them in and save - or call for prompt pickup and deliver.

Try and Stop Me

By BENNETT CERF

THE HEAD of a great hotel chain was whizzing around the hemisphere inspecting his properties, and paused in the stainless kitchen of his newest and nicest hostelry. Noticing a tear in the eye of a dishwasher, he slapped him jovially on the back and said, "Courage, my boy! I began as a dish-washer like you, and now look at me! That's America!"

The melancholy one sighed, "I'm looking! And I started as the boss, and am now washing dishes. That's America, too!"

Poet Ogden Nash had a chance to correct his obituary when a reporter showed him the biography kept on file for the day after O. N. kicked off. Nash approved it—with one small exception. A couple credited to him was written by a Los Angeles publicist. It goes like this:

"I do not love Louise Angeles; I came here all agog To find myself a lone DP, invisible in smog."

LIPPERT'S

Can Still Install Your Beautiful Karastan Carpet BEFORE CHRISTMAS!

Here are Four of many good reasons for choosing

TABLEAU

BY KARASTAN
AMERICA'S FINEST POWER-LOOMED RUG

A lot of broadlooms look alike, except for the price tag. Tableau by Karastan looks different and it is different. The extra-high pile, with more yarn to the square inch, gives it special depth and richness. The way it's loomed, with all the tufts woven through the back and firmly locked in place, means longer wear and satisfaction.

The lush, nubby texture permits seaming almost invisibly—there's no waste, every bit is usable. Check all these amazing features and you'll realize that here is a broadloom that should cost much more. Grain gold, gull gray, nutria, spruce green, citron green, parchment, lake blue, Dixie clay, aqua, cherry red, greige, honey beige, martini and opal.

\$16⁹⁵ SQ. YD.

Other Karastan Carpet priced from \$11.95 to \$29.95 sq. yd.

THE ONLY BROADLOOM WITH ALL THESE QUALITY FEATURES

- Tufts can't pull out
- Pile woven through back
- Extra high pile
- Seams almost invisible
